TWO BIG SIDE SHOWS

Show promptly at 3 p.m.—Admission 25c

Fashion Show for County Fair.

One of the most attractive features for the county fair next week will be the fashion show, to be given at the D. A. R. hall Friday evening. Enthusiastic plans are being perfected for it and it promises to be a great success. The committee in charge is doing everything possible and the merchants are taking a lively interest. We hope that those who have not entered will do so now. Remember, it is your fair and your privilege to show the class of goods you handle and bid for the trade of the town and county. Next week should be a gala occasion for the people of Camden and Kershaw county. Let the civic spirit rule and everybody join hands to make the fair a success. The fashion show is to be on Friday evening and all the pretty girls in town are to be the models wearing the good looking clothes you see in the shop windows. A dance will follow the fashion show, music by a good orchestra. Don't miss it!

Young Man Has Improved.

Mr. Andrew Burnet, who was so seriously injured in an auto wreck several weeks ago, has sufficiently recovered to be able to return to his home and has been able to leave his home for short walks. This will be good news to the many friends of the young man.

Tea and Bridge at Club House.

The Hobkirk Auxiliary will continue through November to give the Saturday afternoon teas at the Camden Country Club. The admission is only twenty-five cents, with the privilege of playing bridge if you desire to do so. It is a convenient and pleasant way to discharge social obligations. Invite your guests and make up your tables for Saturday afternoon.

Opens Handsome Store.

H. L. Schlosburg, of this city, who operates several other stores throughout this state, used four pages—one section of the Chester Semi-Weekly News of Tuesday to announce the opening of their handsome new store in Chester. The advertisement carried an illustration of the handsome building and pictures of Messrs. H. L. Schlosburg, Leon Schlosburg and A. J. Hellman, the latter being manager of the Chester store. The advertisement also carried a write-up of the personnel of the store.

To Play Alexandria Here.

On Friday, November 21st, the Camden High School foot ball team will meet the Alexandria High School team of Charlotte, N. C., in a game on the Camden field. This game will no doubt draw a large attendance.

Things Worth Knowing.

A stingless bee has been discovered in Panama by a member of the American Museum of Natural History, according to reports. It is as harmless as a butterfly.

Switzerland is the first country to establish government insurance for school children. It was introduced in 1922 in the Canton of Basil which insured all the pupils in the public schools against accidents and sickness. While it is not compulsory throughout the country other cantons and municipalities have taken steps in the same direction.

The British Air Ministry will soon establish passenger, mail and freight service with India by air with a fleet of Zeppelins similar to the American "Shenandoah." The schedule for the trip will cut the time for the journey two-thirds, as the fastest ship from Bombay through the Suez Canal takes fourteen or fifteen days.

CIRCUS HERE TOMORROW

Barnyard & Bailhay's Ringless Circus to Show at Wateree Ball Park.

The Wateree Mill Band will put on a burlesque circus at the mill ball park Saturday at 3 p.m., to which the public is cordially invited.

The various committees have been working diligently during the past three weeks and a successful entertainment is assured. No expense has been spared to put this show on in real circus style.

The proceeds of the circus are to be used to equip the mill band with uniforms.

This is a novel entertainment and well worth the price of admission which is twenty-five cents. There are over 150 people in this great circus.

Governor Morrison of North Carolina, last week granted reprieves to six men under death sentences, in order, it is stated, that the governor might give more time to a review of their cases.

Music Club Meets.

The third meeting of the McDowall Music Club was held in the grammar school auditorium, Wednesday afternoon, November 12. The program was on Russian music. Before taking up this the president introduced Mrs. Edward DuBose who gave an interesting talk on Edward McDowall and the McDowall Colony, from which she has just returned.

The president then turned the program over to Fay Kirkland and the members studied the great Russian composers, Rubenstein, Rimski Korsakov, and Rachmaninoff.

On Edward McDowall's birthday, the 18th of December, the members will give a recital in honor of this composer. And on the nineteenth of December the high school members will give a recital to both of which the public is cordially invited.
