The health hunters and pilgrims of pleasure will'soon return from mountain and seashore, convinced that there is no place like home. The writers of Barnwell personals

Barton Notes neglected sending heir real names and their favors went into the waste basket. The advertisement of the High

on Saturday from a thoroughly enjoyed sommet tour through the north and Canada, Their stay among King Edward's free American subjects was a constant chapter of delights.

The attention of merchants and farmers who ship cotton to Savannah is asked to the advertisement of Messrs Furse & Lawton. Both, members of the firm are of good Carolina stock, well trained and poised business men and will achieve success by deserving

It is a pity that the Senatorial and State campaigners were not here on Saturday It would have done them good to see how nicely rival candidates can get along in the discussion of is sues, without passion or prejudice, and how well the people listening respond to such good manners.

Quite a number of our farmer friends are turning over the new leaf now. without waiting for the beginning of a new year. They are going in for more small grain and stock, more ease and comfort and home improvement than ever before and king cotton will not rule them so cruelly in the future

Mr. Frank Kennedy of Rosemary brought us on Saturday three ears of corn that prove there is more in the man than in the land. They measure ten inches and upwards in length and were grown on pure sand hill land and without a bit of fertifizer. He planted an acre for forage but it made more than his stock could consume and he will save seed for next year. it was Aldrich seed he planted.

Friendship Baptist church had two days of interesting services Saturday and Sunday last Son Saturday W. G. Britton preached a sermon on the Deaconste after which an election was held and the four following young men were chosen L. S Still, A. N. Black, D. Grubbs and J. T. Still. On Sunday morning Bro. S. P. Hair the pastor preached a strong and appropriate sermon when the ordination took place W. G. Britten delivering the charge and S. P. Hair the prayer. All these young men are of fine character and Friendship is to be congratulated.

Just as we expected the county candidates on Saturday drew twice as many hearers as the Senatorial and State visitors, and received a more cheering greeting. For they were home folks, the men who will make W. V. Richardson, and will be kept and administer laws for the next two open until September 3rd, 1908. It is and four years and go in and out necessary to secure a new certificate to among the people.

The meeting was held in the circle. There was applause to stir the pulses Town of Barnwell. and a gentle breeze from the sea to temper the August heat. All spoke well, better than at previous meetings. and if they improve in proportion at Allendale the voters will be indeed puzzled to know for whom to cast Address their ballots.

For several years the general picnic enjoyment has ended with that given by the good Rich Land people. They do not for their own glory attempt to ellipse others but simply gratify to generosity of their town ship, a copitality that has come down to them. Irom ancestors. They also Blackville and twenty five square miles demonstrate their perfect excellence as adjoining and adjacent thereto. no providers and preparers of the good is hereby given that said election will be eatables that remind visitors that the held at Park Hall in the town of Blackold and the new Souths have united ville on Saturday, August 22d, 1908.

The gathering on Friday was large and in pleasant association the people for a time forgot their suffering crops polls will open at 8 o'clock a. m. and and the hard times ahead. It was a close at 4 o'clock p. m. and the said good place to be, one to be remembered election be conducted as required by with pleasure, and a date to be kept in law. The ballots voted shall have mind for next year.
