

The Barnwell People.

JNO. W. HOLMES, Editor & Prop'r

LARGEST COUNTY CIRCULATION

THURSDAY, SEPTEMBER, 28 1907.

If the cotton mills of the Piedmont section and the business men of the cities and larger towns of this State supply our going freight to the steamships of the proposed line between Trieste, Austria and Charleston the line will be a success, for the South of Europe, the islands of the Mediterranean Sea, Western Asia and perhaps Northern Africa will supply immigrants for the west bound voyages in sufficient quantities to make it profitable to the owners of the line.

The act of South Carolina Legislature creating the Department of Agriculture, Commerce and Immigration contemplated the encouragement of desirable people as immigrants coming to this country, but the United States laws admit all who comply with their lax requirements.

FOR THE FAIR IN THE FALL.

The meeting on Friday last of the South Carolina Agricultural Club was one of the best in its history, both in attendance, interest of proceedings and excellence of the dinner. Some seventy five members and a number of guests were present. Very liberal subscriptions were made to the Georgia-Carolina Fair fund, and it is ascertained fact that the Club's exhibits there will be a most creditable one.

\$5 Each—Bates & Simmons, H. W. Quinn, J. B. Morris, W. H. Duncan, R. B. Cole, W. G. Simms.

\$2 Each—F. H. Creech.

\$1 Each—G. W. Peacock, P. W. Price, O. C. Baxley, W. B. Cave, H. C. Roberts, C. E. Griffin, J. H. Woodard, B. Patterson, E. D. Peacock, G. M. Holly, B. O. Sanders, J. W. Bates, S. J. Halford, J. K. Snelling, J. R. Armstrong, J. C. Keel, F. M. Cave, H. L. O'Bannon, J. C. Griffin.

50 Cents Each—Laurence Sprawls, K. L. Usery.

The committee needs money to put on a first class exhibit and the parties herein named, who have not paid their subscriptions will please hand it the coming week to either Mr. W. H. Duncan, Jack Morris or H. W. Quinn, members of the Committee.

The following named articles are wanted for exhibition and any member who can furnish any part is earnestly requested to send their exhibit to Mr. W. H. Duncan or any other member of the Committee by October 27th 1907.

Corn—Stalks with ears and fodder in the m, 35 to 50, 50 each of White, Yellow, Red and speckled corn.

Cotton—Lint or bale cotton. Open cotton in the burs, 500 100 unopen bolls. 1 peck each of Stimm, Allan and Florida long staple cotton seed; 1 peck each of Peterkin, Black Peterkin, Toole, Bates, Harden and Hawkenshaw staple cotton seed.

Beans—1 peck each of Shilney, Unknew, Whipperwill, Red Cow, White Cow, Iron, White Crowder, Lady Finger, any peculiar peas.

Grain—1 peck each of Wheat, Rye, Oats, Barley and Vetch.

Potatoes—5000, 1 peck each, Vineless, Georgia, Cuban, Yam, Pumpkin Yam, Spanish, Red White, and Hotkin. 1 peck Irish potatoes, home raised.

Hay—1 bale each Peavine, Crab Grass, Crow Foot Grass, Broom Sedge, Joint Grass, Johnson Grass, Lespedeza, Mullen Cane, Millet, Fodder, Shucks, Oak straw and Sugar Cane Fodder.

Sugar Cane—24 stalks of Sugar Cane, all varieties.

Fruits: Pomgranates, Apples, Figs, Persimmons, Sloes, Crab Apples and Haws.

Nuts: 1 peck each of Walnuts, Hickory Nuts and Pecans.

Vegetables: Tomatoes, Turnips, Yellow White Purple Top and Ruta baga, Radishes, White and Red, Peppers, Green and Red, Lettuce, Squashes and Guinea Squashes; Okra on Stalk; Butter Beans shelled and unshelled; Horse Beans; Pumpkins large and small; Cusheas; Watermelons, any variety; Gourds, large, small and odd shaped; Fennel; Chufas, Millet heads, Red and Black. Any strange freak in the vegetable kingdom.

Miscellaneous: 100 large Pine Burs, 100 small Pine Burs, 100 Sweet Gum Burs, 1 large bunch of Pampas Grass. We want all kinds of grains, fruit, vegetables in addition to the above.

Green Citrus Melons, Green Figs, Bacon, Collards etc.

The Ladies are requested to help us in this exhibit by giving us samples of their preserves, Jellies, Pickles etc. If we get the proper support in this movement we can make some money from our exhibit to contribute to the opening of a Club House so badly needed. It will mean a lot to the standing of our Club among the sister Clubs to put on a first class exhibit and we earnestly ask your co-operation.

THE CHICKEN CROP.

The farmer men have had their ways all this year, and most of them have subordinated every thing to the cotton crop. The outlook to all such is not good for a Merry Christmas and Happy New Year.

Many good women have made more clear money this year in the chicken and egg business for home use and for sale than their tolerably good husbands will realize from their cotton crop.

