

## Gained Ten Pounds

Mrs. George S. Hunter, of Columbia, Ga., says she suffered severely with female troubles.

"I had to go to bed and stay sometimes two weeks at a time," says Mrs. Hunter. "I could not work. My periods were irregular and I got very thin. I went from 120 pounds down to less than 100. My mother had been a user of

and she knew what a good medicine it was for this trouble, so she told me to get some and take it. I went to the store after it and before I had taken the first bottle up I began to improve. My side hurt less and I began to mend in health. I took four bottles in all during the last ten months. Cardui acted as a fine tonic. . . I am well now. I have gained ten pounds and am still gaining. ### SERVED PAPER 52 YEARS

Aged Abbeville Negro Once Read Constitution Upside Down.

Abbeville, April 15.—Andrew Bradley, colored, connected with the Abbeville Medium for 52 years, and a familiar figure on the streets here for two generations, died at his home just off the square a little after six o'clock Saturday afternoon. Andrew began his newspaper career turning an old-fashioned handpress in the Medium office in 1870, when the paper was edited by Robert R. Hemphill. He continued to stand by through stress and storm for forty years and served faithfully and well. He will be missed.

Andrew won distinction some years ago when the law was passed requiring all registered voters to be able to read and explain a section of the Constitution of the United States. His experience in a newspaper office taught him the art of reading type upside down, so when he presented himself to the board of registration he was given a section of the constitution to read and explain, and Andrew told the board he knew all about the constitution, that he could read it upside down, which he did. His ability to do this surprised the board, so he was not asked to explain the section.

Andrew was laid to rest from his labors Sunday afternoon at three o'clock in Lakeview cemetery. He is survived by a widow, Lizzie Bradley, and one son, Sam.

### Freight Cars Wrecked.

On last Saturday afternoon, shortly before the arrival of the 1:30 southbound passenger train, the southbound freight train left here for Camden and when it reached a point near the trestle over Hanging Rock Creek five of the freight cars were thrown from the track and badly damaged. The passenger train was detained here until the arrival of the northbound passenger at 4:10, when a transfer of passengers, baggage, express and mail was made and the two trains doubled back on their runs. It took the wrecking crew all night after their arrival to clear the track in order that the trains might make their regular schedules the next day.

### VICTORY CLUB MEMBERS

Thirty States Have Joined in For Democratic Success This Year.

Two years ago Judge Cordell Hull, Chairman of the Democratic National Committee, had a wonderful vision of what must be done to bring Democratic victory in 1924. He knew we could carry the nation in November if we made the right kind of fight, but to win on election day an effective organization would be necessary. To wait until after the national ticket had been named would be too late. He had learned from bitter experience that it is next to impossible for the Democrats to elect a president in a two months' campaign. To perfect such an organization required not only hard work, but money and the wolf was at the door of the Democratic National Committee. All that the chairman had was the "will" which said to him "keep on."

One day, when things looked darkest a letter came from an old friend up in the mountains of Tennessee which read as follows:

"Dear Cordell:—All of us down here are mighty proud to know you are chairman of the National Committee, and we feel that we will elect a Democrat for President in 1924. I want you to take the enclosed \$5 and use every cent of it if necessary. There are a lot more down here who will give \$5 too if you need it."

Chairman Hull wired his old mountain friend: "Organize your neighbors into a Democratic Victory Club."

In two weeks' time he received \$95 from nineteen other Democrats who contributed \$5 each. That is how the "National Democratic Victory Club" idea originated.

Today there are Victory Clubs in thirty states. Each member pays \$5 dues. The money is being used for a comprehensive campaign of education and organization throughout the country.

It is the intention of the national headquarters to keep in touch with the Victory Club members, supplying them individually with up-to-date political facts and literature. Chairman Hull has other plans, not yet thoroughly worked out, by which he expects to co-operate with and use the organization. He believes that a Democrat can do his party no greater service than to join a Victory Club and make it possible for us to say truthfully that the party of the people is sustained by the people and not by privileged interests.

