STRONG SAFE CONSERVATIVE

Double-Barreled Service

WHEN you buy IHC machines, you also buy the Service that goes with them—the co-operation that exists between us and the International Harvester Company, and which we intend to continue with you. We expect to hold your confidence in the IHC line by furnishing the best implements, machines and farm operating equipment on the market.

We render to you a double-barreled Service in not only supplying you with first-class goods, but in seeing that these goods are kept in perfect running order long after the original sale is forgotten.

Our moral obligation does not stop with the original sale, but you can hardly expect us to assume any responsibility for the successful operation of IHC machines if you buy imitation repairs of inferior quality instead of buying genuine IHC Repairs.

We sell only genuine IHC Repairs made by the Harvester Company, and which are made of the same materials as used for the original machines. No imitation equals the genuine. Play safe!

LEE GETS PART OF KERSHAW

Transfer of Twenty-Four Square Miles Made Last Week.

County Auditor Pate spent a part of Tuesday in Camden with Mr. Russell, auditor of Kershaw county, on business connected with the transfer of a small area of Kershaw county which recently voted itself into Lee county. The transfer will be completed within the next few days and the territory involved will become a part of Lee county.

The people of this section are welcomed into Lee county and it is the opinion of those in position to know that both Lee and Kershaw counties will be benefitted by the transfer.

The following is the boundary of the territory involved as set forth in the law enacted at the last legislature making the transfer legal:

Commencing at that point on the McCollum public road from Bishopville to Camden, west of Marshall's church, where the present boundary between Lee and Kershaw counties enters said road; thence in a northern direction to the point where land of Joseph Rateliffe, D. L. Johnson and Richard Outlaw corner; thence in a northeasterly direction to Nells Crossing on Thick Head Swamp; thence in a northeasterly direction along the boundary line between land of M. H. Pate and Wesley McCaskill; thence in a northerly direction along said road to the point where the land of J. S. Tisdale corners with the land of the estate of Bullock and land of J. S. Tisdale, and between land of J. J. Self and Wiley Hartfields land to neighborhood road, known as the Riley Hall Road; thence with the said road in a northeasterly direction to the intersection of the Lee county and Kershaw county boundary lines; thence with the Lee county line back to the beginning point.

The territory above described contains by actual survey four and 24-100 square miles. It will be included in Turkey Creek township. —Bishopville Vindicator.

TALK OF NEW COUNTY.

McBee, Chesterfield County Would be Seat of New District.

A movement for a new county, with McBee, in Chesterfield county, as the county seat, is being launched, being a renewal of an effort made several years ago and all but successful.

Attorney Genarl Wolfe has received a request from Dr. W. E. Williams of McBee for information to the requirements necessary to get the new county established. Dr. Williams stating that the movement for the new county was being considered again.

McBee is the center of a large section of Chesterfield county, a considerable distance from Chesterfield, the county seat, which is in the northern part of the county. The county is long and large and the citizens around McBee want a new county out from their section of the territory.

The attorney general could not under the law give any official advice regarding the launching of the new county, but it is understood the citizens interested will get up the necessary petition to the governor for the appointment of a commission to arrange an election on the question.

Objects To "Buttermilk"

York April 6.—Alleging that they have persistently annoyed and aggravated him greatly by calling him "Buttermilk" and other names, Dr. Matthew White dentist, has sworn out warrants for the arrest of Tom James and Louis Roth, sons of prominent parents, charging them with disorderly conduct.

Dr. White, said to be worth \$100,000, has been in the habit for years of supplying customers with buttermilk, carrying the milk to them in tin buckets. Small boys have dubbed him "Buttermilk," hence the warrants.

BAPTISTS REPORT GAIN IN NUMBERS

IN LAST 14 YEARS THEY HAVE ADDED OVER MILLION MEMBERS IN SOUTH.

WILL MEET IN CHATTANOOGA

Many Matters Related to Future Work Will Come Up for Consideration at the Annual Convention May 12 to 18.

Dr. E. Y. MULLINS

President Southern Baptist Theological Seminary, Who is Touring South.

Following the close of the second year of the Baptist 75 Million Campaign April 30, several thousand messengers from the local churches are expected to assemble at Chattanooga, Tenn., for the seventy-sixth annual session of the Southern Baptist Convention. The Convention met in Chattanooga last in May, 1906, and during the interim there has been a marked growth in every department of the Convention's activities and in the numbers and work of the local churches as well. The total number of Baptists reported to the Convention in 1906 was 1,855,784, while last May, fourteen years later, when the body met in Washington, the total membership of the local churches as reported was 2,961,348, or a gain of 1,105,564. The returns for this year are not yet available, but inasmuch as it is known there were practically 175,000 additions to the local churches last year by baptism alone, there is every reason to believe the showing for 1921 will be even larger.

Growth Shown in All Lines.

At the same time there has been a marked increase in the membership of the churches, there has been a distinct advance in all departments of local and denominational work, it is set out. The total number of local churches has grown from 20,129 in 1906 to 25,303 in 1920; the total number of Sunday Schools from 11,332 to 17,686; and the number of Sunday School pupils from 857,244 to 1,835,936, an increase of more than 100 per cent. The value of local church property has mounted from 4,501,122 in 1906 to \$74,273,728 in 1920, an increase of more than 1600 per cent, while contributions to missions and benevolences in 1906 were \$1,501,396.67, as compared to \$7,331,266.55 in 1920, an advance of practically 500 per cent. Fourteen years ago the contributions to all purposes in a year were \$5,941,233.44, as against \$21,327,416.67 for 1920.

Next Meeting Important.

The approaching session of the Convention is regarded as vitally important to the future of the denomination's work. It is hoped that by the Convention two-fifths of all subscriptions to the 75 Million Campaign will have been paid in cash and that the program for the completion of the remainder of the campaign task can be formulated at this time. Dr. J. B. Gambrell, president of the Convention, and Dr. E. Y. Mullins, who recently completed a tour of Europe, where they carried fraternal greetings to the Baptists of that continent, will give their impressions of Baptist opportunity in that country, while Dr. George W. Truet and Dr. J. F. Love, who represented the Foreign Mission Board at the London Conference last summer when the mission fields of Europe were considered, will tell of the new territory of Spain, Jugo-Slavia, Hungary, Roumania and Southern Russia which Southern Baptists are asked to occupy. This territory is as large as the Southern States and has a population of 128,000,000.

All the boards of the Convention will report the largest year's accomplishments in their history, the Home Mission Board being scheduled to report the completion of its million dollar loan fund for church building, in addition to the aiding of a thousand churches during the year with gifts and loans for the erection of new houses of worship. The Sunday School Board will report more than \$1,000,000 in sale for the year and with collections as well as sales better than any previous time in its history.
