It was voted that inasmuch as the autoists passing through the Wateree Village ignore the speed limit sign and therefore have run over three pedestrians, killing one only a short time ago, a trap be set and some of these guilty parties arrested and let Justice take its course.

A motion was made and carried that street names be placed on attractive sign boards on the streets of the village.

A general discussion on the welfare of the village brought out many good points and in words of the prophet, Alderman Lewis Anderson, "A brighter day is dawning, that a government of the people, by the people, and for the people in the mill village will solve many problems heretofore unnoticed.

The Rev. W. E. Furerson who has for the past three years been pastor of the Oakland Baptist Church of Newberry, S. C. has accepted the pastorate of the Wateree Baptist church (the old Pine Creek Baptist Church.) Mr. Furerson's residence will be at 413 Kendall Ave., Wateree Mill Village. We look forward with pleasure to the coming of Mrs. Furerson, and two children on March 18th. At the first business conference under the new pastorate, Mr. T. J. Truesdale was elected Clerk and Treasurer. The old name the Pine Creek Baptist Church, under which this church has been known for so many years was changed to the Wateree Baptist Church and the same has been forwarded to the Baptist Courier for publication. Mr. Furerson requests that all residents of this village with non-resident memberships bring their letters and place same with this church.

At a baseball mass meeting Friday March 12th a very interesting discussion of the coming baseball season was heard. Mr. Nottles Lindsay was elected manager for the season. It was voted to charge adults 25 cents admission to all home games and 15c for children. A committee consisting of J. H. Knight, Gilliam DeBruhl, Rand Dority, Clyde Baker, John Arnett and Frank Jordan was elected to draw up suggestions for the improvement of the diamond. It was also voted that a locker room be added to the shower bath room in the mill for the use of the players. These lockers are now under construction. Green and white were chosen as the colors for the Wateree Mills. Any of the fans who want to get pennants to carry at the games may get the goods for making them from Mr. Llewellyn. The background of the pennant is dark green, the word Wateree will be in white letters.

We are glad that so many accepted our invitation to visit our mill this week. We do want you to see the boys and girls on the playground any Monday, Wednesday or Friday, taking their calisthenics exercises, basket and volley ball games, playing the national game of baseball, both girls and boys and for a real laugh to see some of the boxing matches between the youngsters.

On Thursday night Hon. M. L. Smith addressed a large audience at the Wateree Baptist church. His subject was "Our part in the Country's Progress." As usual Judge Smith brought to us some interesting facts and everyone came away feeling himself a factor in the country's progress. We are in hopes of having talks along this trend from time to time. No better man could have headed the list of speakers.

On Sunday, Rev. W. E. Furerson delivered two inspiring sermons to large and attentive congregations. In the morning Mr. Furerson preached "Purity" at the evening service on "Integrity." Both sermons sent us to our work's duties better men and women with renewed determination. Three new members were added to the church.

In honor of those who from the Wateree Mill made the supreme sacrifice during the world war, a tablet will be unveiled in front of the mill to their memory Sunday afternoon at 3 o'clock.

One hundred and five members have already joined the Mutual Sick Benefit Association of Wateree Mills. The members will meet this week to approve or disapprove the by laws. Also to add any suggestions.

Fly and mosquito time is coming fast. Empty cans will hold water and breed mosquitoes. Put all cans in the sanitary buckets provided for this purpose and keep them down mosquitoes. Swat the fly as a good rule.

"Well—"

"And when the item came out in the paper it read 'goldfish'."

The Newspapers Burden.

White paper is costing more every month and the outlook is for still higher prices. As a result a good many newspapers are certain to be forced out of business and drastic reforms will have to be practiced throughout the publishing world. The first of these reforms promises to be the discontinuance of the custom of giving quantities of free space to the exploitation of all sorts of causes. Only in the United States has this practice prevailed and it is one which has caused all visiting journalists to open their eyes in wonder. In England if a hospital or an organization wants to raise money it makes its appeals in the advertising rates. The mere fact that an organization is an eminently worthy one and that the funds it seeks are to be used for worthy and charitable purposes makes no difference. It is understood there that space costs a newspaper money just as much as goods cost a merchant money.—Charleston News and Courier.
