## PRIMA DONNA SCOUTS' PAL

Madame Ernestine Schumann-Heink has a special place in her heart for the boy scouts. A promise made by her eighteen months ago to the scouts of Boise, Idaho, to go camping with them and sing for them around the campfire, is still unfulfilled, but that Jonah. the great prima donna has forgotten neither her promise nor her scout friends is shown in the following letter recently sent by her to the scouts of Boise.

"My Dearly Beloved Scout-Sons:

"Don't lose faith in me, please. If you knew how hard I work, after I was two and one-half months ill, near dying; how I had to make up all the postponed concerts and bank and 60:1-3) house-oh, gee, all sorts of things to attend to, you would forgive my not coming or writing. You see, boys, I primary meaning of this is not the in-am, with all my many thousands of carnation of the Redeemer, but His friends and own family, alone. There is no loving husband. Since twentyone years I lost the fine, dear father of my children, and since I am to fulfill the duties of father and mother, and sing besides. As you know, my children now all are married, have their own children. I am free, so you think, to run around and around and enjoy life, but not I. My duties are just as great, and even harder, though I love it and I am happy to be 'the most necessary fact' in many ques-

"I cannot conceive of a more laudable use of the surplus energies of the boy scouts than in helping in the task of bringing about the total extinction of the common rat, the recognized pest throughout the world," says Doctor Hornaday. "The boy scouts should be commended and encouraged in the ruthless killing of quest that others accompany them. rats. If the loss of the millions of dollars to agriculture and the trade, caused by these animals, is not sufficient to justify destruction, then consider the further menace as the carriers of many contagious diseases which they alone are the means of scattering broadcast. In my opinion there is no danger of impairing the morals of boy scouts or encouraging ruthless slaughter of wild animals while engaged in the extermination of these loathsome pests. If the Boy Scouts of America should be the means of killing off all domestic rats and rodents they would be entitled to a medal and a monument a mile high to show the appreciation of the world in general."

## THE PRESIDENT ON SCOUTING

President Coolidge is a firm believer in the boy scout movement. "Your organization," he has said to the scouts, "serves to preserve and bring our valuable traits, and I believe that the Boy Scouts of America have a great future before them, and constitute a real force working for good citizenship."

Women Barred by Will. "No women to be permitted to be present when my estate is being disposed of," is the injunction set forth by Adam Seiferth in his will, filed in New York recently with an appraisal of his estate. Although Seiferth left an estate of more than \$60,-000, including several houses, he lived the life of a hermit at Bay Ridge for many years, occupying several attic rooms in the house he owned.

included in Seiferth's directions to his executors was this specific expression of his objection to women being present at the settlement of his estate: "It is my desire that none of the wives of my brothers residing in this country be present when my estate is divided."-New York Times.
