Don'ts For Auto Drivers.

Don't forget that the Traffic Cop is not a mind reader and can't tell which way you want to go unless you indicate in some way with your hands. If you wish to turn to the right put out the right hand. If to the left put out the left, and if straight ahead hold your hand straight in front of you.
Don't forget the city law calls for fifteen miles an hour and the State law says you must slow down to six miles an hour when crossing a road or where road forks. This means city streets—DeKalb and Broad streets.
Don't forget the city law calls for two lights in front and one red light on rear of all motor vehicles—said lights to be dim on the white way.
Don't forget to drive to the right and turn to left when turning at street corners.
Don't forget to park your car at an angle of 45 degrees on all streets. It helps you to remember to park right on Broad street.
Don't forget and leave your motor running when you are not in car to operate it. Some one might hit it and knock the clutch in, then you would be to blame for the results.
Don't forget to remember the other fellow can be counted on to always do the unexpected and wonder why you did not see he was going to do it.
Don't forget to run your car far enough away from cars parked on side of street so if a kid should run out from behind a car you were passing you would not hit him.
Don't forget that horns are put on autos as a signal to warn people and not as a means to call with, so don't run up in front of Jack's house and blow and blow your horn to get Jack up to go hunting. Jack's neighbors may want to sleep and don't care to go hunting.
Don't forget that 75 per cent of all auto accidents are caused by whiskey. No chemist has ever been able to mix gasoline and whiskey successfully.
Traffic Cop.
Lawrence Catchcart, seven years of age, of Greenville, was crushed beneath the wheels of an auto Christmas night by a car driven by R. H. Boyd, of Simpsonville. The coroner exonerated the driver of all blame.

WANT TO JOIN KERSHAW.

Citizens of Rafting Creek Petition Governor For Change. (Friday's Sumter Item.)
The desire of more than one-third of the qualified voters, as set forth in the petition of Rafting Creek school district No. 25 (Pisgah) to annex that section of Sumter county to Kershaw county, if a majority of the voters so decide, in an election to be ordered by Governor McLeod, is set forth in a petition filed with Governor McLeod a few days ago. The citizens of the balance of Sumter County will, of course, regret to lose any of the territory of the county or any of the citizens who have been identified with Sumter county all their lives, but if they are convinced that it will be to their advantage to leave Sumter county and affiliate with Kershaw, it is their right to take this action and no one will attempt to interfere. It is not known here what is the actuating motive in the proposed severance of the relations with this county, especially in view of the fact that annexation to Kershaw will not relieve the property owners of the Pisgah section of any taxation that has been assumed by Sumter county, as at present constituted, by the issuance of \$2,000,000 bonds for the construction of the paved highway system. The property owners of Pisgah will have to pay their pro rata share of the taxes levied to pay the two million dollars of bonds, principal and interest, although they may vote that section into Kershaw county.
The Petition to the Governor.
We, the undersigned, constituting more than one-third of the qualified electors residing in that section of Sumter county, consisting of Rafting Creek School District No. 25 of said Sumter county, do hereby respectfully petition your Excellency to proceed at your earliest convenience to appoint commissioners and to take such other steps as are provided by law for the annexation of the aforesaid section of Sumter county, consisting of Rafting Creek School District No. 25, to the adjacent county of Kershaw.
According to our best information the said area of Sumter county proposed to be annexed to Kershaw county contains between nine and ten square miles and is represented by a plat of the same of record in Sumter county, as petitioners are informed, and that the proposed alteration of the division line between Kershaw and Sumter counties will leave both counties as to area population, property values and otherwise, in full compliance with constitutional require-

ments.

We therefore request that your Excellency appoint as the two commissioners residing within the territory of Sumter county proposed to be annexed, B. C. DuPre, and T. M. Rogers. Respectfully submitted,
T. M. Rogers, J. T. Dennis, B. C. DuPre, Leon Stuckey, J. T. Watson, G. W. Elmore, M. O. Hawkins, Miss M. A. Hawkins, Miss Essie Hawkins, J. O. Hawkins, S. W. Hawkins, A. L. Baker, R. C. Richburg, S. W. James, E. A. Bradley, T. W. Hawkins, R. C. Ross, J. L. Shiver, J. W. Kenney J. E. Gillis.

ONLY FOUR PAGES.
The Chronicle comes to its readers this week in four page form. This is made necessary by the fact that most of the force took advantage of the holiday season to enjoy a much needed rest. The paper will get back to its usual size with the first issue in January.

Ernest Quinn, 13 year old lad, was killed when he shot himself through the heart at Whitmire. He was shooting birds with a rifle when the accident occurred. Homer Walker, another white man, at the same place and a few hours later, shot and dangerously wounded himself with a shotgun while crossing a pasture fence.

Hawkins Meadow, aged 15, of Chester, was accidentally killed while playing with a shot gun Christmas day.

H. Barksdale Snow, prominent Reidville citizen, died suddenly Monday night while on a fox hunt with a party of friends. He was 78 years old and is survived by a large family. This is the second death recorded among fox hunters in this section of the state since the season opened. Excitement is ascribed as the cause of death in each case.

Eli Aldrich Goes To Reward.
Eli Aldrich, a well known colored man, died at his home near DeKalb, S. C., Friday night, December 7th. Funeral services were held Sunday at Parker's Baptist church, where he was laid to rest.
He leaves a wife and many friends to mourn his death.
His death brought sincere sorrow to all who knew him, for he was a good citizen and a true friend. He was highly respected by both white and colored.
Some encouraging remarks were made by Mr. Workman and Mr. Edwards, who are among the best white men in the community, stating that others should strive to emulate such an one.
"Sleep on, Uncle, and take thy rest, We loved thee, but Jesus loves thee best."
G. C. Kirkland, J. W. Aldrich.

Teethina Kept Baby From a Sick Spell

"I know that Teethina saved my baby from a bad spell of sickness," writes Mrs. Della Clyde Fleetwood, of Clayton, Fla.
"He was fretful and giving me trouble night and day. I didn't know what to do for him till I read about Teethina in the papers. I began giving it to him and he soon showed signs of improvement. He is now a jolly little fellow and is as fat as a pig."
If the baby's stomach is out of order he cannot assimilate his food and stops growing. Teethina corrected her baby's stomach trouble so he could digest and assimilate his food, and that is the secret of her little one's quick recovery.
Teethina is sold by all druggists, or send 30c to the Moffett Laboratories, Columbus, Ga., for a package and a free booklet about babies.

R. E. Linder, one of the largest land owners in Cherokee county, whose home was on the Chesnee-Gaffney highway, about nine miles from Gaffney, committed suicide at his home Monday night, according to the verdict rendered by the coroner's jury following the inquest held at the Linder residence Tuesday under the direction of Coroner E. R. Parker of Cherokee county.
