thoroughfare, has been abandoned to carrying trunks, grips, bundles of the flood. Lee Harper, former city clothing and valuables began to cross attorney, says the water will be two Eads bridge towards St. Louis. Most feet deep in front of the city hall beof the refugees were scantily clad.

Strong men carried aged women in Seven miles of water pressing from their arms. Barefooted children were in the procession which continued steadily over the bridge. Hundreds Gainesville to be incarcerated in the about many dashed through the shallow overflow to find a more secure refuge. In terror of the rising tide of the streets crowded the cars and besought public officials. At the city up his team and came to Gainesville. hall alone, 500 homeless persons with able to seize on short notice were assembled. Provisions for the time be-

ing were supplied them.

KNOWS ALL ABOUT IT.

Flood Sufferers.

Ten years ago the governor of South Carolina witnessed the suffering that followed the great tidal wave which swept the coast of South Carolina. His own plantation was wrecked, neighbors were rendered penniless and a thousand persons were drowned.

Having been a participant in the work of restoring life to the section made desolate by the sea which swept inland for many miles, his sympathies are enlisted with those who are endeavoring to succor the needy, the almost starving people of the Pacolet valley. Having seen the destruction, the desolation of his own section his heart is filled with pity for the doomed valley of industry in the highlands.

A special dispatch from Gainesville Tuesday, in speaking to a representative of The State, Gov. Heyward Wiley F. Tanner, who died under sussaid: "I am deeply concerned at the appalling disaster that has carried such loss and sorrow to so many South regarding the operatives in the mills swore out a warrant against Mrs. Onie which were destroyed, because they Tanner, wife of the young man who have lost all of their property, their homes, many loved ones-everything. NO. 41.

ANN THE END IS NOT YET.

He Has Been a Great Sufferer from

Acute Indigestion and is Un-

dergoing the Fast-

ing Cure.

The Auguta Chronicle says Dr. W. Sterling Wilkinson, a wellknown young physician of that city, and an honor graduate of the medical department of the University of Georgia, is on a fast that promises to break the world's record for length. Dr. Tanner's record is already discounted. Tuesday was the forty-third day that Dr. Wilkinson has taken nothing in the way of nourishment, limiting himself exclusively to water. He has par-Carolinians. This is especially true taken of water freely during the fast. Throughout the fast he had suffered no inconveniences, although he has lost weight very rapidly. Naturally a man of slight build, although tall, he titution and loss of life so suddenly is now a living shadow of his former wrought by this awful disaster, and I self. Dr. Wilkinson resides with his have cancelled engagements for the father, Mr. Win. M. Wilkinson, at 417 Second street, and throughout the my office where I can immediately fast has confined himself to the homes

#### TAKING DAILY EXERCISE.

Dr. Wilkinson takes daily exercise, including walks about the house and grounds, and is also using a pair of light dumb-bells. He declares that he feels strong all the time, although any exertion he undergoes proves to him that he is quite weak. His stomach is giving him no trouble whatever.

Dr. Wilkinson and his family have kept very quiet about the matter, and only a few intimate friends have been advised of the treatment to which the young man has been subjecting himself for the past month or more. Only

---- SCIENTIFIC TREATMENT.

The fasting of Dr. Wilkinson is in the nature of a scientific treatment for an aggravated case of indigestion and courage shown by those whose loss and whose sufferings are so great. For years he has had the troub e and failing to get relief from all of er treatments, adopted the fasting treat-

> Recently fasting has been advocated for the cure of digestive derangements, and where tried has been highly recommended. It is claimed by the advocates of the method that it produces permanent cures in nearly every instance, and that where it fails, it is because the treatment was not persisted in long enough. The theory is that the perfect rest afforded by the fasting practically gives the patient a new stomach of digestive organs. While the organ is not at work it is claimed that nature repairs all the damage to the organ from overwork and past abuses.

> > FOLLOWS M'FADDEN.

It is understood that the treatment is nothing more or less than an extend-In a few moments he was deathly of clearing away the debris is progres- ed use of the advice of the Physical Culturist McFadden, of New York, who recommends that whenever there is stomach trouble that his pupils fast
