Creech's Pharmacy

BARNWELL, S. C.

Monday was an extremely quiet day. The X-ray was thrown on Miss Alice Roosevelt at the St. Louis Exposition, but her heart could not be located. She surely does take after her father.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the best spirits ever made in the Blue Grass State could not remedy a bad liver of the hundred and one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At Creech's Drug Store and Scarborough's Drug Store.

THE DEMOCRATIC PRESIDENTIAL OUTLOOK.

gets more favorable for the winning of a dark horse. Both Parker and Hearst go backward. Ornithologists of the Department of Agriculture at Washington observe that the partridge the most useful of all birds as an eater of cotton weevil, potato bugs, caterpillars and harmful insects generally. But Southern people love to kill and eat their best friend.

EASY WAY TO CURE CATARRH.

Breathe Hyomei and Kill All Germs That Remain. Money Back If It Fails. Says J. C. Creech.

There is no dangerous stomach druging when using Hyomei. The healing and aromatic balsams which compose this wonderful treatment are breathed through a neat pocket inhaler that comes with every 41 outfit. In this way the germ killing and health-giving Hyomei penetrates to the most remote cell of the lungs. It searches out and kills these germs in the air passages of the head, throat and nose, soothes and heals the irritated mucous membrane, and absolutely drives out and kills these germs from the system. Such remarkable results have followed the use of Hyomei by the best people in Barnwell, that J. C. Creech has the greatest confidence in its power to cure catarrh. He believes in it so thoroughly that he will give his personal guarantee to refund the money if it does not cure, the purchaser to be sole judge.

Misses Esther and Lydia Jenkins returned to their home in Kline last Wednesday from Winthrop College for the Summer vacation. Grand Chancellor, J. S. Summerwell, Knights of Pythias, has appointed Capt. J. P. Gness of Denmark deputy for the Third District. A drummer man who has seen Miss Alice Roosevelt the odd time says there are many Barnwell girls prettier than the President's daughter.

Miss Marie Virginia Keel, daughter of Capt. J. C. Keel of Budonville, was graduated last week from Winthrop College with the degree of B. A. State Campaign days are appointed for Barnwell July 27, Barnwell August 3. Probably candidates for R. R. Commissioner will be the only State candidates attending. It is now Major C. E. Bly's turn of his having captured last week seven foxes, four raccoons and one live otter, and the odd upper regiment will honor and obey him accordingly.

The People's Store is honored by a pretty invitation from the class of 1904, Barnwell High School, to attend the commencement exercises in the Opera House on Monday evening, 13th inst.

Treasurer Armstrong is detained at home this week by sickness in his family. His brother, Mr. Fred Armstrong, is acting in his stead. The next union meeting will be held with the Mr. Qilvet church.

BLACKVILLE NEWS. The many friends of H. F. Bulst, Esq., and that means every soul that knows him, look forward to his early home coming from Augusta, in the very Summer flower of restored health. Rev. J. R. Chiles happily surprised his many friends on their return from the West on Saturday by introducing to them his very charming and highly accomplished bride, a fair, gracious daughter of Tennessee and a doubly glad welcome was given them. Prof. W. B. West has accepted the position of Superintendent of city schools at New Decatur, Ala. A high school was deserved promotion. Blackville regrets his near departure but counts the year of his residence here as one of rare good fortune.

K. OF P. MEMORIAL SERVICES. The annual memorial service of Barnwell Lodge No. 10, K. of P. took place at the Baptist Church on Sunday last. Rev. W. G. Kirkland of Allendale circuit was invited to preach the sermon for the occasion. He took for his text Job 14:14 and for his subject "The immortality of the soul." Bro. Kirkland is to be congratulated on this effort; he showed that he had studied and knew in what he spoke and put his thoughts in such shape that every one in that large congregation acknowledged in his heart that man never dies. The brethren did not turn out as well as would have been expected; about thirty members being in line. Let every K. of P. remember that it is his lodge, and that it suffers or is built up by the actions of its members. It is taken in private duties and on public occasions. B.

NEW FOREST NEWS. We had the pleasure of attending the closing exercises of this excellent school, which were greatly enjoyed by all present. The exercises were introduced with prayer by Mr. E. Bates, followed by recitation "Welcome," by Harry Givens. Then followed a programme of over twenty recitations, songs, and his and tributes, too many to be named and too pretty and well rendered to be described. The music was very much enjoyed by the audience that had gathered to see the good work of our highly esteemed teacher, Miss Beasts Willis, who has so faithfully discharged her duty. We can realize the comfort and pleasure of the ladies of those bright little boys and girls in seeing the good this school has done for them. We all appreciate very much what has been done and hope Miss Bessie the greatest success. U. M. A.

FAIRFAX BREVIETTES. Prof. J. W. Swittenberg and Miss Annie M. Riser returned to their homes on Tuesday morning at Newberry to spend the vacation. The machinery for the Fairfax Cotton Oil Co's plant has been purchased and will be installed in time to respond to the demands this coming fall. Miss Mary Walker of Virginia is now visiting her aunt, Mrs. Y. H. Blankenship. Mr. and Mrs. J. J. Copeland of the Folks Store neighborhood visited relatives in town on Friday. After a vacation of about two weeks Mr. W. M. Lightsey has returned. He attended the Winthrop College commencement and visited relatives in Atlanta and Macon, Ga. Miss Maggie Miller of Charleston is now boarding at Mrs. M. E. Terry's. Our town was serenaded on Thursday night by the Fairfax string band. Mrs. E. A. Terry is on a visit to her mother in Waterboro, Magnolia.

