

# Respect Your Old Age

You like freedom and independence now—it will mean even more to you when you are old.

Money is power. The elderly person with money is looked up to and respected. Without money, he or she is dependent upon public or private charity.

Live your life. You never can so long as you depend upon each day's work for your daily bread. Get ahead. Let others work for you.

Start and save. Get ahead. That's the first step. Then you are ready to take advantage of any opportunity.

Your dollars grow fast here, for we pay 4 per cent interest, compounded. Get your money to working for you. Get started!

CAMDEN, SOUTH CAROLINA

# Have You Got Money in the Bank?

People do get sick. There is plenty of work for the doctor always. Suppose you got sick and couldn't earn any money, but had to spend more. What would you do? You'd worry yourself more sick. You would fret for those you love.

But if you had a nice sum of money in the bank you could rest easy knowing that those dependent upon you were well cared for.

First National Bank

 Blanche G. Tarrant,  
 Co. Home Demonstration Agent.

**SHH Captured.**  
 Westville, S. C., Nov. 9.—Magistrate Clyburn captured a still on Graunies Quarter creek, located about one-half mile below the old Caithen mill last week. A gasoline oil tank was used in making the booze and down the same creek located on a branch about a mile away known as Betts Branch he found about one hundred and twenty gallons of mash which he destroyed. No still was found there. No arrests have been made. The officer is always on the alert for this class of evil doers and he wants the law abiding citizens to aid him in running them to cover.

Chester county farmers are busy digging potatoes. The past ten days or two weeks could easily be termed potato digging time.

## FEEBLE BLOOD WORKS HAVOC

GUDE'S PEPTO-MANGAN MAKES RED BLOOD; LIQUID AND TABLET FORM.

When blood becomes thin and weak it is due to a falling off in the number of red blood cells. It is easily recognized by pallid skin or a blemished complexion, loss of appetite or unnatural irritability and a sensation of weakness. It is not dangerous at first. In fact, many people scarcely notice it and go on for days, thinking they will be better the next day.

The great danger is in the possibility of becoming seriously ill from disease, which can work havoc in a body that lacks the endurance and resistance in rich, red blood.

Taken in time and steadily, a few bottles of Gude's Pepto-Mangan are a great help. It improves the quality of the blood by adding red blood cells. They check the weakness, improve the appetite, and clear the complexion.

You can get Gude's Pepto-Mangan in liquid and tablet form at your druggist's. Get the genuine with the name "Gude's Pepto-Mangan" on the package.—Advertisement.
