

**THE CAMDEN CHRONICLE**

H. D. Niles and E. N. McDowell Publishers

Published every Friday at 1109 No. Broad Street, and entered at the Camden postoffice as second class mail matter. Price per annum \$1.50.

Camden, S. C., April 9th, 1920.

The Chronicle is this week publishing two interesting communications under the heading "Letters From The People." We would like to make this a regular department of this paper. It is a good place in which to express ones views and oftentimes many things can be corrected or suggestions made for good by a free discussion in a sane manner through these columns. It is not necessary that the writers name appear in print but it is absolutely necessary that we have the name of the writer for our own protection. We invite the use of these columns.

As a sequel of the carrying out of a number of boys of the Rock Hill High School of the old-time fallacy that April 1 belongs to the scholars fifteen were suspended for the remainder of the term. This action upon the part of the boys followed a warning issued the day before by the school authorities.

The Western Union Telegraph company made a net profit last year of \$10,636,685, or \$10.06 a share on its \$90,780,720 capital stock outstanding. Most of the municipal employes of the city of Chicago are on strike for higher wages and the fire department and garbage handlers are threatening to go out.

**Old Ways of Advertising.**

The National Printer-Journalist says: All newspaper advertising men have noticed that some dealers who never put an advertisement in a newspaper will easily fall for a scheme to put their names on mirrors in barber shops or insert a card around hotel rules which are pasted on the doors of guest rooms or other such devices which never attract the slightest attention from the buying public. The reason they do this is because men selling such advertising are strangers and are smooth talkers. The newspaper man relies on the value of what he is selling, and appeals to the common sense of dealers. Experienced merchants all know where to place effective advertising.

**VIOLATING ROAD LAWS.**

Editor Camden Chronicle: It is a matter of common knowledge to those who travel the highways of Kershaw County, especially the road between Camden and Columbia, that there are daily cases of breaches of the road laws.

A few of these are occasioned by bad condition of the road and must be overlooked but any observant person can see that the majority are intentional on the part of certain negroes driving two horse wagons, whether loaded or empty.

The writer has seen a number of instances where such drivers have not only shown utter disregard of the rights of those driving cars, but have deliberately calculated in certain bad places so as to put the driver of an automobile to disadvantage and possibly damage to his car.

Please allow me to suggest to our Sheriff that his attention should be given to this matter in a vigorous way and at once. If he and a few deputies will use the roads driving automobiles for a few weeks, and make summary arrests of all breaches of the road laws, he will not only be doing his duty toward the law-abiding citizens both white and colored, but will no doubt save some of us personal trouble, for patience has an end somewhere.

Observer.

**IDEALS THAT CANNOT PERISH**

The friends and admirers of President Wilson have not been discouraged or chilled by the apparent triumph of his foes in their efforts to thwart and defeat him at every point.

The principles for which he has fought and suffered are true and lasting, therefore cannot die.

In the providence of God, this man was chosen to proclaim to mankind the old new doctrine of doing to others as you would they should do unto you. It is simply that, expanded in its widest sense to embrace the world.

But, as of yore, the world was not ready to receive it and quite as of yore, the preachers of righteousness must suffer at the hands of the Pharisees and Sadducees of that time, who enjoy the distinction not only of shouting "crucify him! crucify him!" but of actually driving the nails themselves! Thus ever, has mankind served its great ones who stepped out of the ranks to point the higher way.

But as Christianity did not perish with the death and apparent defeat of Christ neither will the principles so fearlessly advocated by Wilson perish with him. Long after he and they at whose hands he suffered martyrdom have passed away from this sphere the spirit of his ideals will dominate the world and while they persecutors, will only be remembered with just contempt, in the eyes of an enlightened humanity, Wilson will stand forth gloriously vindicated as the greatest man of this or any other times.

The Columbia Peanut Oil Mill Company has been capitalized at 50,000 and is being backed by a Columbia bank. There will be two buildings constructed immediately, a warehouse and a mill. From this beginning the company proposes to increase its plant until it will handle all the peanuts the farmers of the state will raise.

John Horn, a boy 12 years of age, was run over and killed by an automobile on Cherokee avenue in Gaffney at 5:45 o'clock Monday afternoon. Paul Leech was driving the car which was going at a moderate rate of speed. It is said, when the accident occurred, Mr. Huggins, a traveling man of Laurens, was in the car at the time.

Soldiers at Camp Jackson who shot and killed William S. Chaplin, former head of Draughon's Business College in Columbia, Monday night, January 19 will be tried by courtmartial at the cantonment according to decision of the secretary of war. Private Roy E. Sanders, Company C, 48th infantry, it is alleged fired the fatal shot. He is confined to the stockade along with Lieut. Talbert B. Fowler, Opl. Edward F. Maston and Private Roy Janusz of the same outfit.

Today you are living in the most dangerous hours of the history of the world. Come to the Majestic Monday and see why.

The Bank of Florence distributed checks to its original stockholders Saturday representing 100 per cent dividend on their stock holdings. This extraordinary dividend was decided upon at a recent meeting of the board of directors of the institution at which it was determined to increase the capital stock from \$50,000 to \$100,000. This is the second time the Bank of Florence has declared 100 per cent dividend, the first being in 1905. It has paid other dividends each year amounting to from 8 to 20 per cent. The Bank of Florence is the oldest bank in the county. The dividend which was announced has created great interest in business and banking circles. Mr. W. J. Brown is president of the bank.

**WHY HAVE "SPRING FEVER"**

Why Worry, Fret, and Get Nothing Done, Just Because Your Blood Is Sluggish?

Your Blood Needs Strengthening

People Nowadays Take That Wonderfully Effective Blood Tonic, Pepto-Mangan—Your Druggist Has It

Really, isn't it foolish to be handicapped for weeks in the Spring. Just because your blood is sluggish?

The glorious Spring days! You ought enjoy them, instead of feeling unhappy and half asleep—just too tired out for anything. You ought to be finding new vigor for your work in the Spring air—"pep", enthusiasm, happiness!

But you can't, because your blood is clogged with poisons. For long months it has had too little fresh air and has fought off many germs. And it now has heat-making properties that are not needed in warm weather.

Don't work under a handicap, when it isn't necessary at all. Clear up your sluggish blood. Give it help. Get some of that famous blood purifier and tonic, Pepto-Mangan.

Pepto-Mangan is used by physicians everywhere. You can buy it at any drug store in either liquid or tablet form, just as you prefer. There's no difference in medicinal value.

Make certain that you get the genuine Pepto-Mangan. Ask for "Gude's" "Pepto-Mangan," and see that the name "Gude's" is on the package.—adv.

**Columbia Now Offers A Year-Round**

**CASH MARKET FOR PEANUTS**

**Beat The Boll Weevil With Peanuts. They Saved Georgia and Alabama and Will Save You.**

A peanut oil mill is now being built for us in Columbia and will be completed by June 15th. You will have no trouble in marketing all the peanuts you can produce at the highest market price.

The boll weevil now covers a large portion of our State and an all-cotton crop is dangerous. Peanuts have proven the salvation of other boll weevil sections. A farmer who can make a bale of cotton to the acre, can produce from one ton to 2,500 pounds of peanuts on the same land.

You will have no trouble in having peanuts threshed; no trouble in marketing them at the highest cash price.

Order your seed peanuts now. It takes two bushels of white Spanish peanuts in the hull to plant one acre.

For further information about seed, or any other facts, write

**Columbia Peanut Oil Co.**
