ELKO NEWS.

The opening of the Elko Graded School on Monday was an auspicious one. A successful session's work is credited under the able management of Prof. J. R. Sullivan of Union county Georgia as Principal, assisted by the very accomplished assistant Miss Lucy Anderson, of Waterloo, S. C. The patrons and friends of the school have extended a cordial welcome to the new teachers and have expressed their willingness to cooperate with them in their efforts to improve the children. Quite a number were present at the opening exercises, and praising that there are so many such schools in this county.

LONG BRANCH PHILOSOPHY.

We are requested by some papers to write the coming and going of the Summer visitors and how so many hearts are broken by their departure here, but we sometimes think that the situation is caused from the fact that ere is hardly a chicken or ham left on the trunk and we are left alone to subsist on chick meat and green peas. What we want to tell was about a chicken which we attended at the residence of Mr. J. R. Lancaster in Blacksville August 25th. It was the birthday of his mother, Mrs. Lancaster who had reached her eightieth birthday. The attendance of Mr. J. R. Lancaster and his family was quite a number of his great grand children. He had a few invited guests. Mrs. Mas as volunteered these fragments they did and fragments have perhaps on the day when we had a very good meal all he was any the day. The remainder of the fatten was sold at the market. The corn was plowed, two inches deep, making a total of 75 acres. The corn came up in a grand manner, undisturbed by wind and the air. The corn is now in the hands of the farmers near by fields have been three feet from the ground. The old farmers have measured small average line, compared to the standard.

TELL THE TEACHERS.

The white teachers of Barnwell County, that they are expected to lay aside all other plans and attend the meeting to be held at Barnwell on Saturday next to reorganize the County Association. Many of them do not take a county paper, and may not know of the meeting unless told of it.
Superintendent Crouch has arranged an excellent programme. Addresses will be delivered by:
Prof. Powers W. Bethes of Allendale on "The Boy in the School Room."
Rev. John B. Goodie of Barnwell on "The Relation of the Patron to the School."
Prof. Geo. W. Coggin of Blackville on "The Preparation of the Teacher."
Some teachers get acquainted with each other and catch the enthusiasm of doing the best work of your lives as educators of the coming men and women of the country.

Notice to the People of Barnwell and Bamberg Counties.

Blankets furnished on application. And in order to secure one thousand policy holders within the next 60 days we have decided to write fifty policies in each township at cost as follows: Advances assessments \$1.25. Policy fee, 50 cents, making a total of \$1.75 to secure membership in the association. This offer to close December 15th. After that date we will put a canvasser in the field and the admission fee of five dollars will be charged each applicant. Write for information and application blanks and secure membership at once, to Frank H. Creech, President, or William McNab, Secretary and Treasurer.

GOOD COLD WAVE.

The cold wave that started from the northwest last week was a blessed dispensation, for it drove out into the Atlantic Ocean the great mass of warm air that had accumulated in the latter part of the week.

BARNWELL BAMBURG SUNDAY SCHOOL CONVENTION.

This body met in its annual session at Healing Springs, Wednesday of last week and held sessions until Friday evening.

Twenty eight schools were represented by delegates, several of them sending five, the whole number allowed each school, showing the increased interest taken in the Convention.

The committee had prepared an excellent programme, containing topics for discussion of some of the most important difficulties met with in the successful prosecution of Sunday School Work.
E. S. Reaves of Fort Mill, E. C. Cosland, Field Secretary of the Baptist Sunday School Board of Nashville, Tenn., with J. D. Moore, Field Secretary of our State Board, were present and added considerably to the success of the Convention.

S. P. Hair was elected President, I. H. Hutto and J. A. Jenkins, Vice Presidents, W. G. Britton Secretary, W. S. Mills Treasurer.
One of the best features of the Convention was the object lesson given by Miss Clara L. Johnston, who taught a class of young men last Sunday's lesson, she kept the entire Convention intensely interested for thirty five minutes showing what can be done by study and fact.
Miss Bessie Willis, though not present sent a carefully prepared and interesting paper on subject of "Organized Classes for Young Women."

During the Convention 70 Certificates and Diplomas with red and blue ribbons were presented to the Convention's normal class, showing that interest in this department of Sunday School activity is still intensely alive within our bounds. Your writer during the Convention could not help thinking what a pity was that our whole county was not within the bounds of Healing Springs settlement; they are few in number but ideal hosts, nothing too much trouble and I such hospitality; every house wide open for every body and any body welcome and the dinners spread down by the pool make one wish that the Convention would last 263 instead of three days.

W. H. Simpson need not have been basified in making his address of welcome in which he said plenty about water and little about something to eat, good water and good things to eat were none too plentiful.
The choir gave excellent music which was much appreciated.
The speeches all showed preparation. The two Banners were won by Hunters Chapel and Bamberg Sunday Schools.

The next Convention goes to Long Branch Wednesday before first Sunday September, 1910.

IN LOVING MEMORY

of Mrs. L. F. Carr, who departed this life August 12th, 1909. She was a devoted wife, a loving mother, and true friend. She leaves a husband, seven daughters, four sons, a mother, a sister and a brother and a multitude of friends to mourn her death.
While on her dying bed she bore her afflictions with Christian faith. We hated so badly to give her up, but God death all things for His glory, and we feel that she has gone to rest and would not call this back to this world of sin and sorrow.
Dearest mother, thou hast left us And thy loss we deeply feel, But 'tis God that has bereft us, He can all our sorrows heal.
A Friend.

Brother Farmers:

For more than forty years the farmers of the South have been going to the dear school of experience. Against odds and conditions harder than the world has ever known they have learned slowly but all the more surely that true and genuine agricultural prosperity is to be gained only through diversified farming.

We have, at our own expense, clothed the world and enriched the cotton manufacturers and merchants of the East and West. But a

BETTER DAY DAWNS for us.

Let us waste no time in seizing the golden opportunity.

We know now that the soil, seasons and land freeness of our section of the State give the counties of Barnwell, Bamberg, Aiken and Orangeburg advantages for the profitable growing of small grains surpassing those of any other quarter of the United States.

Let us make our section the Egypt, the granary of the South, thereby best utilizing our labor supply, most surely and safely and cheaply increasing the productiveness of our lands and having money bringing crops for sale all the year round.

The Whittle Seed Oats, Bancroft and Appler varieties, are all right. They suit our section, are immune against disease and when given a square deal never fail to reward the up to date farmer many fold.

Secure your seed now and get ready for a long advance toward financial independence and prosperity.
