Weekly News Letter From Liberty Hill

At the Presbyterian church Sunday morning the services were conducted by Elder E. J. Cunningham. Sunday school was in charge of Supt. W. E. Cunningham.

An interesting social event was the family reunion of the late Mrs. C. E. Richards. Those present were Misses Lizzie, Sophie, Lal and Marion Richards of Liberty Hill, Mr. and Mrs. J. K. Heriot and daughters, Misses Carolyn and Suzanne Heriot of Blahopville, Prof. and Mrs. A. J. Richards and family of Denmark, Mr. and Mrs. John G. Richards and daughter, Kay, of Florence, Mr. and Mrs. W. J. Richards and son, Jim, of Concord, N. C. Only Lt. J. P. Richards, who is attending Army Officers school in Virginia, was unable to attend.

Mr. and Mrs. M. B. Williams of Camden, were guests several days last week of Rev. and Mrs. F. A. Dunnan, parents of Mrs. Williams, and Mr. and Mrs. E. L. Jones. Mrs. Williams and Mrs. Jones are sisters.

Mrs. L. P. Thompson has returned home after a visit of several days with relatives in Charleston.

Cadet Henry Smith Higgins of Shaw Field, and Miss Willie Lee Higgins of the McBee school, spent the weekend with their parents, Mr. and Mrs. H. S. Higgins.

Miss Lucy Clements went to Laurens last week for a few days visit with Miss Dorothy Wilson. From Laurens they went to Caesar's Head Mountain hotel for a short stay, arriving home Tuesday.

Congressman J. P. Richards and family attended church here Sunday and visited his father, Mr. N. S. Richards.

Mrs. W. Z. Hilton, who has been sick, was reported to be better Saturday.

The Mackey Jones Co. has changed their cotton platform to an enclosed warehouse.

er and Parker netted four runs. In the sixth the Kelly clan continued the attack when four hits and an error netted a brace of runs.

The game put the Maintenance team in third place with an even record of games won and lost at four all. Kelly's men played smart base ball and kicked the apple but once during the evening. That error was charged to Mungler but it did not prove costly.

Red Cross Notes

Sadie K. vonTresckow

The necessary expansion of Red Cross activities incident to the war, coupled with congested conditions in and around Washington has resulted in the decision of the Central committee to subdivide the present Eastern area. A Southeastern area will be established at Atlanta, Ga., to serve chapters in the following states: North and South Carolina, Georgia, Florida, Alabama, Tennessee, Mississippi and Louisiana. The following states will thereafter comprise the Eastern area: Pennsylvania, Maryland, Virginia, West Virginia, Ohio, Indiana, Kentucky and the District of Columbia. Mr. William Carl Hunt, who has been serving as manager of the Eastern area is appointed administrator of area services, to be stationed at National Headquarters and to have general supervision of the Eastern headquarters and to have general supervision of the Eastern and southeastern areas.

Cards have been received at local headquarters authorizing Mrs. C. T. Baldwin as Canteen and Nutrition instructor and Mrs. Lottie Clifton McDowell as Home Nursing instructor.

Alterations on the house in the back yard of headquarters are under way and painting is nearing completion. Mrs. Reuben Pitts has announced. The house will be the permanent quarters of the Canteen corps. Kitchen equipment is sorely needed. Any contributions will be greatly appreciated.

this) and they would "tell exactly what to do" and "would make definite recommendations" so things could be settled. Now any head of any educational institution in this state ought to have known that the men who came from the Southern Association were here purely to learn the facts and not to make recommendations. They seemed so surprised when asked if they would make recommendations and remarked that several others had asked the same question. They explained that they were here to find out the truth for their association and could only report back to them for action. Read the back issues of your papers and see if all these statements were not made. A series of deceptions to put off the evil day of accounting.

