

Save Money On Groceries

BY PAYING CASH AND CARRYING

YOUR PACKAGES

On December 15th our business will be changed to the cash and carry plan---you wait on on yourself and carry your packages. By discontinuing our delivery we will cut off our heaviest expense and we are going to give this saving to the public by selling our groceries at greatly reduced prices. Those who are willing to carry their packages and pay cash will save a large amount of money. You won't save but 5 or 10 cents on a 25 cent purchase, but if you will try this plan a week or a month and keep account of your savings, you will be astonished at what you really have saved. This is not a few days sale, but a permanent business by which you can save money. Below we give prices on a few articles that are used every day:

Sugar, per pound . . .	13c	Snowdrift, 2 lb. can . . .	44c
Flour, per sack . . .	\$1.50	Snowdrift, 4 lb. can . . .	84c
Meal, per peck	45c	Snowdrift, 8 lb. can . . .	\$1.64
Bread, per loaf	9c	Pure Lard, 10 lb. bk. . .	\$2.90
Rice, per quart	19c	Pure Lard, 5 lb. bk. . .	\$1.50

Everything Strictly Cash

After December 15th, nothing will be charged; no telephone orders taken and nothing delivered. Our store will probably be closed Monday and Tuesday to rearrange our shelves and stock. We will open again on Wednesday on a Cash and No Delivery plan.

THE CASH STORE
