

**A Successful Meeting at Refuge.**

The protracted meeting which came to a close at Refuge Church Friday night was a success in more ways than one. The pastor, Rev. E. L. Owens, did the preaching without any outside assistance. The church and community were each genuinely revived. Many misunderstandings between church members and individuals were smoothed out and the old time prejudices and feudalistic spirit which has always been the curse of this community was to a large extent broken down. And Boone Town will be a better and more desirable community as a result. The members of the B. Y. P. U. rendered valuable assistance to the pastor by volunteering for personal work. They went out into the highways and hedges and worked like veterans and as a result fifteen united with the church, eleven of them by Baptism. Mr. Owens is the pioneer advocate of B. Y. P. U. work among rural churches in the Kershaw association and the union at Refuge is a model organization in efficiency. I don't think I ever witnessed a meeting that meant as much or accomplished more for the community in which it was held.

**Waterree Mill News.**

The Board of Aldermen met Tuesday evening at the mill office. This is the first meeting held since June 27th due to the fact that the mill is now running day and night.  
The Fair which the Aldermen have planned to hold this Fall was discussed at length and definite action will be taken at the next meeting.  
Now that the working force has been doubled and so many newcomers are among us the Aldermen are planning a "Get-together" meeting of all the Waterree people, both night and day employees, in order that we may get better acquainted and learn the principles and politics of Waterree Mills. We want everybody to know the true Waterree spirit.  
The B. Y. P. U. of the Baptist Church gave a farewell reception to Bruce and Frank Barnes at the Club House last week. These young people have shown great interest in the activities of the B. Y. P. U. and will be greatly missed throughout the year. Ice cream and cake were served and the appreciation and best wishes of all were extended to them. They are returning to school after the summer vacation.  
The B. Y. P. U. were guests of the Hermitage Mill church and rendered

a fine program last Sunday.  
In the deciding game of the series Waterree defeated the High School 10 to 5. These teams have played some very close games and the two former games resulted in tie scores each time. Saturday Waterree will play Kershaw at Waterree Field.  
All service men of Waterree Mills are urged to join the Leroy Belk Post of the American Legion and take an active part in the meetings.  
All interested in joining the classes in swimming to be formed by a representative of the World Life Saving Corps of the American Red Cross who will be here August 26th, 27th and 28th are requested to see Hollis Cobb, Service and Employment Manager at Waterree Mills. Following the classes there will be a "Swimming Week" during which swimming events will be held daily. These events will be held at the Waterree bathing place.

Dr. James A. Hayne, state health officer has returned to his office in Columbia from Washington where he attended the conference of health officials last week in regard to the statements sent out over the country recently picturing the South in the grip of famine and pellagra. "We exaggerated the South completely," Dr. Hayne said upon his return, "and proved to the public health service and others responsible for the statements of famine and destitution that no occasion had arisen for such statements to have been sent out."

**Fell in Boiling Vat.**

Thursday Edward Vincent, a negro, working at the Williams Veneering plant accidentally fell into a vat containing boiling water and was very seriously burned. The water in the vat is kept at a boiling pitch at all times and is used in the manufacture of veneered wood. It is not known exactly how the negro fell into the vat as precautions are taken to prevent accidents of this nature. The negro was taken to the Tomney Hospital immediately where everything possible has been done for his comfort and convenience. The negro's legs and lower part of his body were very badly burned and it is not known yet whether his injuries will prove fatal or not.—Sumter Item.

**Unpreparedness Causes Delay**

"Wait a minute, Central, I'll get the number."

You'd be surprised to know how often this remark greets the operators every day.

It means a serious delay which, when it occurs frequently, slows up the whole service.

To avoid such delays, the telephone user should always look in the telephone directory for the number wanted before taking the receiver from the hook.

By this sort of telephone preparedness you get quicker connections, the operator's work is lightened and good telephone service is greatly facilitated.
