More Stolen Cars Located.

Sheriff Heise said yesterday that 10 stolen automobiles have been traced since J. H. Dillon and D. E. Erwin "opened up" and offered to assist in locating missing machines. Two were brought from Augusta late Monday night and one was identified yesterday by a Columbian who lost his car several months ago. The second machine was stolen at Jacksonville according to records. Sheriff Heise, Chief Strickland and A. M. Scarborough, superintendent of the penitentiary, have been cooperating in the effort to locate stolen machines ever since Dillon and Erwin started to serve sentences in the prison.

Erwin was the first man to give necessary information and Dillon joined in the chorus. City and county officers motored from one place to another accompanied by Dillon and Erwin and yesterday it was said 40 stolen cars had been accounted for. The majority were recovered in and around Augusta. J. T. Carter, agent of automobile insurance agencies, has worked with the local officers and he succeeded in learning numbers on engines though efforts had been made to file away the figures. Many cars have been returned to owners and others have been taken over by insurance companies.—Wednesday's State.

Baby Cried and Fretted All Day

That Teethina, the wonderful laxative and stomach corrective, is the safest medicine for keeping babies and children healthy is conclusively proved by the hundreds of letters constantly being received from happy and grateful mothers who have given it to their little ones.

Among others praising it is Mrs. A. A. Burr, Route 2, Clayton, Ala., who writes: "I began giving Teethina to my baby at 8 months and kept it up all through teething time."

"He might be crying and fretting all day, and at bed time I'd give him a dose of Teethina and he would sleep fine and wake up in the morning with a smile."

A group of thirteen hooded and masked men marched into the Spring Street Methodist church, Charleston, Sunday night and, proceeding to the altar, presented in the name of the Ku Klux Klan, \$100 to the Rev. J. H. Danner, pastor. The money was in an envelope and in the letter accompanying it was stated that the gift was to help swell the parsonage fund of the church as a slight token of appreciation for "the great work you have done in Charleston in the name of the lowly Nazarene—a Klansmen's criterion of character." The letter was signed by Seventy-six klans, No. 1, realm of South Carolina. The klansmen remained in the church until the recessional hymn was sung.

A Ford car occupied by two young men, both of whom were from Rock Hill it was said, one named Rollins and the name of the other unknown, turned a somersault at a curve on the Charlotte highway near the home of John H. Steele, north of the city, Saturday afternoon about 2:30 o'clock, one of the occupants sustaining a cut on the left side of the head and the other, Rollins, being badly shaken up and bruised, says the Lancaster News. Sheriff Hunter, Officers Bell and Montgomery went out to the scene and brought the two men to the city where the one injured was given medical attention, following which both were taken to the city's bastle to sleep off a quantity of intoxicants in which they had imbibed to the extent of an almost helpless condition. The machine in which they were riding turned over and again righted itself when the accident occurred, it is said. The car was badly damaged. Upon the deposit of a \$15 bond each of the young men were released.

Columbia, June 27.—Harry Eugene Boozer, 15 year old son of J. L. Boozer of Newberry, died at the Baptist hospital yesterday noon as the result of a broken neck which he sustained Wednesday night while diving at Moore's pond, eight miles from Columbia.

About 10:30 o'clock the young man started to dive off the pavilion steps thinking the water was deep enough to warrant the leap. It is a shallow place and in making the dive he struck his head on the bottom of the pond, breaking his neck.

For the first time in motor car annals, Hupmobile has shown the way to get at facts that count.

Facts that will tell you quickly and clearly why one car is better than another—why fair externals may conceal inherent weaknesses—why many things are of less importance than processes of manufacture—why a couple of hundred dollars more is not extravagance but a necessary expenditure.

Sideache Backache

"I have been taking Cardui," says Mrs. Lillie Bolton, of Lake Providence, La. "I got down in bad health and lost in weight until I only weighed 120 pounds. I had bad pains in my sides and back and my legs hurt me until I couldn't walk. I stayed in bed half the time. I tried all kinds of medicine, but it did me no good. Finally I tried

CARDUI

The Woman's Tonic

"It seems like it did me good from the very first. After I had taken half a bottle I noticed an improvement. I continued its use and I got better and better. The pains in my legs and sides disappeared and I began to gain in weight until now I weigh 155 pounds and feel better than I ever did in my life. I am perfectly well and strong. I have given it to my girls, too."

Cardui has relieved many kinds of pains and distressing symptoms caused by female trouble. It should help you, too, in the same way. Why not give it a fair trial?

Night riders punished a Gaffney man and woman found in an automobile parked in a side road running through some woods about two and one half miles from Gaffney, near the home of Ed Phillips, last Thursday night, it became known here Saturday, says the Gaffney Ledger. A report of the affair was made by the man to the Gaffney police department, and Chief of Police R. E. Bryant and Officer P. P. Putnam went to the scene immediately, recovering a gold watch and a package of cigarettes that had been lost by the Gaffney man in the melee. According to reports to the police department, five masked men took part, making a desperate effort to flog the Gaffney man with a heavy leather strap, similar to a buggy trace. The Gaffney man said he put up a valiant fight, receiving only a few blows from the strap after knocking one or two of his assailants down. The strap was also applied to the woman while she was seated in the car, the man reported to the officers. The woman received two or three heavy licks, it was said. Police department officers declined to make public the name of the victim of the attack. The night riders, according to their victim, all wore black masks, apparently stockings pulled down over their heads with eye and nose holes cut in them. Three wore white robes similar to sheets, while the other two appeared to be clothed in black rain coats, or something similar. One was an exceptionally large man, weighing probably 250 pounds and exceptionally well developed, their victim told local officers. Whether the night riders are members of any regular organization, or whether they were men acting upon their own initiative, were matters of speculation yesterday. The occurrence Thursday night is about the fourth or fifth happening in Cherokee county within the past year or eighteen months, according to local citizens.

Birds Starved To Death.

York, June 26.—More than a score of English sparrows, that came to their death by starvation, were found today in one of the jury rooms, situated on the third floor of the York county court house. The birds had evidently entered the court room, the windows of which are often raised, and then flown up the stairway leading to the jury room, which is used only when court is in session. In this position they slowly starved to death.
