

Local and Personal News

By Miss Louise Nettles

Important Notice
Members of the Hobkirk Hill Chapter, D. A. R., are requested to bring their contributions for cancellation of piano debt, to Miss Rosa McLean at the Loan and Savings Bank, 111 North Third Street, Camden, S. C., to deposit it to the credit of the chapter treasurer, Mrs. G. E. Taylor. Give each member a receipt for amount given. Please attend to this at once, as the debt must be paid within the next few days. Cordially,
Miss Minnie Clyburn, Regent.

Met With Miss Burnett.
The society of Winthrop Daughters, formed in Camden, where so many of the Alumnae of the University of South Carolina are living, Miss Ellie Zemp was the guest of honor at the meeting. President, Miss Margaret Burnett, and Miss Margaret Taylor were present. The first regular meeting was held on Thursday afternoon with Miss Burnett presiding. Quite a good business was transacted. Miss Burnett served most enjoyable refreshments.

Meeting of the Kirkwood Book Club.
The above named club met with the president, Mrs. J. S. Lindsay last evening. The attendance was unusually large. After the reading and discussion of books, the club served a salad course with food which is one of the most enjoyable of the city, and has for its object the promotion of the love for reading and other literary tastes and interests.

With Mrs. J. S. Lindsay.
The June meeting of the Hobkirk Chapter, D. A. R., was held at the home of Mrs. J. S. Lindsay, and in the hot afternoon was one of the most and most interesting meetings of the year. The regent, Mrs. Edna Tresscow, presided, and Miss Leona was in her place as secretary. Officers and committees made reports showing a splendid record done by the chapter. They were requested to make a small contribution toward paying off the debt. It was also decided to entertain in the near future a satisfactory arrangement was made, to raise an extra \$25.00 for the Mountain Cnool. The chapter was asked to have a Founder for the school, to report from this meeting \$100.00 to become a founder of this school, and can be taken as a memorial to a loved one, or in honor of the living. Miss Minnie Clyburn was asked to be a memorial to her late Stephen Craig Clyburn. A memorial of this kind is far more valuable to the world and to humanity than one of enduring bronze, marble, or everlasting granite. The Mountain School is doing a wonderful work for the future citizenship of South Carolina. And we hope to have leaders from Hobkirk Hill. It is a beautiful thought to perpetuate the memory and name of a loved one in shining in shady places; the light of education, to dispel the darkness of ignorance. The names of officers resulted in the following: Regent, Miss

CAMDEN GIRL WINS HONOR
Miss Elizabeth Carrison an Honor Graduate From Columbia University
Camden is always delighted to hear of laurels won by her sons and daughters who are "native to the soil" and a wide circle of friends will be interested in the following notice sent us by a friend who lives in New York city, and was present at Miss Carrison's graduation:
"The academic closing of our Colleges is perhaps no place more impressive or more brilliant than at Columbia University New York city and it seems entirely fitting to devote a little space to this event, when we realize that it was in Teachers' College of Columbia University that one of Camden's young women so recently distinguished herself.
"After three years study, Miss Elizabeth Carrison was a successful candidate for the degree of Bachelor of Science, along with two thousand six hundred others, upon whom various degrees were conferred.
"Among the honors which Miss Carrison had bestowed upon her, not only by her class mates, but also by the student body, was that of President of the graduating class and Head Marshal of Commencement exercises. As such, she was a prominent figure, heading the Baccalaureat and Commencement processions, and conducting Class Day exercises with a dignity and ease which stood her in good stead when called upon to deliver the farewell address. It is upon this occasion that the historic "mantle" or academic gown, is transferred from the outgoing to the incoming Senior President. Indeed it is so picturesque as to have been featured in picture sections of various New York newspapers.
"The graduating exercises, by nature a very splendid and inspiring affair, was this year particularly emphasized by the conferring of honorary degrees upon Pershing, Sims, Davidson, Hoover and Bishop Brent."

Nocturne to U. D. C.'s.
At the last regular meeting of the U. D. C. Chapter it was decided to again adopt the little French girl, and the committee appointed to canvass the membership for contributions for that purpose. The weather has been extremely hot, and members of the committee sick, and these conditions have interfered seriously with the canvass. It is already late and the check must be sent in at once, so the members are earnestly requested to hand their donations to either of the following ladies: Miss Ellie Zemp, Mrs. L. A. Wittkowsky, Mrs. N. C. Arnett, Mrs. S. A. Burrier, Mrs. Hughey Tindal or leave it at the Library with the librarian. We are organized to make the world brighter and better, then let us take care of the little French girl for one more year. None of us will be the poorer for so doing. Members were asked to give not less than fifty cents each. They are asked by the chairman, Miss Ellie Zemp, to give more if possible.
Cordially,
Miss Louise Nettles, President.