Eggs and chickens will be scarce and high toward the holidays, and if the men will let the women folks have their way from now on, and help them as they have helped the so-called lords of creation will find out that their wives are indeed their better halves.

And the woman who sees herself to raise spring chickens for next year will be able, if she chooses to risk it, to lend cotton being money to her husband in June and July.

NOTICE OF ELECTION.

Notice is hereby given that an election for the establishment of a High School in the town of Allendale will be held in the said town on the 10th day of October, 1907. The district for the said High School is comprised of the districts known as present, the Allendale Special No. 1, No. 2; and district No. 1 in Built Pond township. At which said election only such electors as return Real and Personal property for taxation, and who exhibit their tax receipts and registration certificates as required in general elections, shall be allowed to vote. As directed by the Board of trustees of the Allendale Special District shall act as managers, and the election shall be conducted as provided by law for the conduct of general elections.

HOLD FOR 15 CENTS.

(Republished by request.)
Dr. W. W. Ray, a member from this State of the executive committee of the Southern Cotton Association, has returned from Jackson, Miss., where the committee met to name the minimum price which farmers will be expected to take for cotton.

It has already been published that the committee holds out for 15 cents per pound minimum. In talking of the matter yesterday, Dr. Ray said to The State:

"In response to a call of a meeting of the executive committee of the Southern Cotton Association, I left Columbia on Tuesday morning, the 3d. at 7:35.
"Examined as well as I could from the cars the cotton and corn crops from Columbia to Atlanta. These crops I found to be exceedingly poor, burnt up by the sun and rust showed considerable injury. I reached Spartanburg. There I saw a few crops which were good, but the balance of the way to Atlanta the crops were way below the average, in consequence of great drought. I saw nothing of the crop from Atlanta to Birmingham in consequence of the early frost. I immediately began to inspect the crop as we left Birmingham, and as far as I could see from the train the cotton and corn crops throughout Alabama and Mississippi were exceedingly poor, as a result of the same causes which affected the crops of South Carolina and Georgia."

I reached Jackson, Miss., on Wednesday afternoon. The next morning the Cotton Association held a session in the Knights of Pythias hall in Jackson. We had a good attendance. I was very much impressed with the personnel of the Southern Cotton Association, but I do not desire to make false statements of the condition of the crops. They evinced to my mind the greatest care and painstaking in coming to their conclusions; they seemed to have gone over the ground in their several States very carefully. After comparing notes the committee, by a large majority, decided that the coming crop would not be over 12 000,000 bales—12,000,000 at the outside.

South Carolina reported conditions about 10 to 15 per cent. better than last year; Georgia reported the same conditions as South Carolina; North Carolina reported about the same conditions as last year; Alabama reported conditions about 25 to 30 per cent. less than last year; Mississippi reported the crop materially less than last year, as a result of imperfect stands, having to plant over as many as four times, and a great many instances lots of the fields had to be abandoned, as the cotton failed to come up; the same conditions prevailed in Louisiana; Texas reported that they will be at least 1,000,000 bales or more shorter than last year, on account of the ravages of the boll weevil, also a lot of the cotton did not come up. In Arkansas they reported cotton in the bottom lands as being in bad condition; cotton on hill lands was poor having suffered very much from want of rain and in consequence of rust. Tennessee reported a reduction from last year. The Indian Territory and Oklahoma were not reported.

"The committee, by a decisive vote, stood for 15 cents as the minimum price for cotton. They think that the conditions warrant them in this demand. The editor of the Cotton Journal wrote an article in The Journal saying that 15 cents should be the price under existing circumstances and an article appeared in The Manufacturers' Record commenting upon the article aforesaid, sustaining the position taken by the Cotton Journal.

"The committee also stood for 20¢ per ton as the minimum price for cotton seed. A member of the committee who was a practical oil mill man and an oil mill owner said that this price was not exorbitant, but, in fact, was a just and fair one.

"I am satisfied that this committee is an excellent body of men, acting with the proper spirit, with no desire to unnecessarily advance the market, and it is their firm conviction and belief that the cotton will not exceed the estimate made, and under existing circumstances 15 cents is not a large price for our cotton.

In view of the fact that all other commodities have advanced in price we must have a good price for cotton, or other that we can obtain labor and compete with prices offered for unskilled labor in other enterprises.

"We were advised that the demands of the Farmers' union were similar to those of our committee. We urge all cotton growers to stand by us in this fight, and we will assure them that victory will be ours."—The State.

SAVED HIS SON'S LIFE.

The happiest mother in this little town of Ava, Mo., is Mrs. S. Rippee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him; when by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for ten weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold remedy by R. A. Deason & Co., Druggist. 50 and 41-100 Trial Bottle free.

ANOTHER CHANCE.

Mrs. Ethel W. Blair, the white woman found guilty of manslaughter in Columbia last week for killing her husband, was given a new trial for the reason that the jury trying her case was allowed to visit the scene of the homicide without her being present and because of new evidence.
