### PENSION MONEY HERE.

**To Be Distributed To Veterans and Widows of Veterans.**

The money for the Kershaw County moderate pensioners and widows of veterans is now in the hands of the board of probate for distribution. The board of pensioners met Monday and made some changes in the list specifying some who were more needy and the changes will be made in the cases found below. The amount for pensioners of this county is \$8,584.

Judge of Probate McDowell requests to state that no money will be paid unless the applicant calls in person. This however, will not apply in cases of extreme old age or sickness.

There are one hundred and forty in all classes including men and women. Of class A, of the men's list there are 77 who will receive \$60.05 each. S. J. Benton, Lewis Gardner, N. Jones and Neal Ray, who belong to the Pension Board as needy, will receive \$96.25 each. In classes of the women's list there are 72 who will receive \$60.05, except Mrs. A. Barnes, Mrs. Ellen W. McNeill and Mrs. Henrietta M. Hill, who are classified by the Board as being not so needy as the others, and they will receive \$45.00 each. In class B of the soldiers there are 28 who will receive \$50.00 each. In class C there are 15 who will receive \$45.00 each.

We are publishing in another place this paper a list of the Veterans.

### THEY SOON GROW WEARY

**Many French Brides of American Soldiers Have Returned Home.**

Incompatibility of American and French customs has caused 12,000 of approximately 50,000 French war brides to return to France, according to Mrs. Reginald H. Johnson, president of the recently organized L'Espoir Franco-American Club here. The club was formed at the suggestion of Mlle. Odette de Bouillon, of Paris.

Mrs. Johnson herself a war bride, and wife of a professor of languages at the University of Pittsburgh, declared that members of the club are learning English of course but slowly, and "when one cannot talk, he thinks too much."

"We of France are individualists," she said. "We live within ourselves and our own people, and that makes it doubly hard for the French girls who have left their homes and families. Not that they do not love their husbands, to be sure, but they miss their people."

Incomplete returns from the national membership drive of the American Legion, received at Indianapolis, Indiana yesterday indicate a total of 89,000 members during the first two days.

The company in which they saw service and their addresses. Also a complete list of the Widows' list and their husbands names and addresses. The list is worthy of preservation as it contains valuable information which the board had no little trouble in obtaining.

### PRESIDENT CARRANZA KILLED

**Adds Another Death to Mexico's Stormy History**

Washington, May 22.—Venustiano Carranza has joined the long line of Latin-American dictators who have ended their stormy careers in flight and death.

A fugitive in the mountains of Puebla, the old man who kept the United States and Mexico in a broil for the last five years, was killed on Thursday by some of the troops which had protected him as a loyal body guard in his flight from the Mexican capital.

Whether he fell fighting, or a victim of the celebrated "ley fuga," which made dead men of Madero and Suarez (or actually was murdered in a coup d'etat, is obscured in such fragmentary information as has come out of the tropical fastness of Tlaxcatonga, where he died presumably surrounded by a few loyal friends.

Early dispatches today from Mexico City said the former president had been killed in an attack led by General Herrera, who had gone with Carranza in flight, but later deserted to the revolutionists. The announcement, made at the headquarters of General Obregon, head of the revolutionary movement, gave the impression that Carranza had died in battle.

But later advices received in El Paso charged that Carranza had been made a prisoner and assassinated in "a cowardly manner," and said some of his friends who were with him at the time had sent a protest to General Pablo Gonzalez.

The full story may not be immediately known and even then may be the subject of dispute. In any event it adds one more drop to the river of blood which has flowed over Mexico since Porfirio Diaz signed his abdication in tears and died a heartbroken man in Spain.

But it does bring to mind a prophecy said to have been made by a nun, which is now being talked about all over Mexico.

The nun prophesied, according to reports, that after Mexico had seen three Franciscos in public life, she would have for president an old man with a beard, who would meet a violent death, and that he would be succeeded by a president who mounted his horse from the "wrong side." The prophecy also added that thereafter Mexico would lose its independence.

There have been three Franciscos in Mexico's public life since the prophecy was made. They were Francisco I. Madero, the murdered president of 1913, and Francisco Villa, the bandit leader, Carranza was well known for his whiskers; Obregon, who led the revolt against him and is expected by many to succeed to the head of the government, lost an arm in the battle of Celaya, with Villa, and mounts his horse from the "wrong side."

Carranza's death and the manner of it, probably will have some important bearing on the action of the United States when the time comes to consider recognition of the government which succeeds him. When President Wilson was refusing to recognize Huerta, he based his action on the untimely deaths of Madero and Suarez and announced a broad general policy to the effect that no government would be recognized which did not rest on constitutional elections and which was based on force.
