POOR LIGHTS

Don't put up with dim, misadjusted lights—when you can enjoy driving with bright, properly focused lights—it costs no more in battery power. Our new Bear Headlight Tester is a scientific instrument that quickly tells how strong your bulbs are—whether they are in focus and what adjustments are necessary to obtain proper lights for safe, comfortable driving.

You'll be amazed at the difference a few simple adjustments can make in your headlights. This new tester gives an accurate test—no guesswork. It checks and double checks all adjustments. We guarantee this service. Stop in for a free check-up today.
