There is a good and a bad side to every business. The plentifulness of cotton picking will be offset by the usual scarcity of cooks &c.

According to the news we get cotton and corn have "about done their duty" and the average yield of this county will not be above that of last year.

If Mrs. B. P. Davies approves Barnwell as much as she is liked here, she and North State will have to be very nice indeed to keep her among its hills.

Master Wilbur Holmes Porter of Columbia was so fine and manly a visitor last week that we have picked out a Barnwell girl as his sweetheart about 1925.

An informant, whose name will not be revealed, tells us that of the many picnics he has enjoyed this year that in Rich Land on the 11th inst. took the cake.

For years August 13th has been our luckiest summer day for subscription payments. Last week, however, only one, Mr. T. O. Garrison, made good on that day.

Barnwell's second bale of new cotton was brought in on Saturday by Itany Brown, colored. It weighed 477 lbs and was bought by Molair & Potter at 12 1/2 cents.

Some time ago Mr. Tom S. Black of Galilee had a fine mare and some hogs killed by lightning. On Monday one of his colored tenants Joe Simons had a nice heifer and two hogs killed by lightning.

The Knights of Pythias will capture Barnwell on next Tuesday and everything from the White Oak Spring to Sherwood race track will be theirs while they abide here, the longer they stay the larger their title.

Birt's happy and hospitable home on Friday. And not until a full year rolls around will there be another re-union of this happy throng. Of the many gathered there only those two had worn the grav. Capt. G. E. Birt, and Mr. D. C. Burckhalter.

Having completed court work at Edgefield expediently Judge Robert Adair will visit his Barnwell home from Friday until Tuesday, when he goes to Glen Springs. In September he will preside in the Mann-Over-Creek until the middle of De-

ANOTHER HOMICIDE.

On Sunday, John Gaines, colored, was killed by Peter Greene, also colored, on Mr. Lawton Blanton's place, near Williston. A pistol was the weapon used. Sheriff Crook went to the neighborhood Sunday evening, and after searching several houses succeeded in arresting Greene, who was lodged in jail that night.

TIMELY ADVERTISEMENTS.

Cotton factors Furse & Lawton of Savannah again tender their best services to Carolina farmers. In their ads are listed the best and most energetic of young men and the high principles of sterling ancestors. We commend to every machinery using reader of our care the reading of the advertisement of the Summer Iron Works. From our near by, delightfully little city they may get a quick time, exactly what is wanted. Keep this copy of THE PEOPLE for future reference.

PEERLESS PREACHES.

We had them last week, the kindly gift of Mrs. W. P. Blaine of Long Branch. They were as beautiful as nature could make, with all the soundness and sweetness of sunshine and shower, dew drops and moonlight and whispering winds blest in their full richness and exquisite flavor. They had the taste and color of years of the unceasing summers when life was all a fair morning and the future shied without the shadow of a fleecy cloud. No prince or president had a finer treat than we, the fruit of the noblest seedling, tree below Mason and Blanton's and we hope for nothing better in the days to come.

UNION MEETINGS.

There will be no Union Meetings on the next 5th Sunday for the following reasons. All the members of the committee on program, except myself are absent, and I do not like to assume the entire responsibility of it. The meetings are always poorly attended by some of our pastors, and as many of the pastors are either on vacations or in meetings, especially those who are the mainstay, it is unwise to depend on them. Again the Union meetings are so close to the S. S. Convention which meets at Healing Springs, that the pastors are unable to attend. We have advised that the churches send brethren to the Convention, and have the Union Meetings at these same churches when the next 5th Sunday comes.

ELKO NEWS.

We have been delighted by having our town full of visitors for the last two or three weeks. Nearly every home was festive having two or three guests. Misses Avis Cave and Nellie Brown, Spartanburg belles, are guests of Miss Lottie Drummond at Lake View. Miss Drummond was hostess last Thursday evening at the lawn party complimentary to her visitors, the climax of the week's pleasures. About sixty of the best young folks including their guests attended. The lawn in the beautiful grove was lighted with lanterns, and here and there rustic seats beneath bowing limbs offered cooers for cupid arts. Games of all sorts were indulged in, after which delicious watermelon was served. Mrs. Alice Thomson and Mr. R. N. Wilson have just returned from a month's stay with relatives in Virginia. The home of Mr. and Mrs. Horace J. Crouch has been honored for the past few days by having as guests Miss Selma Richardson of Henderson, and Misses Beatrice Brown and Albert Smith of Anderson. Last Thursday, Friday and Saturday Mr. and Mrs. Crouch and their company were guests of Capt. L. C. Richardson U. S. N. on board the Atlanta at Charleston, S. C. The new store of Mr. F. P. Lee, now of Williston, is nearing completion and Mr. Lee hopes to be in business down within the next month. Elko cordially welcomes Mr. Lee and wishes for him much success in his new field. Miss Fannie Johnston is visiting friends at Bethune this week. Miss Johnston was last session employed as teacher in the Florence High School. She has been elected to the same position and will return to Florence soon after her return from Bethune. Miss Dora Stansell of Charleston spent last week with Miss Mary Stansell. Mr. S. N. Green of Blackville, Mrs. Thompson of Elko, and pretty Misses Marie McGowan of Spartanburg and Daisy and Kittie Green of Blackville were visitors at Mr. Stansell's last week. Misses Mollie and Lillian Hutson of Springdale were guests at the home of Mrs. A. B. Owens' four days ago. Miss Emma of Augusta is here, spending several days with her cousin Miss Alma Hair. Miss Gertrude Kammer of Blackville visited Mrs. Edna Last last week.