Miss Minnie Clyburn is president of the Victory Club in Camden and she invites all good Democrats who want to have a part in and invest as much as \$5 in national Democratic victory to communicate with her. A partial membership list is given below. Later on the full roster of the organization will be given:

L. O. Funderburk, W. R. DeLoache, John S. Lindsay, T. L. Little, W. B. deLoach, James H. Burns, G. A. Moseley, W. R. Zemp, Leon H. Schlosburg, Leo Schenk, John T. Nettles, C. C. Whitaker, A. J. Beattie, A. S. Karesh, F. M. Wooten, Mayor H. G. Carrison, Jr., David Wolfe, Laurens T. Mills, Williams Insurance Agency, B. G. Sanders.

**Pension Money Ready by May 1**  
Columbia, April 15.—South Carolina pensions for Confederate veterans will be ready for distribution May 1, according to H. F. Jackson, pension clerk in the office of the comptroller general. The money may possibly be distributed to the counties before May 1, stated Mr. Jackson.

Not all the counties have sent in their pension lists, Mr. Jackson said, and until they do so the pension lists cannot be completed. The pension office is at work on the lists now.

The state is paying out this year \$750,000 in pensions as against \$600,000 last year. The twenty-five per cent increase was authorized by the 1924 legislature, and the rolls are about the same as last year, each pensioner will receive approximately 25 per cent more money than he received last year. Some names have been added to the lists and at the same time some are off the lists.

An act was passed this year allowing pensions to negroes who served the Confederacy as body servants or camp cooks. Pensions for those who served as laborers were eliminated.

While May 1 has been set as the date for the pension distribution, says Mr. Jackson, delays on the part of county officials in furnishing lists may delay to some extent the distribution of the fund.

Philip Lieberman, internationally known counterfeiter, has been sentenced from a Federal court in Brooklyn, N. Y., to serve fourteen years and nine months in the Federal prison in Atlanta.

**Hermitage Club to Meet.**  
The Hermitage Democratic Club will meet Saturday April 26th, at 6 p.m., for the purpose of reorganizing and selecting officers and naming delegates to the county convention.  
W. A. Anderson, President.

### ANOTHER ACCOUNT OF WRECK

Lee County Paper Speaks in High Terms of Unfortunate Men.

Four Bishopville boys came near losing their lives early on Sunday morning when the Cadillac sedan in which they were riding collided with a Seaboard freight train on the outskirts of Camden.

Hodges Moore, Jack Reaves, Julian McLendon and Willard Hearon were on their way to Rock Hill to spend Sunday. The car belonging to his father, was driven by Willard Hearon at the time of the accident.

A number of people from here went to Camden early Sunday morning as the news of the accident spread and from information obtainable at the time and later developments it seems that the boys left Bishopville shortly after midnight, enroute to Rock Hill. They say that they were going at a very moderate speed, at no time exceeding 30 miles an hour, and Mr. Hearon states that he does not believe the car was going over 10 miles an hour when it struck the third box car of the train, which likewise was going slow. This statement is borne out by the fact that the front bumper of the car is still intact, all four wheels were standing; and not even a glass on the left side of the car was broken, although the top was torn off.

Hodges Moore was thrown under the train, and his right arm was so badly mangled by the train, that amputation was necessary as soon as he reached a local hospital. Jack Reaves was badly hurt about the back, shoulders and arm. Both of the other boys were bruised and scratched, Julian McLendon getting off the lightest of the four, although both Mr. McLendon and Mr. Hearon were able to return to Bishopville after the accident.

Where the track crosses the highway at the point of the accident is only a short distance from a very deep curve, and the young men state that they did not see any light from the engine until after the train had made the curve, and even then did not think it was a train on account of the very dim light. They say that the windows of the car were open on one side and are positive that if the whistle had blown or the bell had been ringing they would have heard it.

Mr. Hearon says that just as soon as he was conscious of the fact that a train was nearing the crossing he applied the brakes with all his power, and attempted to cut the car to the left side of the road hoping to run into a small post which would help to stop, but everything happened so quickly he was unable to prevent the accident.

The next morning R. C. Hearon went to Camden to see what could be done with the car, and without difficulty cranked up the engine and could have driven it to town, but for the fact that the radiator had been torn off and the engine heated up.

The latest reports from the hospital in Camden where Jack Reaves and Hodges Moore are patients, are to the effect that both are doing well under the circumstances, and it is hoped that no complications will set in. Julian McLendon and Willard Hearon are both in Bishopville and are recovering from their bruises and the shock.

