A Request.
When I am dead, my dearest,
Sing no sad songs for me;
Plant thou no roses at my head,
Nor shady cypress tree;
Be the green grass above me
With showers and dew drops wet;
And if thou wilt remember,
And if thou wilt forget.

I shall not see the shadows,
I shall not feel the rain;
I shall not hear the nightingale
Sing on, as if in pain;
And dreaming through the twilight
That doth not rise not set,
Happily I may remember
And happily may I forget.

THE MEETING THURSDAY

Farmers and Business Men Unanimously Back Cotton Association.

On September 9th, the Chamber of Commerce of Camden, along with some of the progressive farmers of our County gave a delightful barbecue. We had with us on this occasion Mr. Wannamaker President of the American Cotton Association, and Mr. McLeod, Chairman of the finance Committee of the American Cotton association. These gentlemen made splendid addresses. It was decidedly the highest Cotton Association meeting we have ever had in this county. Mr. Wannamaker after stating what the American Cotton Association stood for, viz: holding cotton until the price reached a point when it was profitable to grow it; Warehousing to prevent country damage; grading by the Government (grader and the planting of one third small grain, one third cotton in 1921. After his address Mr. Wannamaker took a hand primary on whether that crowd would back the association and the above measures and with one accord all hands went up and made it unanimous.
Mr. Harmon made a splendid address and begged the people of Kershaw County to stand for the principles of the Association.
Mr. McLeod addressed us on the financial condition of the Association and made it very clear that we could not run the American Cotton Association on hot air, he said that we had a sustaining membership in each county in the cotton belt and that he wished to get fifteen members in Kershaw County, at \$250 each. After his address he called to take up this membership which they did in great shape going over the top in twenty minutes with seventeen members.
Immediately after the barbecue there was a meeting of the Executive Committees of the county branch of the Association, during the meeting there was a resolution offered and carried, thanking the Camden Chamber of Commerce for the bountiful hospitality.

It was decided to have a rummage sale on Saturday 25, and every member of the chapter is expected to make a contribution to this sale, and we expect to go further and ask the ladies of the town to contribute as the money made is to be spent in Camden, and for a purpose in which the entire town will be interested. Mrs. John T. Mackey is chairman and Mrs. Robert Team Vice chairman of the committee for this sale, and every member is expected to be interested, and do her part. The bazaar was only touched upon, and the ladies are urged to keep it in mind. It will be discussed at the October meeting, and be held sometime before Christmas.

Mrs. F. Leslie Zemp as chairman of the park committee reported that considerable work had been done on the parks, and the advisability of replacing the fountain spray on Kershaw Park had been looked into, and the committee agreed that it should be done. This report was received favorably and the committee asked to continue its work. The Park Committee was also requested to inquire into the cost of placing the seats in the parks at convenient distances on the streets as Camden is a place of such "Magnificent Distances," that we feel this should be one for the comfort of our people as well as for the strangers within our gates. This will not include Library Park as we do not wish seats placed there, but does include all other parks and some of the streets.
Mrs. N. R. Goodale gave a very full and interesting talk on her visit to Kershaw where she represented the claims of the American Library Association and asked that the ladies do something toward the \$300 dollars that Kershaw County is expected to give, as Camden has already given over \$100. She also told of the interesting County demonstrations she had attended at the Camden High School, and in Kershaw, and advised the ladies to take more interest in these occasions as they would obtain much valuable information. Society Brand Clothes

FOR YOUNG MEN AND MEN WHO STAY YOUNG

Marked Style Changes
Men's Clothes For Fall

New style changes for Fall as correctly interpreted by Society Brand Clothes will be heartily welcomed by men who pay particular heed to their appearance.

The long vent in the coat has gone. Vents in modish suits this Fall will be noticeably shorter.

Body contours have changed. The high waist line and the pinched-in effect have gone.

Coats hang with greater fullness from the shoulder. The result is a pleasing effect of unusual ease and smartness.

These are the style features that mark this season's models in Society Brand Clothes.
