"I have taken Cardui for run-down, worn-out condition, nervousness and sleeplessness, and I was weak, too," says Mrs. Silvie Estes, of Jennings, Okla. "Cardui did me just lots of good—so much that I gave it to my daughter. She complained of a soreness in her sides and back. She took three bottles of

and her condition was much better.

"We have lived here, near Jennings, for 26 years, and now we have our own home in town. I have had to work pretty hard, as this country wasn't built up, and it made it hard for us.

"I WISH I could tell weak women of Cardui—the medicine that helped give me the strength to go on and do my work."

**Greenwood, Oct. 2:** J. L. George, declared by county solicitor Marshall F. Sanders, to have been the dominating influence in the whiskey making business in the lower part of Greenwood county for the past two years, was sentenced today to serve twelve months on the county chain gang or in the state penitentiary by Judge Henry C. Tillman in county court, for violation of the prohibition law. Ed Day, another white man, said to have been George's partner in distilling and tried with him, was given nine months and the same sentence was imposed upon Lee Golden, an aged negro, who, it was alleged, was a helper around the liquor-making plant. In pronouncing sentence on George, Judge Tillman told the defendant: "I could let you off with a fine, but I am not going to do it. I could fine you \$5,000 but that wouldn't faze you. It would only encourage you to make more liquor and I am going to send you to the chain gang or the penitentiary for a year." Lloyd B. Harrison, attorney for Golden speaking for himself and Nicholls and Wyche, of Spartanburg, who represented George and Day, announced that the case would be appealed to the supreme court after Judge Tillman had overruled motion for a new trial. Judge Tillman stated that he will require a bond of \$2000 for each defendant. George, Day and Golden were convicted of operating a still in the Godsey section upon the evidence of Sheriff E. M. White, of Greenwood county, and Deputy Sheriff E. L. Taylor of Newberry county.

**CONVICTS FOUND DEAD.**

**Had Held Prison in State of Siege For 81 Hours.**

Paducah, Ky., Oct. 6.—The convict murderers who since Wednesday have held prison authorities at bay, killing three guards as they fired from the mess hall of the western Kentucky state penitentiary, were found dead today when the besiegers entered the bullet-torn stronghold after flooding the building with ammonia fumes.

After the deadly gases had been turned into the barricaded covert of the desperate trio and all signs of life were lacking, a storming party of seven men entered the building. All was quiet on the first floor and they moved cautiously on to the second. There they found the bodies of the mutineers who died with the blood of three prison guards, victims of the gunmen's automatic pistols when the break for liberty was initiated early Wednesday morning, on their hands. Monte Walters, fully dressed, apparently had been killed by bullets fired during the siege. Lawrence and Harry Ferland, his companions stripped to the waist, were dead from bullet wounds through the heart. Griffith and Ferland, it was believed died from their own hands to escape the ammonia fumes.

Authorities succeeded in entering the disputed barricade after a spectacular siege of 81 hours in the course of which prison guards, reinforced by two details of Kentucky national guardsmen, riddled the building with withering barrages of steel-jacketed bullets from rifles and machine guns; swept the interior of the building with the shrapnel formed by bursting rifle grenades and twice succeeded in placing tear gas in the building.

The siege worn on through successive days and nights without the authorities apparently having progressed materially in efforts to dislodge the desperadoes. Today, however, three hundred pounds of 100 proof ammonia was obtained from Paducah, and emergency pipe lines were laid to the besieged buildings by the attacking forces, working behind the protection of improvised metal shields. When this work was completed the ammonia, held under compression in heavy metal drums, was released.

For an hour the ammonia was allowed to creep into the mess hall, then control valves were closed, and another anxious hour passed passed while besiegers waited for the wind to sweep the fumes clear of the barricade.

The "mopping up" party of seven picked men then moved across the "no-man's land" about the mess hall, nerves taut and trigger fingers curved ready about pistols at full cock. Those waiting breathlessly on the "firing line," heard a shout from within the building, the word flashed out, "All dead."

The "siege of Eddyville" was ended.

Louisville, Oct. 7.—Mrs. Lillian Walters, widow of Monte Walters, reputed leader of a trio of convict murderers who killed three guards in the western Kentucky state penitentiary at Eddyville and themselves were slain during an 81 hour siege of the mess hall in which they were barricaded, confessed tonight that she aided in smuggling pistols and ammunition to the gunmen, police officers here said.

"What's the use? I helped," the police, who have been cross-examining Mrs. Walters since Friday, quoted her as having said.

Mrs. Walters' complete statement was withheld by the police, who said it would be forwarded to T. B. McGregor, state attorney general at Frankfort.

Two persons, both negroes, were implicated by Mrs. Walters, it was said. One of the negroes, the confession was said to have detailed, purchased the arms and ammunition in Cairo, Ill., and the second negro smuggled them into the prison. One of the negroes is under surveillance by Lyon county authorities, officials reported. The second had fled from the state, but a warrant is to be issued and requisition to be asked in event he is located.

David Lamar, known as the "Wolf of Wall street", and wanted in New York for running away after being sentenced in a crooked stock deal, has been located in Mexico and will be turned over to United States authorities, President Obregon having ordered his deportation as an "undesirable."

**What Glaring Headlights Did.**

Anderson, Oct. 5.—Glaring automobile headlights caused Henry Bowen of Donald, who was driving homeward from attending a football game at Honea Path to turn his car into a ditch, where it overturned.

Bowen's sister-in-law, a beautiful young girl named Gladys McClain, 15 years old, who was in the car with him, was thrown head first into the windshield, which broke and cut her throat so that she died almost instantly. Bowen suffered three broken ribs. Glenn Shaw, riding with them, was uninjured.

Mrs. Strutynsky declared to the police that the Rev. Mr. Stetsuk had accused her husband, himself a Greek Catholic priest at Ramey, of misappropriating church funds while he was minister to a Chicago congregation.

**Showman Killed by Fall.**

Newberry, Oct. 4.—William King, young white man about 27 years of age, and an employee of Christy Bros. shows, was instantly killed here today when he fell off a wagon he was driving as he entered the show grounds, breaking his neck. The rear wheel of the wagon passed over his shoulder. He is said to have joined the show Monday at Cheraw.

King's arm bore marks indicating he was a soldier in the World War. All efforts to locate his relatives or his home were in vain and he was buried in Rosemont cemetery here this afternoon.

**A COMMUNITY OF OWNERS NATION WIDE**

"Who owns the company?" "What is behind it?" These questions are asked in appraising the soundness of a business and in determining its aims.

The American Telephone and Telegraph Company is owned by more than 270,000 people living in every state in the Union. Could the stockholders of the Bell System be gathered to one place, they would equal the population of a city about the size of Providence or Denver.

They constitute a representative cross-section of American citizenship. Among them, of course, are bankers and men of large affairs;
