quired by other modes of transportation.
 Postmaster DuBose pointed out that air parcel post packages will receive the same particular consideration shown air mail in routing. In addition, identical door-step delivery will be given to air parcel post as is afforded other forms of mail, making the air-borne mail service unique in every respect.

He added that distinct air parcel post stickers, printed in red, white and blue and bearing the likeness of a winged package with the earth's globe underneath, will soon be available without cost at the Camden post office to apply to outgoing packages.

"With a scheduled plane taking off or landing within the United States on an average of every seven seconds around the clock, and an overseas-bound plane leaving our borders every 30 minutes, we stand ready to give our patrons the fastest parcel post service offered anywhere," Postmaster DuBose said.

While international air parcel post service has been available from the United States and its possessions for several months, domestic air-borne service is being launched for the first time in history.

State Road System In Kershaw County Now Has 403 Miles

The total mileage in the state highway system in Kershaw county amounts to 403.34 miles, as of July 1, according to a mileage summary record which was issued by the S. C. State Highway Department.

The state highway mileage in Kershaw county is made up of 144.38 miles in the state primary system and 258.96 miles in the state secondary system. In the last preceding mileage summary, which was issued by the department on January 1, there were 395.39 miles in Kershaw county state highway systems, of which 144.36 miles were in the primary system and 251.03 miles in the secondary system.

According to the report issued this week for July 1, 69.25 miles of the primary system highways in Kershaw county have standard paving and 75.10 miles have bituminous surfacing. As for the Kershaw county secondary system of state roads, 0.48 miles are of standard paving, 25.65 miles are of bituminous surfacing, 3.70 miles are improved earth, and 229.15 miles are unimproved earth.

The total mileage of the South Carolina state highway system, as of July 1, was 17,679.43 miles, with 7,949.55 miles in the primary system, and 9,729.88 miles in the state secondary system. At the first of the calendar year, there were 17,522.73 miles in the state highway system, of which 7,865.89 miles were in the primary system and 9,656.84 miles were in the secondary system.

The primary system of state highways connects the principal centers of population in the state, while the state secondary system tained roads that do not connect county seats or large cities. Roads not in the state highway system are maintained by the individual counties.

Texas Voters In Three Counties Vote For States Rights Ticket

Voters of three Texas counties last Saturday expressed a decided preference for Governor J. Strom Thurmond for President over Harry S. Truman.

Texas had a state-wide election Saturday and in these counties the voters were asked to express their choice.

The following dispatch from Houston tells the story:

"The States' Rights presidential ticket was preferred by Democrats of this county—Harris, which has Texas' largest voting population—and two others.

"Brazoria and Harrison counties also gave J. Strom Thurmond and Fielding Wright, States' Rights candidates, preference in a referendum election held Saturday.

"In Harris county the States' candidates received 44,936 votes to 22,721 for President Truman and Senator Alben Barkley, his running mate.

"The margin in Brazoria coun-

ty was the slightest—Thurmond-Wright 933, Truman-Barkley 752.

"Harris county voters preferred the States' Rights candidates by a margin of 3,126 to 1,533.

"The referendum did not remove Truman and Barkley from the ballot as the Democratic candidates for President and Vice president in these counties, how-

ever. It merely showed state Democratic leaders for which ticket the voters want their electors instructed."

Care of the Insane Important

To the credit of the governments and the people of the United States the care of the insane, or mentally deficient, is now one of the most important functions of government with efficient institutions of this kind in every state and several very efficient ones, also, being operated by the Federal Government.

Alexander Hamilton's Birthplace
 Alexander Hamilton, famous American statesman of the Revolutionary period, was not a native of America. He was born at Charles Town, Island of Nevia, in 1757.