Meeting of Civic League.
A very full and interesting meeting of the Civic League was held at the Library Monday afternoon, with Mrs. Edwin Muller presiding and Miss Louise Nettles acting as secretary. Mrs. Eugene Blakeney as treasurer reported the finances in a very healthy condition and the members were pleased to know that the League is to realize \$100.54 from the sale of Chautauque tickets, and the League also acknowledges a check for \$40.00 from Mrs. Robertson for the rest room.

A visiting committee consisting of Mesdames Coleman, Rhame, DuBose, DePass, Davidson, Blakeney and Goodale was appointed by the president to visit new comers and get them interested in the League and other organizations of the city and also to form a Sunshine Circle of young girls to be under the auspices of the League and assist in visiting, carrying flowers to the sick at hospital, etc.
The League decided to get a tree expert, now in Camden, to give attention to some of our beautiful trees that are sadly in need of it, and to do this work gradually year by year, thereby saving the trees.
They also voted to request the city council to enforce the law in regard to nailing sign boards, etc., on trees.
Mrs. R. M. Kennedy, Jr., and Mrs. E. C. von Tresckow were requested to confer with Mr. Whitaker in regard to securing a successor to Oliver Gaskin, who had worked the Parks so well and so faithfully. Mrs. von Tresckow offered resolutions on the death of this worthy public servant, and they were adopted by a standing vote.
Miss Robbins made an interesting talk, and also extended an invitation to the commencement exercises of the Camden Hospital graduating class to be given at the Country Club on the evening of the 25th of June. A committee consisting of Mrs. Eugene Blakeney, Mrs. Leroy Davidson, and Mrs. Robert Team was appointed by the chair to decorate the Club House for that occasion. Mrs. von Tresckow and Miss Louise Nettles then presented the claims of the American Library Association, and told of the campaign now on with the slogan "Books For Everybody." They especially expressed the need of books for blind sailors and soldiers. It was decided to have a large rummage sale on Saturday, June 26th, for this purpose. And the Civic League, Library Association, Hobkirk Hill Chapter, D. A. R., and John D. Kennedy Chapter U. D. C., are to unite in giving it. Mrs. W. J. Dunn was appointed chairman. It is hoped that every one who can will contribute something to this sale, for Camden has been asked and is expected to give one hundred dollars to the fund.

Miss Mary Martin tendered her resignation as secretary and the League regretted very much to lose her. Mrs. James Wallace was elected to fill the vacancy. Mrs. Wallace was not present but the League earnestly hopes that she will accept.
The next monthly meeting will be held at six p. m. on the stand in front of the Library.

CALIFORNIA VINYARDS

Pay Better Under Prohibition than Formerly.
Notwithstanding prohibition the grape growing industry is booming in California. According to a statement published recently in San Francisco this year's crop will be worth \$12,000,000 even with the wine presses out of commission through operation of the eighteenth amendment.

New uses are being discovered for the wine grape, but this variety is being displaced by other vines which grow grapes better suited for raisins, syrups and other products. The California grape field acreage has increased considerably since the advent of prohibition.
Last year the wine grape yield was 300,000 tons from 170,000 acres, and this year, weather permitting the yield will be equally large. From \$50 to \$70 a ton is already being offered.

Should prohibition remain the crop would not be seriously threatened, for wine grapes may be converted into grape syrup, and may also be used for raisins, although unseeded the wine grape raisins are good for little but wine making and the seeding process is expensive.
Wine grape syrup is produced by subjecting the raw juice to a vacuum condensing process, which reduces the liquid to one-fourth of its original quantity and creates a sugar content averaging 68 per cent. This prevents fermentation and the syrup may be used for many purposes, one of the principal ones being the creation of a variety of soft drinks.

W. H. Johnson, president of the Old Grape Products Corporation, questioned recently as to the effect of prohibition on the grape industry in New York state, which is one of the greatest grape growing states in the country, said:
"Prohibition statutes have affected the grape growers here very little, owing to the fact that wine grapes have never been grown here to any

TO OUR READERS.
Additional society and local news will be found in other parts of this paper today. Large demands upon our advertising space makes it necessary that we vary the make-up this week.

County Agent Can Help

The County Agent wishes to know what you have for sale or what you wish to buy in the form of oats, wheat, vetch, rye and corn and any other farm products. He often has inquiries from both local parties and from those in other parts of the country for these different products. He cannot guarantee you a sale but he can help you in many instances if he knows what you have for sale or what you wish to buy.

With Camden Oil Mill
Mr. Alfred M. McLeod, who formerly conducted a grocery on Main Street, but who has lately been with the Camden postoffice department as a rural carrier, has gone with the Camden branch of the Southern Cotton Oil Company.