COUNTY CAMPAIGN.

The County Democratic Executive Committee met this day, June 6th, in the Court House, County Chairman, Robert Aldrich presiding. A quorum being present the following business was transacted: N. G. W. Walker, Secretary of the County was elected Secretary of the Executive Committee. The following was ordered placed on the minutes by the Chairman.

At a previous meeting of the Executive Committee, on motion of Mr. J. C. Mayer of Sycamore No. 2, it was resolved: That there be no election for Magistrate in the Elmer District in the coming primary election, but that the incumbent hold office until after the primary election of 1904. This matter was called to the attention of the Executive Committee by the member from Sycamore No. 2, and no record appearing the action of the committee on the 3d May, 1904, was approved.

On motion of Mr. Bodiford, a committee of three was appointed to assess the candidates and report at once to the committee. Committee appointed by the chairman was D. W. Bodiford, J. C. Mayer and J. A. Jenkins. The committee retired and in a short time submitted the report as follows: There were state senator, House of Representatives, Clerk of Court, Auditor, Sheriff, Treasurer, Supervisor, Superintendent of Education and Master \$5.00 each; Coroner \$1.00; Magistrate \$1.00. The report was adopted with the amendment that the Sheriff, Clerk of Court, Auditor and Treasurer be each assessed \$10.00 instead of \$5.00.

On motion of Mr. Snelling the Managers of Election in the Primaries will be paid each \$1.00 per day. On or before August the 1st at 12 o'clock M. was the time fixed for the meeting of the Board of the county, with the secretary and pay their assessments to the treasurer. All candidates failing to comply with above will not be entitled to run in the primary. On motion of Mr. Mims the Managers of Election for the Primaries were appointed. As a favor of the county over representation the secretary will publish names of managers later. The report of the committee appointed at the last meeting to investigate the report of the treasurer of the party was submitted by Mr. Snelling and upon motion was received as information.

On motion of Mr. Mims the following Auditing committee was appointed: Robt. Aldrich Esq., County Chairman. N. G. W. Walker County Secretary. J. K. Snelling Esq. The Chairman appointed a committee of one to look into the matter of having a campaign meeting on August 6th and to report the cost to the Executive Committee at the next meeting. The committee decided to have four reg. county campaign meetings at the following places: Williston, Blacksville, Barnwell and Allendale, the time to be fixed at the next meeting, and gave the chairman authority to call other meetings where invitations were extended. The meeting then adjourned to meet on Tuesday, July 6th, that being sale day in said month. N. G. W. Walker, Sec.

LONG BRANCH PHILOSOPHY. We once heard of an old church deacon in whom everybody had confidence, when one day, to the utter surprise of all who knew him, he purchased a bottle of liquor, got drunk and went into a regular "tara," and when called upon by a church crowd to expiate himself he refused to do so. My friend replied, that he had served the Lord and done the very best he could for thirty years and had just concluded to take a day off. Now, what we think the farmers need is a year off, with less adyle, while we know it is cheap and can be distributed by slow motion men who carry soft hands and fair faces (some editors not excelled) but generally by people who toil not neither do they spin, yet the farmer (who can only look to his creator for rain and sunshine and to put strength into his arm) feedeth them all. When we think of the enormous amount of dirty work we get and how easily it flows we are reminded of the leaves and fishes, how they multiplied, and the more a fellow gives the sicker he gets till, it is an article that never gets scarce, so always ready and is furnished scot free.

When all the information is given (with the blanket a little stretched) or part of it guessed at concerning the acreage of cotton, counted perhaps by the number of saags of fertilizer used, which is said to be the best way to beat the record, then some crazy fellow gets afraid that everybody but him will spoil everything by trying to raise too much cotton; another prophet without honor rises up and says (which it called good authority) just as sure as death and taxes the entire push of the farming fraternity will be themselves plighted, this fall, into a whirlpool of ruin and disappointment; all the while the one-gallows Hayseed is expected to sing psalms and take everything easy. These advisers, prophets and predic-tors are like Jobs' friends, except Job had only three, while we have legions. Job's friends tried to make the old fellow believe that all the sorry, boots and skinned places on him, also the destruction of his children, work hands and cows was caused by his own conduct, and as a matter of fact Job knew better.

Now the farmer has stood 4 cents cotton, he has often had the wind blown off through his barn cracks on New Year's day without even a smack to hinder, his pocket book minus a postage stamp and the capitalist squeezing him for who lasts the longest. Unless we are cross-eyed or near-sighted we do not see the vast extent of things concerning our future welfare; hence to rub salt on the sore, so for awhile say try and make us believe that we will get most rich this year and be able next year to wear socks, store clothes and starched collars and not be compelled to run over into Georgia to get away from our cotton dealers. Rich Man.

SPECIAL NOTICE. All parties holding school claims properly approved by the County Superintendent of Education will please present them for payment before or on the first day of July. E. Armstrong, County Treasurer.

An Austrian doctor has invented a bomb that may largely change the Sherman definition of war. Each is claimed to give off enough strong narcotic gas to render 2,000 men unconscious for several hours.
