

### MANY LOST FORTUNE TRYING TO GET RICH

**Hundreds Caught Under Stock Market Landslide But Those Who Invested in Government Securities Are Safe.**

Whether or not many persons from this section were "caught" in the recent slump of the New York market probably will never be known, and there is no way of estimating the amount of money lost. But it is definitely known that many men and perhaps a number of women were badly "stung" and that their losses ran far into the millions of dollars.

It goes without saying, of course, that their losses came from the market collapse of certain securities or because they were unable to weather the storm when stocks, which they had bought on margin, suddenly depreciated. In other words, much of the loss was because men and women lured by the promise of great profits matched their wits with the old war horses of the speculation game, and as a result many little fortunes were utterly wiped out.

Many business men realized some time ago that certain market quotations in Wall Street were abnormal—of course all of them realized the risk of speculating on vague promises of profit—and warning after warning was issued to the men and women of moderate means not to endanger their money in any get-rich-quick scheme which might be offered.

Those persons who invested their savings in such standard securities as Liberty Bonds and Victory Notes, or Treasury Savings Certificates or War Savings Stamps intending to hold to maturity, were not caught in the land slide, for government securities are always redeemed at full face value upon maturity. They provide the best protection in the world and the men or woman whose investments are represented by such securities—and who holds these securities—is always absolutely safe regardless of anything that may happen in the speculative stock markets of the country.

Of course the immediate market value of Liberty Bonds and Victory Notes fluctuates, but holders of these securities may rest absolutely easy because the changes in the market prices of these government securities are far less than in other bonds and their intrinsic worth with the Government back of them demands that on maturity they will be paid for at just exactly one hundred cents on the dollar— "Better safe than sorry."

#### KING GETS THRIFT STAMP.

Somewhere in the personal effects of King Albert of Belgium reposes a thrift card with a United States Government Thrift Stamp attached. The king is that much ahead. There is a kid in San Francisco who is that much out.

As King Albert stepped into his automobile after the official reception in San Francisco, Richard Siprelle, eleven years old, leaped upon the running board to sell the king a Thrift Stamp. He thrust the card and stamp into the king's hand. The king looked at him and then said, smilingly: "Thank you." Then the king's car lurched forward and the king was gone.

### TAKING HIM DOWN A PEG

**Visitor's Comment on the Intelligence of His Host Verged on the Caustic.**

Two old men, one a bachelor and the other a widower of many years' standing, have lived on small adjoining farms in the southern part of Washington county for many years. Not long ago one of them inherited a small amount of money and he immediately put it to use by building a new shack on his land.

When the house was completed he asked his old friend and neighbor to come over to spend the night. After supper they sat by the fire and smoked and talked, and finally, when conversation began to lag, the visitor turned to his host and said:

"You say this home is all done and paid for?"

"Yes," was the short reply.

"And you planned it all yourself and hired the carpenters and everything?" the guest insisted.

"Why, yes, of course, I did. What's the matter with you?"

"Oh, nuthin' much," yawned the visitor. "Only if I was smart enough to buy a house and build it and then'd ast folks to come to see it, I'll be dum'd if I wouldn't know when it was time to say something about going to bed."—Indianapolis News.

#### Shark Salad Wins Favor.

Shark meat is delicate in flavor and texture, and sharks are plentiful in certain parts of Florida, but the fishermen do not catch them because they are not salable. The home demonstration agent of Monroe county, Florida, decided last winter on an effort to establish in favor of this fish now under the ban. At her request a fisherman caught one, but warned her that no one would eat it. Undismayed, she invited a large company of women to a home economics luncheon at which was served a fish salad. When all had tasted the salad she asked for a vote as to how many liked it and wanted the recipe. Without exception the women voted their hearty approval, and this proved to themselves that their prejudice was without foundation.

A woman in Los Angeles, Cal., sent a dollar bill to Mayor Snyder with the request that he get her as good a husband as he could find for the money.

# CHANDLER SIX

Greatest of All Sixes

## Spring'll Be Here fore You Know It

**DESPITE** conditions which greatly held back the production of automobiles throughout the early months of this year, nearly twenty thousand discriminating motor car buyers have been made happy and contented by the possession of their new Chandler cars.

Nothing could more clearly show the regard in which America holds the Chandler Six, than the patience with which thousands waited for weeks and months for their Chandlers. They waited because they knew what they were waiting for,—because they know it is worth waiting for.

Some are still waiting, but their cars are coming. December production is taking care of many orders, and January will see the great Chandler plant on a production basis unprecedented in the medium priced fine car field.

Chandler dealers will, we hope, be able to fill their orders more quickly next year, but when the first warm days of Spring come, and the country roads call, and everyone decides he wants his new car at once, there will be some waiting again.

If you want your new Chandler when you want it, place your order now. If you want to be sure of getting the car of your choice, the greatest of all Sixes beyond question, drop in and see your Chandler dealer now, regardless of what the weather may be. For "Spring'll be here fore you know it."

All Chandler bodies are mounted on the one standard Chandler chassis, which has made the name famous. Simple, sturdy and dependable throughout, its features embrace, as for years past, the really marvelous Chandler motor, solid cast aluminum motor base, annular ball bearings, silent chain drive for the auxiliary motor shafts, and Bosch magneto ignition.
