Quite a number of Barnwell's young people enjoyed a day's fishing at Hagood's Mill on Friday. Next Monday will be Sale Day. No real property is to be sold except that advertised by the Sheriff.

Barnwell will be divided today between the Confederate Reunion down at Great Saltketchie Church and the Farmers' Club Picnic, Barbecue and Dance across at Baldock.

Mr. T. J. Harris, the best man in Bulloch, spent last week with old time Barnwell county friends. His coming is always welcome and his going away is always too soon.

After a long illness of 15 years Dr. N. F. Kirkland Jr. is again heard in the news as our guest. Being baby like, he is, for the soothing of Master Robert Alfred, who begins life a 10 pounder, with the ambition to outgrow mentally and physically the massive cynosures whose front names he bears.

Teachers not attending the County Summer School are missing a good thing. Prof. Hand, the Principal, has demonstrated school-room ability of very high and honorable character and as a teacher he stands with the head of the State class.

The average man in summer time would give a great deal to be as cool as the average woman looks.

TOO SOON A SUNSETTING. Mr. L. Samuel Ritter, second son of the late Capt. G. Owen Riley, died on Sunday afternoon at his mother's home in Barnwell, aged about 28 years.

I heard a saying you must go away from home to hear the news and I reckon it is the same way about crops. I know it is if you live at or near the Bolling Springs. I went to Kline and saw some fine crops on the river, but after I saw the double bar crop of Col. Aldrich at the OAKS, I could only say what King David said when he called for the sword of Goliath, "there's none like it."

I told my wife the Colonel must surely be an inspired man to have thought out such a scheme of farming, to have the best crop in the county and then have the best cotton between the rows of corn. I wish a man like Bill Arps or Blah Mias would go and look at that crop and then tell about it.

On Thursday night a Lodge, No. 125, of the good old growing Order of the Knights of Pythias was organized at Our by Grand Chancellor Knight of Sumter, who was excellently assisted by the working team of Barnwell, No. 16 and visiting Knights from Bamberg, Denmark and Fairfax.

The numerous friends of Mr. J. F. Lawton will be delighted to learn that his health is much improved. A stay of two weeks on James Island followed by a visit of two months at the Harris Springs, where he remains these sweltering days and nights, has been most helpful to him.

Friday opened superlatively blue, with the wind from the East and all our peaches gone, but a monstrous big and good rattlesnake melon from the pet patch of Capt. George P. Morris revived four faith in friendships and made the printers better content with their cases.

Saturday's contributions, an eloquent Great Talents from Mr. R. H. Halford and a lovely Suchness from Mrs. M. J. Givens made a beautiful beginning for the week.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colusa, Calif., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me through I tried everything known. I came to Cross Eucifid Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me."

A well wisher is one who invests his coin in oil lands. A pretty girl is apt to be her own standard of beauty. The Second Regiment of State Troops went into camp on Monday for a week of duty on the Isle of Palms.

Senator Tillman has just had a breezy time up in Wisconsin, debating the race question with Senator Burton of Kansas, who imagined a cyclonic hair structure and no storm pit handy when the pitchfork prouided him.
