And within our knowledge no two young people have entered upon life's happiness and usefulness under brighter auspices. The fortunate groom grows to manhood here embodied in his character all the manifold virtues that enable life to be worth living in the untroubled consciousness of right and the helpful influence of high example to all that come in touch with it, while the bride, rarely beautiful in personal gifts and graces, is equally charming in the rose-like sweetness of her perfect disposition and the sunshine of her golden heart.

May the coming years be to them one long summer time, without a cloud to dark the fair skies above them, in the wish of THE PEOPLE to these well beloved young friends.

THE COMMON PLEAS. The petit juries were discharged on Friday. During the term verdicts were rendered in 6 cases, 1 was withdrawn and 2 compromised, leaving 22 cases for the 30 days of the term untouched. At the average rate of progress it would take 4 weeks to clear the calendar of jury cases.

DISASTROUS WRECKS. Carelessness is responsible for many a railway wreck and the same cause are making human wrecks of sufferers from Throat and Lung troubles. THE TEACHERS MEETING. On Saturday, Nov. 7th, some fifteen or twenty Barnwell County teachers met at the Barnwell Graded School for the purpose of reorganizing the Barnwell County Teachers Association.

Sup. W. H. Jones, Acting Chairman, called the body to order and the following officers were elected: Mr. G. Marshall Moore, of the Barnwell Graded School President; Mr. W. N. Marchant, of Olar, Vice President and Mr. S. M. Wolfe, of Williston Graded School Secretary.

There had been no programme arranged, but a committee was appointed to arrange good, interesting and lively programmes for the following meetings.

The Association can not force a teacher to attend its meetings; we only wish it was imperative, but it tempts him by having interesting programmes. The talk on "The Value of Concerted Effort," by Mr. S. M. Wolfe, was well thought of by the farthest end of the county. It was a good wholesome and inspiring talk, such as we hope to hear at each future meeting. We trust that the next meeting will find all Barnwell county teachers present. The worth while is unquestionable, the value inestimable. There we meet to exchange our methods of teaching and rules of disciplining.

The question of visitation of the Association to the various schools of the county was debated, but not permanently decided. The next meeting, however, will be at Barnwell, Saturday, Dec. 5th, 1903.
