

To Clean Up Columbia

Columbia, May 23.—William A. Coleman, mayor of Columbia, in a letter to Chief of Police Strickland, has given strict instructions that there must be rigid suppression of all forms of vice in the city of Columbia, specifically the closing of immoral houses, arrest of lewd women, suppression of "bootlegging" and driving of all minors from pool rooms. In this letter, dated May 22, the police are informed that they are given a free hand. They are instructed to work in close harmony with the State and federal authorities in the suppression of the "blind tiger" traffic.

Charlie Atkins a fifteen year old negro boy was lynched near Davidsboro, Ga., yesterday following his confession that he had shot and killed Mrs. Williams Kitchens, 22, rural mail carrier, in order to get possession of her automobile. He was burned to death over a slow fire.

Columbia, May 17.—John S. Wilbanks, a gallant Confederate veteran and for two years a scout for General Robert E. Lee, died at the Confederate Infirmary Monday night after a short illness. He was in his 88th year. The body will be sent to Europe for interment. John S. Wilbanks was born in Laurens county, March 10, 1835, and was a son of John Wilbanks, a Virginian by birth, and Jane Layton Wilbanks of Spartanburg county. He entered the Confederate service May 28, 1861, with Co. K, Third regiment South Carolina Infantry, Bonham's brigade. He served four years and was wounded once. For about two years he was a scout for General Lee and was captured at Gettysburg, later making his escape; he was said to have been often within the enemy's lines.

To Meet at Kershaw

The Kershaw and Lancaster County Rural Letter Carriers Association will meet at Kershaw May 30th, at 10:30 o'clock. All carriers are earnestly requested to attend. We want to go to the state meeting at Gaffney, August 14th and 15th, with a full attendance if possible.

Mr. E. W. Comer, of Rock Hill, chairman of the state executive committee, will be with us at Kershaw and he asks all carriers to be there.

J. W. Thompson,
President.

HERE AND THERE

Short News Stories Gathered From All Sources.

Newberry, May 19.—A. H. Dickert, night watchman for the farmers Oil mill, was struck on the head this morning at 1 o'clock as he was returning from the back yard of the office. Mr. Dickert always leaves the lights off in the office, so that he can see anyone on the outside better, and as he went to push against the door someone hit him over the head with a stick four times in succession. The stick was about a 2 by 4, and was broken in four pieces. Mr. Dickert, though palefully bruised, was not seriously hurt, although he has a very ugly wound across his nose. He would have shot the man but he is blind in one eye and the other was too full of blood for him to see. He describes the man as being of medium size and build, and thinks he is a negro. Mr. Dickert is unable to account for the attack as he does not have any enemies, and if robbery was the motive the two safes were unopened.

Saluda, May 20.—H. Arthur Bryan, a highly respected farmer of the Mays Cross Roads section of the county, took his own life early today at his home by blowing off the top of his head with a shotgun. Worry over financial troubles must have been the cause of the deed as he talked a good deal of late to friends about his financial affairs. He had made his home here for several years up to about a month ago when he married Miss Sallie Mae Douglas, a young woman of Saluda, and then returned to his place in the western part of the county to live.

Greenville, May 20.—One of the biggest seizures of whisky made in this section in a long time came this afternoon when 98 gallons were taken by Sheriff Rector's forces and the forces of the state federal prohibition director, together with a high priced touring car.

Greenwood, May 20.—With his head split open with an axe, Pickens Satterwhite, negro, was found dead in the road near his home three miles from Chappells, in Saluda county last night. His wife was found by his side with her skull crushed. She is still living. One negro, Mit Lindsay, is under arrest charged with the deed, and another, Bob Sarrow, is being sought.

Mrs. Bessie Rogers Drake of Bennettsville, is being urged by many of her friends throughout the state to enter the race for the office of state superintendent of education. Mrs. Drake is a graduate of Winthrop college and for several years was a successful teacher. She is well known to those interested in educational work in this state and also to the club women of South Carolina. She has the matter under serious consideration and is expecting to make announcement in a few days. She is not only well fitted for the work by reason of education, training and experience but is a woman of marked executive ability.

Bamberg, May 20.—The first shipment of truck in any quantity from this place was made last Monday afternoon by the Bamberg County Truck Growers' association, when 150 crates of bonas six crates of cucumbers and 22 crates of squashes were shipped from here. Shipments have been made every day since. Next week large shipments will be made each day. The truck sold so far has brought a satisfactory price and the demand for different articles grown is good. The soil in this county is well suited for the growing of truck and it is expected that the planters will realize a good price for their shipments. It will only be a matter of a short time before shipments of cantaloupes will begin. This will be followed by watermelons in July.

Sumter, May 19.—One of the latest manufacturing industries to be established here is a plant for making boll weevil traps. The inventor is C. C. Cristal of Gable in this section of the state. The plant is operating in the old magneto factory here on South Harvin street.

Chester, May 19.—Martha Davis of Belfast, Ireland, and children, Oswald John, Albert and Francis Davis and Misses Isabel and Adeline Davis have arrived in Chester to make their home. Another daughter, Miss Edith and an aunt, Mrs. Matilda Scott, are detained in New York for a few days by the illness of the latter. The party were met in New York by Robert Frazer, a brother of Mrs. Davis. Three sons are already in Chester and the coming of the other members of the family makes the family circle complete.

Columbia, May 19.—To date a total of \$423,314.21 has been collected from the state income tax act, according to a compilation of payments received by the state treasurer and made public yesterday by treasury officials. This total is made up in 7,524 payments made by that number of individuals, corporations and firms.

Sumter, May 19.—William W. Dutton, 60 years old, took his own life at his residence on Bradford street at 5 o'clock this morning. The indications that it was premeditated suicide were so clear no inquest was held. It was stated that this was the third attempt Mr. Dutton has made to take his life. Once he tried to cut his throat, but was prevented by the arrival of neighbors. Another time he took poison, but immediately medical aid saved his life.

Columbia, May 19.—Andrew J. Bethea and C. L. Blease, both of Columbia, filed their pledges as candidates for governor in the Democratic primary this summer with officers of the state executive committee yesterday. Mr. Blease filed his pledge with H. N. Edmunds, secretary of the committee, and Mr. Bethea, filed his pledge with General Wylie Jones, treasurer. These two candidates were the first officially to enter the race. The entrance fee is \$200 for candidates for governor.

Anderson, May 19.—In a statement sent out by the Farmers and Merchants' bank, which is being liquidated, it is shown that it owes a little more than \$63,000 to other banks and has on deposit something over \$67,000. It has redeemed all the Liberty bonds which it had up for collateral, about \$18,000, except \$1,200, and this amount will soon be paid. The depositors have no guarantee that they will be paid at an early date, but the showing made gives them hope that in a short time the bank will be in a position to pay depositors.

Branchville, May 20.—Alex Cole was seriously shot from ambush, about 10 o'clock here tonight. Mr. Cole and his son were leaving Branchville. As they neared the river they heard a signal as if being warned by some one coming from the opposite direction of the bridge. As they slowed down a shot was fired, the lead taking effect in Mr. Cole's shoulder.