ONLY GONE BEFORE.

On Friday last, after many weeks of weary suffering, so bravely yet so patiently borne, Mrs. Bess Armstrong, daughter of the late Dr. J. C. Miller, wife of Treasurer John H. Armstrong, closed her gentle eyes in earth's last slumber, to wake into eternal life in the Paradise above. From early life she had been a devoted, consistent member of Mt. Arnon church and there, in that beautiful God's Acre, her body was laid to rest on Saturday afternoon in the presence of a multitude of loving, sorrowing relatives and friends. The flowers that rest above and the blooms that other openings shall bring are and will be fitting types of the sweet memories that shall keep in the hearts of all that knew her until they shall gather to her welcoming in the better home above. She is survived by her loving mother, devoted husband, eight affectionate children, two brothers and three sisters.

To them in this sorrow that words of comfort can not lighten go the sympathies of uncounted hearts, of unnumbered homes. Yet the recollection of her life, so faithful and true, so unselfish in its service to her own, so helpful in its example to others, so firm in the faith of the religion she lived gives them fullest assurance that she waits their coming beyond the crescent and sufferings and partings of life through which she was called to pass.

FINISHED HIS COURSE.

Dr. L. C. Stephens died at his home in Greenville on the morning of the 13th inst. after a brief illness, aged 71 years. A native of Colleton District he gave four years of his young manhood to the service of the Confederate army, preserving sacred to the last the treasured memories of the lost cause. After the war he located in Blackville, practicing his profession with signal success and self-forgetting sacrifice until his removal some nine years ago to the mountain city.

The high regard in which he was held by the medical profession was shown by his election to the Presidency of the State Medical Society, an office that he filled with distinguished honor to him and complete satisfaction to his brethren in the service of suffering humanity. He has left behind him by his friends was too great and true to be told in words—only tears and thoughts of the good deed, the warm heart, the tender hand can measure it. But a few days ago we thought of him while glancing over a copy of his "Historical Sketch of the Surgery of South Carolina," published in 1883, and awarded the prize of seventy five dollars offered by Dr. H. O. Marry of Boston. He has gone before, but his memory is sweet in the hearts that loved him.

SPREADING SUNSHINE.

Blackville, S. C., Aug. 18, 1909. Editor People: The crops through this the Edisto section of the county, are fully up to the average as compared with other years, and the people are looking forward to a bountiful harvest of corn, cotton, peas, potatoes, cane and other things that go to make them happy and contented. On Saturday last Mrs. Jessie E. Ray gathered a few laboring children and took them down to the creek, just back of the farm, where the day was spent fishing and feasting some of the fish caught weighing as much as two pounds. The children were much delighted with the occasion, and in addition to the fish, seemed to relish the melons, peaches, apples and other good things that were on hand. Mr. S. E. Ray and wife will leave today for Blue Springs, Ga. near Mrs. Ray's old home to visit relatives and friends; they expect to be gone about two weeks. Editor.

WHEAT NEWS WANTED.

We know of a number of Barnwell County farmers who have made good wheat crops in past years. And we will assist each and every one of them to write us before the first day of September how they did so. We want to know all that they can tell us, about the best soil for wheat, its best preparation, the best planting, time and manner of sowing. Don't hide your light under a bushel, dear reader. Write us just as you would tell your experience to a neighbor. We will make any correction needed in spelling or grammar. We mean business in asking this of you. Now don't wait with the expectation that somebody else will be good. Your name will be put on Blackville, and your name is on the tip of our pencil.

Dr. Mell has been engaged in college work 21 years and desires to retire that he may engage in permanent literary work. He is now 60 years of age. Brother Farmers!

For more than forty years the farmers of the South have been going to the dear school of experience. Against odds and conditions harder than the world has ever known they have learned slowly but all the more surely that true and genuine agricultural prosperity is to be gained only through diversified farming.

We have, at our own expense, clothed the world and enriched the cotton manufacturers and merchants of the East and West. But a BETTER DAY DAWNS for us. Let us waste no time in seizing the golden opportunity.

We know now that the soil, seasons and land freeness of our section of the State give the counties of Barnwell, Bamberg, Aiken and Orangeburg advantages for the profitable growing of small grains surpassing those of any other quarter of the United States.

Let us make our section the Egypt, the granary of the South, thereby best utilizing our labor supply, most surely and safely and cheaply increasing the productivity of our lands and having money bringing crops for sale all the year round.

The Whittle Seed Oats, Bancroft and Appler varieties, are all right. They suit our section, are immune against disease and when given a square deal never fail to reward the up to date farmer many fold. Secure your seed now and get ready for a long advance toward financial independence and prosperity.
