Plant Your Gardens.

Make your garden very rich and break it 18 or 20 inches deep. Plant most vegetables, such as peas, beans, corn, &c., for a regular succession of crops by planting every 2 weeks throughout the season. Owing to the cold weather we have not had a few hardy plants. And while we may have more cold weather, we think it will be worth your while to take the risk and plant most of your garden after the first few days of warm weather.

All vine seed are especially tender, so plant them in boxes or pots of straw, planting until April. March or April should be an active month for gardeners. The sooner most seeds are sown the better, if the weather is favorable. We name the order in which seed should be planted, viz:

Garden peas, early cabbage, onion sets, spinach, parsley, lettuce, radish, beet, carrots, turnips, parsnips, onions, etc. Plant tomato, eggplant and pepper in hot bed.

The following hints are given upon what we consider the most important vegetables—vegetables that give the best results, everything considered.

GARDEN PEAS.—We find that this especially elegant and early vegetable is not very popular and are satisfied that it will only be used for a short time and to start it late before gathering them. They should always be used before the pea is fully grown. Better pick them too early than too late. Plant the smooth varieties first. Our Angels and Early May are the earliest and are very productive.

Plantation of English Marrowfat and Buttercup.—Will fail to plant every two weeks for a succession.

SNAP BEANS.—Another great vegetable; every family should have them throughout the season by planting two or three rows every two weeks. Plant our Extra Early Valentine and Stringless Green Pod. They come at least one week earlier than most varieties of beans. Plant Pole Beans later. Never cultivate when the vines are wet.

TOMATOES.—Our Extra早品种 is to be recommended. It grows quickly, yielding two pounds per tomato perfect pieces, one of them when sliced will fill a large dish, enough for a medium-sized family. There is no other tomato that can compare with this variety, either in size or quality. Send 15cts. in stamp for a paper of the seeds.

CABBAGE.—We presume that most of the readers have had some success in growing it, so we will not go into detail.

Plant Extra Early Jersey Wakefield, Wintergreen, Early York, Drumhead, Flat Dutch and Green Glazed. All sold in bulk or by the piece. Mail orders promptly filled.

IRISH POTATOES.—It is about time to plant now. Triumph Blue and Early Rose are considered the best varieties. Plant two or three crops. Look out for frost and dead set back, as they appear.

COLLARDS.—Are known to be early and come in all time as cabbage. In fact it is a species of cabbage. "Bacon and greens" come in all right occasionally. The crop is much improved by a touch of frost.

ONIONS.—Put out our Yellow Danvers and Silver Skin sets. These varieties out our climate, producing large roots. Make soil very rich.

SUGAR CORN.—So many otherwise good gardeners have had bad luck with this due to poor soil and fields, and as a result they have given up trying to grow it. We have a new mutation corn for a few days in the year and care little for it. Wherever, if they would plant some variety of sugar corn they would find it very sweet and delicious and would want it on their table every day. The newest varieties of the corn have come out.

COOKING APPLES.—Everyone has celebrated and popular and without an exception, the best for table use. We have both of these varieties. The County gentleman is now being quoted at \$0.00 per bushel.

Mrs. Mandie Harley. Daughter of Mr. and Mrs. W. W. Harley of Williamson, died on Monday. The sympathies of many sincere friends go out to the doubly bereaved parents in their great sorrow.

The King's Daughters realized some \$32 from the "War of Roses" on Thursday evening, notwithstanding the very stormy weather. The beautiful card was sold to Misses Jenkins.

DR. H. L. COBB.—Don't forget to plant Early Dixie. This is a field corn and is suitable for this climate. We sold a few parties around Barnwell, but we had universally good reports from it. Those that planted it made from 40 to 50 bushels per acre.

BUTTER.—Buy from us and you will get the GENUINE Dixie. Some days may claim that their seed is the same as ours, but that is just as good. But why take such chances? Buy our seed and you run no risk.

THE BEST IS THE CHEAPEST.—One more to when it comes to buying seeds. We are going to keep our seeds and are prepared to fill all orders. We will supply all packet seeds at the rate of six cent packets for 25 cents, postage paid by us. Send either stamps or money order.

THE SEED STORE.—Creech's Pharmacy.

OUR FRIENDS.

The good tact and clever tactics of Capt. P. M. Carter make him an admirable friend.

Mr. W. H. Birt follows in the wise footsteps of his good father as model subscriber. No doctor ever gave a newspaper better medicine than Capt. S. N. Green administers and his dose was heroic in size as he performs in quality.

A Saturday call from Mr. J. W. Black was in its pleasantness the very opposite of the outside weather gloomily.

Again Mr. J. M. Grubbs proved a friend as true placed as the North Star.

Monday could not be blue because of the brightness brought by the good deeds and better words of Messrs. George W. Morris, C. L. Harris, N. A. Hiers, J. C. Keel, Capt. J. W. Jenny, Mr. J. B. Armstrong and Chief Justice Dunbar, from whose infallible decision there is no appeal.

