FARM PRODUCTS DEMAND LIKELY BETTER IN 1939

Clemson, Dec. 12.—The demand for agricultural products is expected to be more favorable in 1939 than in 1938, thinks O. H. Clark, agricultural economist of the Extension Service of Clemson college.

"While conditions in foreign countries as affecting demand for American agricultural products are likely to be less favorable," says Mr. Clark, "conditions in this country are expected to be considerably improved in 1939 as compared with 1938."

"The indications are that the general economic situation will be somewhat better in 1939 than in 1938. Industrial activity and consumer incomes in the United States are expected to average substantially higher in 1939 than in 1938."

"The cash farm income from the sale of farm products will be about 13 per cent less in 1938 than in 1937, but it is higher than any year from 1930 to 1935," the economist continues. "Farm income as a whole is expected to be higher in 1939 than in 1938. In general, farm prices are expected to be higher in 1939 than in 1938. However, this may not be true with commodities the prices of which are fixed on a world basis and the prices of which have been prevented by government loan policy from declining to a level to which they otherwise would have gone."

Opens Skating Rink
 The three Stone brothers of Chester, have erected a portable skating rink on east Rutledge street and will be open for business today. This form of amusement has proven popular in other places. They have good hardwood floors and furnish skates with the admission. They moved here this week from Great Falls where they had a long run.

LANDOWNERS ARE URGED TO MAKE SEEDLING ORDERS NOW
 All landowners who are planning to purchase pine seedlings to plant on their farms this planting season should contact or write the district forester, Camden, S. C., at once in order that the land to be planted may be examined and application blanks for seedlings filed. Indications at present are that the demand for tree seedlings this season will far exceed the supply grown at the three state nurseries at Camden, Sumter and Georgetown.
 Landowners throughout the state are rapidly taking advantage of the opportunity to purchase seedlings at \$1.50 per thousand for planting up land that is being eliminated from cultivation as a result of the Agricultural Adjustment program. Many thousands of acres of idle fields will also be put back to work and into productive condition this year as a result of their being planted to pine trees.

Charlotte Thompson Club Met.
 The Charlotte Thompson Home Demonstration Club met with Mrs. R. A. Bruce Friday, December 23. The president, Mrs. Mattie West, presided. The meeting was called to order and the songs, "It Came Upon a Midnight Clear," and "Silent Night" were sung by the club. The roll was called and minutes read by the secretary, Mrs. West then told of the T. B. work being done and how the sale of Christmas seals was moving forward. We were urged to buy seals and make "Buy and Use Them" our slogan. We next had to decide the best way in which to use our club money won at the fair. So the club decided to pay by investing five dollars in a T. B. bond.
 Our Christmas social had to be planned. We decided that December 21 would be the ideal time. As for the recreation, the following committee was appointed by the president, Mrs. Dan Murchison, Misses Bertha and Ruth Mosley, Mrs. J. T. McLeod and Mrs. Arthur Smith. The club also decided to give the Charlotte Thompson school cups and saucers for the children's hot lunch as a Christmas present.
 The meeting was then turned over to Miss Fewell. She had her two best leaders to check up on work done in the last month. Miss Fewell then gave an interesting talk on "Storage Space" She told us how we might use anything for storage space to a good advantage from a bedroom closet to an egg crate. We might well use "a place for everything and everything in its place. For demonstrations she passed hat hangers, clothes covers, shoe bags and shoe racks. All of which were home-made. After this we enjoyed a social hour while our hostesses served delicious sandwiches, cake and tea.

It was decided that the children be entertained with a tree on Thursday afternoon, December 22. The members of the association will also exchange gifts at this time. Delightful refreshments were served by Mrs. Maude Rabon, Mrs. Dewitt Branham and Mrs. Fannie Roberts.
