BANK TO BUY CATTLE

Will Stimulate Interest in Livestock Industry.

Greenville, Oct. 23.—Agricultural authorities are said to have expressed the hope that a statewide movement may result from an offer to purchase cattle for the farmers of this section, just announced by a local bank. In a letter issued last week the Woodside National bank of Greenville expressed its readiness to aid the livestock industry in both a practical and substantial way, as follows:

"Instead of depending on the cotton crop alone, a farmer should diversify his farming interests and raise more livestock, as well as growing more corn, hay and other products, thereby making himself independent of the ever fluctuating price of cotton.

"We believe that the farmers of our county can be made more wealthy by raising good blooded dairy cattle and with this end in view the Woodside National bank of Greenville, S. C., will undertake to order thoroughbred dairy cattle in car lots, and place them with the farmers of the county at actual cost. By ordering in car load lots wholesale prices can be obtained and also a saving in the way of freight and crating can be had.

"It is proposed to order several car loads of heifers and these heifers can be bought already with calf or open stock. Also will purchase some bulls if necessary. We want to place these heifers, preferably, in lots not to exceed three to each farmer. If you do not wish to pay cash, we will take your note, with satisfactory endorsements, payable next fall.

"We believe that one of the best breeds for this section is the Jersey, and our first order will be of this breed. If, however, a number of

farmers desire the Guernseys or Holsteins, and sufficient orders for these breeds are placed to make shipment in car load lots, we will be glad to order these also."

Robert I. Woodside, president of the Woodside National bank and former president of the South Carolina Bankers association, today expressed the view that nine-tenths of all past and present troubles with agriculture in the South are due to our relative neglect of live stock, and he asserted that South Carolina may easily gain great wealth and importance by turning every possible energy toward improvement of breeds and husbandry in cattle production.

Unusual Accident Takes Negro's Life.

Conway, Oct. 25.—A most unusual accident cost a negro his life yesterday about noon at the camp of the Conway Lumber company about three miles from Conway. The section gang was taking the noon hour and after eating dinner a negro, Tom Rice, about 50 years old, stuck a small peg into a post about 18 inches from the ground and told the crowd he was going to take it out of the post with his teeth. He stood in front of the post, leaned over and passing his hands behind his back grasped the post and proceeded to put his head between his legs in an effort to get the peg in his teeth. Just as he got his head almost to the peg his hands slipped and he fell over on his head and broke his neck. He lived for a few moments but passed away without speaking more than to mumble just after he fell for some one to pick him up. A doctor was called but as above stated he died almost instantly.

Jacob Franks, father of the boy murdered by Loeb and Leopold, has set aside a fund to be used in keeping the young murderers in prison after he is dead. He says he will fight any move for release of the boys while he is living and the special fund he is setting aside will be used for that purpose after he is gone.

Sick Headache

"I have used Black-Draught when needed for the past 25 years," says Mrs. Emma Grimes, of Forbes, Mo. "I began taking it for a bad case of constipation. I would get constipated and feel just miserable—sluggish, tired, a bad taste in my mouth, and soon my head would begin hurting and I would have a severe sick headache. I don't know just who started me to taking

Thedford's BLACK-DRAUGHT

but it did the work. It just seemed to cleanse the liver. Very soon I felt like new. When I found Black-Draught so easy to take and easy-acting, I began to use it in time and would not have sick headaches."

Constipation causes the system to re-absorb poisons that may cause great pain and much danger to your health. Take Thedford's Black-Draught. It will stimulate the liver and help to drive out the poisons.
