Then, after lovingly tracing Lee Forrest was a phenomenal soldier, through his almost perfect course of and nothing else, while Lee towered husband, father, college president and then to the heart-break of his above all of his Generals and all of his civic contemporaries in those dissolution, Professor Shepherd commoral qualities which ally us to the moral qualities which ally us to the heavenly choir. Why he did not of his book treating of the calamity after Burnside was overwhelmingly which befall the human race when and disastrously defeated at Freder-icksburg, drive the Federal General and his discomfited army into the pahanock river, or bag the whole force, I have never had satisfactory explanation. Jackson advised a night attack, but his plan was not adopt-ed. He was like Forrest; he saw no use in gaining victories without sub-stantial results, and believed that a beaten enemy should be kept on the move and either captured or demor-alized. Lee preferred to "build a lice to a prodigious blunder, like the exclu-sion of the state of Brutus from the the people remember all the more of Jefferson Davis because his name was den bridge for a flying enemy." This was the classic proverb; Forrest neither knew nor cared for the epigrams or proverbs of antiquity, and so performed, in the mere art of poor way, for years, feebly expressed what he formulates, though specwar prodigies which seemed to be in defiance of scientific strategy, "Give me," he said to Bragg, after the tre-words" and veracous eloquent. The mendous Confederate victory at one argument in opposition to his was notified. He could scarcely be-amount of road construction to be Chickamauga, "one brigade of in-fantry and with my cavalry, I will drive Rosecrans into the Tennessee river, or capture his whole army." I therefore it is a righteous verdict. believe he would have done it, just as Burnside would have been compelled to surrender at Fredericksstars." burg had a man like Forrest been in command or Jackson listened to.