Then when the putting off process could no longer serve as an alibi, came the "compromising stages" and those in authority have sought by every means known to man to compromise with the very organizations, which have set up standards for our institutions of higher learning and to which it would be a disgrace to belong if they did compromise. It has come back from all the organizations that "there is no compromise." A college either meets the standards or else. Now the "or else." It does no good

With the Sick

Mrs. John S. Lindsay is receiving treatment at the Camden hospital. F. N. Wilson, flight instructor at the Southern Aviation school is confined at the Camden hospital.

Shannon B. Kirkland is ill at the Camden hospital.

Roy Hough continues sick at the Camden hospital.

Among the out-of-town people at the Camden hospital are: Mrs. Ver-nelle Clyburn of Westville, Mrs. Mattie Gardner of Lugoff, Carson Boykin of Rembert, Mrs. Queen Mungo of Jefferson, Master John Hinson of Kershaw, and Mrs. Elsie Bailey of Kershaw.

Mrs. Estelle Burns of DuBose Park, is a patient at the Camden hospital.

Master Peter Moller is still recuperating from a broken leg. He is at the Camden hospital.

Family Notified Of Son's Death

Word has been received by Mrs. Sarah S. Hinson that her son, Private Earnie L. Hinson, has been killed in action in the Southwest Pacific area.

According to the information from the War Department, Private Hinson met his death on July 26. He would have been 34 years of age on July 31. He was drafted February 14, 1942, and had been overseas nine months. He was a member of Co. I, 169th Inf. Reg.

Besides his parents he left four brothers, Pvt. George E. Hinson, Camp Carson, Colorado, Jesse H. Hinson, Charlie D. Hinson, E. H. Hinson, one sister, Mrs. Sallie B. Hinson, and a nephew, Thomas Lee Hinson, all of route 1, Camden.

to have the temporary administration circularize and publicize the great and good changes that have been made. They just ain't there. It does not one ounce of prevention of dismissal to have an honorable member of the Board of Trustees write out a long and rambling statement for the benefit of the Association. It merely prolongs the agony and holds the college and the public in suspense. The A. A. U. W. has not had a national meeting, the only reason a public announcement has not been made of dismissal. The Southern Association has the college on probation until conditions are met. Does any one for an instant suppose a mere statement from a trustee, or many trustees, or from the administration would satisfy a body that had to make a fair and impartial investigation to arrive at its former conclusion? No! Absolutely No! They will make the same type of investigation again to determine whether things have improved.

Be not deceived! We all love Winthrop college or we would not subject her to public censure. She must be saved through right and just and honest practices. She must be saved for the thousands of Winthrop daughters yet unborn that will some day enter her sacred portals and mingle with the spirits that people her hallowed walls. She is mine and yours and I am selfish enough to put "mine" first.

South Carolina is furnishing hundreds of successful leaders in every walk of life. She has borne more than one head of a great educational institution. Look around Trustees! Choose one at once, so as to settle the unrest, the uncertainty the wire-pulling—the great political game going on now. Even though you might not be able to announce the selection for a little while, it will make all the difference in the world to know that a new day is dawning.

Yes Mr. Farmer I'm Talking to You

Army, Navy Allies and Essential Civilian Needs Will Require

13,000,000 Cords of Pulpwood In 1943

A cord of pulpwood from your farm will make enough powder to fire two rounds in a 16-inch naval gun.

Your trees are needed to make fibreboard containers to protect overseas shipments of food, supplies and ammunition.

And your trees are needed to make rayon for parachutes and medical dressings for the sick and wounded.

TO PROTECT

Put Your Trees Into the Fight

TO GROW

You improve your wood lots when you thin it out—and work in your woodlands can be made to fit in nicely with your other farm jobs. You help Uncle Sam and yourself when you cut your timber. The prices were never higher. Now is the time to get in the fight by selling your pulpwood now.

Be a SOLDIER ON THE HOME FRONT—Farmers—soldiers of the Home Front—thousands of willing hands—are cutting pulpwood from their woodlands for VICTORY. Your trees are urgently needed now. Get them into the fight.

NOTE: The War Manpower Commission has declared cutting an essential activity. This means that pulpwood cutters are eligible for draft deferment if they spend their time in this occupation.