There will be services at Old Columbia School House Sunday next as usual hour. W. G. Britton.

No farmer in the county will ever plant this month, but that cannot be said of April, when the cotton fever will run high.

The Teachers' Association had a fine meeting at Allendale on Saturday. Many citizens attended, giving as well as receiving pleasure.

Mrs. Norman Darlington of Alabama and James Darlington of Augusta spent Sunday in town with their father, Mr. B. M. Darlington.

Don't forget that no one else in this county will have Extra Early Dixie Goldent Dent Corn. We are exclusive goldent dent corn for this country.

DR. CREECH'S PHARMACY.

Manager Robert has secured the famous Helen May Butler's Ladies' Military Band for the Opera House Friday evening, March 11th. This is surely a treat for all who attend.

Congressman George W. Crofts illness was blood poisoning resulting from a small splinter in his finger. His hand and arm were so inflamed that several operations were performed.

Miss Mandie Harley, daughter of Mr. and Mrs. W. W. Harley of Williamson, died on Monday. The sympathies of many sincere friends go out to the doubly bereaved parents in their great sorrow.

The King's Daughters realized some \$32 from the "War of Roses" on Thursday evening, notwithstanding the very stormy weather. The beautiful card was sold to Misses Jenkins.

DR. H. L. COBB.—The teachers' association has a fine program for the school year, which good physicians are giving their best help and good friends their best care and prayers.

BLACKVILLE BRIEFS.

The Blackville Business League does not exist in name only, but is a real thing, which is going to prove itself a factor for good in this community. The committee on roads: Dr. L. F. Bonner, G. A. Still, and H. D. Still Jr., have raised a sum of money with which they propose to build a modern road from 1 to 3 miles beginning at Little Saltkatchie, to the Edisto Bridge road, and extending toward Double Pond. They think they will with the aid promised them by the people in the immediate section where the road is to be built, be able to build some two or three miles. This work is being done as an object lesson to the people of the county, believing that it can result in putting but a deeper interest and increased enthusiasm in the good roads of the country.

Miss Catherine W. Lange, daughter of Mr. G. D. Lange and Mr. Henry Kanmer were married at the home of the bride Sunday afternoon, the Rev. E. H. Beckham, pastor of the Methodist church, performing the marriage ceremony. The marriage was a quiet one, only near relatives and the family being present. The bride is the youngest daughter of Mr. G. D. Lange and, like her father, has many estimable qualities which have made her a favorite with her friends.

Mr. Kanmer is a salesman for the firm of Simon, Brown's Sons, and is held in high esteem for his many noble traits of character. We wish for these young people a long life of peace and prosperity.

The remains of Mr. W. W. Stewart were brought here from Bamberg Wednesday and interred in the Fishburne Cemetery on Thursday.

Mr. Stewart was the son-in-law of Mrs. Ezra Fishburne of this place.

He had been teaching recently in the Pleasanton Grade School of Piedmont, S. C., on account of ill health, had given up his work and gone to the home of his brother, J. W. Stewart, who lives near Bamberg, where he died Tuesday night.

Mr. Stewart was a graduate of the Citadel and was a teacher of marked ability. Our sympathy goes out to his bereaved widow and the grief stricken family.

Mr. Sim Rush, who has been ill for some time, is again on the streets, much to the delight of his friends.

Dr. Harry Blair, recently of Galveston, Texas, has been spending some time with his father's family. He will not return to Texas but will locate at Williamson, S. C., to practice his profession.

Mr. G. W. Bowlin has been quite sick recently, but at this writing is much improved.

Mr. F. G. Gyles has purchased the stock and fixtures of J. P. O'Neal and is now conducting an up-to-date grocery store.

Mr. N. A. Hiers announces himself a candidate for Coroner today.

Prof. J. H. Lafitte announces himself today a candidate for County Superintendent of Education.

Mr. J. B. Morris announces himself a candidate for County Supervisor.

Sketches of the candidates will be published later.

MAIZE NEWS.

Mr. and Mrs. S. Krasnoff of Appleton visited Mr. and Mrs. J. M. Mixson Friday and Saturday.

Mr. H. A. Kinard and Miss Lavina Brown were married Sunday evening at the residence of W. H. Mixson by W. H. Mixson, Notary Public. The waiters were Mr. Willie Brown with Miss Susie Mixson; Mr. Attaway flower with Miss Josephine Brown.

Mr. B. W. Davis, who has been running a saw mill here for nearly two years, is hauling his machinery away. He is building a large store house in Fairbank, where he expects to do an extensive business selling goods on the wholesale plan.

A pinner shelling at Mr. J. M. Mixson's Tuesday night was well attended.

Mr. M. L. Middleton commenced marketing his corn crop on Wednesday, the 2nd day of March. He is the first to plant in this section, as most farmers are backward with their work.