These young men, all well known in Bishopville, are steady young fellows who attend to their own affairs, and their friends regret their misfortune. Young Moore, who lost his right arm about half way between the wrist and the elbow, for sometime has been employed in the store of C. E. McLendon, and the misfortune which has befallen him has brought expressions of sympathy and regret from the lips of nearly every one in Bishopville. He is an industrious young man, polite, courteous and agreeable at all times. Mr. McLendon, his employer, speaks of him in highest terms, and what is now a life's handicap for him is distressing to his friends.—Bishopville Messenger

### Who Blames the Cow?

The Bamberg Herald says: Coymirts Myers, young white man of Blackville, is at an Augusta hospital in a serious condition as the result of injuries received late Saturday afternoon when he was hurt in a most peculiar manner. He was rushed to Augusta for medical aid. According to information received here, the man was attempting to drive a cow into a pasture, using a pitchfork to prod the animal. A kick from the cow turned the handle end of the fork on Myers, it striking him in the abdomen and causing serious injuries.

The marriage of Hon. John F. A. Cecil, secretary to the British embassy at Washington, to Miss Cornelia Vanderbilt, will take place at Biltmore, near Asheville, N. C., on April 29.

### MARKET DAY ONCE A WEEK

Other Notes of Interest Furnished by Home Demonstration Agent.

The Community Market will be open only once a week through the summer months, each Saturday at nine o'clock at the Kershaw Motor Company. This company has been unusually good to the county women and Home Demonstration Agent, they really make our work a real joy. The town woman also finds a great deal of pleasure by paying the market a visit. The Camden women support the market and they deserve a good community market for their loyalty and patronage all the year through. Our general sales have been large this year and the sales at the market have been excellent.

The organized clubs in Kershaw county are doing far better work than ever before. A more interest, more enthusiasm, larger enrollments, fine attendance, in all twenty-four groups. These clubs are met once a month by the Home Demonstration Agent and planned work given. This year Miss Boyd has secured splendid co-operation from all the school authorities and has had regular periods in the school programs. All the girls club work has been done during the school hours and of course with this fine spirit of co-operation the clubs ought to be better. The women are just as progressive, they are making year books, giving demonstrations, planning programs, and becoming real leaders.

Mrs. Hugh McCullum, who has had special training at Winthrop College in poultry work has kindly consented to take charge of two poultry clubs in the county. She is a fine local leader and gives good demonstrations in poultry work. A demonstration was given by her at a Home Demonstration Club meeting not very long ago and one of our state workers was present at the meeting and she said it was one of the best she had ever seen given in the state by a local leader. A large amount of poultry work is being done in Kershaw County this year and of course this means better poultry for our county. The culling campaign will be held in September this year as it was last year.

Jennie V. Boyd,  
Home Demonstration Agent.

### Boy Burned to Death.

Marion, April 23.—The four-year-old son of Mr. and Mrs. K. D. Brooks, of this city, was burned to death when the Brooks home was destroyed by fire early today.

Mrs. Brooks, her mother and six children, were sleeping in the same room when Mrs. Brooks was awakened by the flames. She aided her mother and five children in escaping, but in the excitement, overlooked the little boy.

In Philadelphia Wednesday a judge sentenced Warren Moyan, negro, to prison for ten to twenty years for killing his wife, and for life after the expiration of the first sentence for the killing of one Harry C. Propert.

Oscar Sullivan, chief of police of Hot Springs, Ark., was shot to death Sunday night by Hubert Coates, an itinerant gambler. Coates surrendered to the police.

### MEETING OF DEMOCRATIC CLUBS

Under the Statutory Regulations and the Rules of the Party, a meeting of the different Democratic Clubs will be held at their respective meeting places on Saturday, April 26th, 1924, for the purpose of reorganizing.

Each club will elect a President, one or more Vice-Presidents, Secretary and Treasurer, Executive Committee, an enrollment committee, consisting of not less than three members, and delegates to the County Democratic Convention. Each club is entitled to one delegate to the convention for each twenty-five members or majority fraction thereof, based upon the votes cast in the first primary of 1922.

Each club is urged to organize at that time and thereby save needless trouble and expense.
