

HOT OFF THE KEYS BY THE SKIPPER.

Don't be surprised if you find your neighbors as we begin to throw a few plates of sociology at each other...

Now, and that something? Do you see on duty 24 hours, either in a home or in a hospital?

And does anyone know a more popular subject than the doctor?

Quite a number of Camden doctors are already in the armed forces of the nation...

Overhounded over to Columbia last week and believe me when anyone tells you that the (treacherous)...

Sport Potpourri BY THE SKIPPER

Tonight is home coming for the Camden Bulldogs. It is up to every red blooded fan in Camden and vicinity to turn out for the sport attraction at Zamp stadium when the Bulldogs meet the unbeaten Carlisle prep school team.

This is a golden opportunity for the local enthusiasts to demonstrate their appreciation of the fine record made by the 1942 edition of the Camden grid talent.

If Camden can take the measure of the Carlisle gridders tonight the defeats by Sumter and Lancaster, which were caused by the opposition getting the breaks, will be forgotten and relegated to the scrap heap.

The Bulldogs have a big job cut out for them. Fans will remember the two flashy lads on the 1941 Lancaster high team and how they had the local bleachers holding their breath on several occasions by their skill and daring.

Quite a big delegation of Camden football fans motored to Sumter last Friday night to watch the Sumter team stop the victory march of the Lancaster highs by a 14 to 6 score.

We hope that the Camden fans will stop and think of the fine showing a plucky lightweight aggregation has made this season and manifest their admiration by turning out a record crowd for tonight's classic.

Another Saturday of upsets. North Carolina easily trumps Davidson 33 to 0 with Camden's Hugh Cox making the Associated Press headlines with his brilliant work.

Shaw Field. Really stupendous over two hundred planes overhead, including many almost deafening ones our drums. Mechanics in various coveralls laboring over other planes in front of the hangars.

CONGRESSMAN J.P. RICHARDS

Washington, Nov. 2 The question of manpower for the home front is receiving the most serious study in an effort to meet the problems facing farms and industries.

The Secretary of the Navy announced last week that the "first round" of the crucial struggle in the south Pacific was over and that American forces still held their ground.

Almost 50,000 Americans have been killed, wounded or missing in the war thus far, and we must face the sober reality that there will be other casualties before we win our victory.

Production in the United States is spending more money in a month now in the production of the highest quality weapons and munitions.
