CORONER'S JURY SAYS COHEN **KILLED BY UNKNOWN PARTY**

SOME MORE TESTIMONY

Bullet Found in Body of Young Reporter Proves to be 38, Thus Clearing Brown and McDonald, From Whose Pistols it Could Not Have Been Fired-Quiet Reigns.

The coroner's jury investigating the death of Sidney J. Cohen returned the following verdict at 1.07

O'clock Thursday morning:
"That the said Sidney J. Cohen
came to his death October 15, 1915, at Roper hospital, Charleston County, from a 38 calibre pistol shot wound, said pistol having been fired from vicinity of doorway between anteroom and executive committee room on the southwest corner King and George streets, Charleston county, by party or parties unknown to this jury, on October 15, 1915."

According to the report of the correspondent of The State Wednesday's testimony was so voluminous that only the high lights can be indicated. Kivy Pearlstine, M. D., who performed the autopsy upon Mr. Cohen, said death resulted from hemorrhage, due to a gunshot wound entering the right hip, ranging forward and upward across the body, piercing the small and the large intestine, severing the internal iliac artery and producing hemorrhage into the abdominal cavity.

The bullet lodged in an abdominal muscle on the left side, about three inches above and a like dis tance forward of the point of entrance on the other side. The only external bruise was one on the chin made by use of a pulmotor in an attempt to revive Mr. Cohen.

Dr. Pearlstine produced the bullet he had removed from the body, which he said was of lead and in calibre was 38. He said he had kept it constantly under his own eyes until he had given it to the coroner under seal in an envelope indorsed in his handwriting. He opened this envelope in court and identified the bul-

This bullet had assumed great importance, because testimony had been given from which either Henry J. Brown or Edward R. McDonald, the men under arrest, might have been suspected of firing the shot that killed Mr. Cohen. But the police Thurs-day identified as Brown's weapon a Colt revolver of 32 calibre and as the same calibre, but carrying steel jacketed lead bullets.

Other testimony was that all the police officers present were armed with revolvers carrying lead bullets. Frank Hogan, had 38 calibre guns. some of the testimony indicated that both of these officers discharged their revolvers in the molee. Whether or not any of the other 38 calibre revolvers taken from persons in the committee headquarters Friday had

een fired did not appear in evidence. John Murphy, a Grace committee-man, said that Brown fired northwestward. Mr. Cohen fell in the southeast corner. He said he could positively swear that the bullet from Chief Cantwell's gun, when the weawas discharged in the scuffle with Brown, went through a window. He said he could see both of Wingate's hands while he and Brown were struggling but saw no pistol in

William O'Brien said he saw Wingate on the floor bleeding, while Brown stood nearby, gun in one hand and box of cartridges in the other, apparently reloading.

Max Goldman said he saw Hogan disarm Rentiers in the antercom. "That started the whole trouble," he declared. The witness said he was not armed

He himself "covered" and disarmed several persons, he said, among them Harry Steencken, George Rentiers and John Healy. He denied that he fired at any time his own gun, a 38 police revolver.

Brown fired the very first shot, he asserted. "It went into the side of the door frame and is there yet." 'John Healy, a former sergeant of police, had stood guard over the bal-

There must have been 15 to 18 shots. W. S. Moore, a restaurant keeper, testified as to threats he said Brown guns in the street," he said. McDonald had killed a negro while he was on the force. Brown had struck a man with an axe. He saw Brown in the northeast corner with a pistol. He claimed to be a deputy. The witness' gun went off in his struggle with Brown. The bullet went out of the window. Brown then submitted and police protected him from the crowd, including

McDonald's had an empty shell in the barrel and lacked one more cartridge of containing its capacity of ten. The witness said the police hold six other guns besides these, all of them confiscated at the committee rooms. He denied that Hogan said to him, "There will be hell when I get there." He denied he had pointed a gun at Steencken. Denied he had said to Hyde wit-"Come in, you cowards."

He saw Brown back in, drawing his pistol, and shoot down Wingate. Brown was there as one of his witnesses. He saw James Sottile picking up a gun from the anteroom floor. He saw no weapon in the hands of Wingate at any time. Brown's back as he fired was toward where Cohen had been seated.

W. Turner Logan said he saw Brown and Wingate quarreling, but was swept into the antercom then by the rush of men and when he returned, pistol in hand, Wingate lay on the floor. Secretary of Navy Makes Public the Proposed Expenditures for Increasing Sea Forces of the United State

-Has the Support of Many Lead-

Official estimates of the navy's part in the administration's billion dollar national defense program were made public Tuesday night by Secre-Brown's and McDonald's weapons tary Daniels. They show that within five years it is proposed to spend \$502,482,214 on construction of new ships, development of aircraft and creation of a huge reserve of ammunition and guns for the navy.

The five-year building program contemplates construction of ten dreadnoughts, six battle cruisers, ten scout cruisers, 50 destroyers, 15 seagoing submarines, 85 coast defense submarines, four gunboats, one hospital ship, two ammunition ships, two fuel oil ships and one repair ship. Chief Cantwell attributes the whole The last of the vessels will be built

Secretary Daniels will recommend of 7,500 bluejackets, 2,500 apprentices and 1,500 marines, a total of 11,500 men. With this addition to the personnel it is estimated that all battleships not more than 15 years old, destroyers and submarines built within 12 years, half of the cruisers and all of the gunboats and necessary fleet auxiliaries, can be manned and an adequate reserve be maintained for vessels on the reserve list. To officer the additional forces of marines the secretary will recommend appointment of an additional brigadier general, two colonels, two lieu-Brown after he surrendered.
