The Big Bond Issue.

The People has received a number of communications, from one source and another, urging this paper to advocate the proposed ten million bond issue, which is to be voted on in next Tuesday's general election.

The editor of The People has always been an advocate of progress, but progress does not always mean going into debt and spending money. We believe that certain of the institutions to be benefitted by the proposed bond issue need more financial assistance, but we favor the pay-as-you-go plan in this as we favored it in the road-building program.

We are more in favor of aiding the public schools than the institutions of higher learning. A comparatively small number of young men and women go to college and the parents of most of them who do are financially able to pay for improvements and enlargements, which should be included in the tuition fees.

With the people of South Carolina clamoring for lower taxes, on top of a more or less disastrous crop-year with unsatisfactory prices, we think that this is a bad time to saddle the taxpayers with a big bond issue. We, therefore, cannot conscientiously urge the people of Barnwell County to vote in favor of this proposed bond issue.

Death of an Infant.

The friends of Mr. and Mrs. R. E. Kennedy, who live several miles East of Barnwell, will sympathize with them in the loss of their little daughter, who died October 17th, aged seven months. The little body was tenderly laid to rest the following day at 11 o'clock in the Friendship Chapel yard. She is survived by her parents, two sisters and four brothers.

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE consists of an ointment which quickly relieves by local application, and the Internal Medicine, a Tonic, which assists in improving the General Health. Cramping Spells

"FOR MORE THAN A YEAR I had been in a very bad condition," says Mrs. R. E. Kimbrell, of Route 1, Dorchester, Texas. "I suffered with cramping spells which gave me bad pains in my back and sides. Sometimes I would have to catch at something, I would get so suddenly dizzy. ... I had to quit doing my work. I tried many remedies, but none of them seemed to do me any good."

"In April I went up to Arkansas to visit my sister. ... She said to me, 'Willie, if you are going to take anything, take Cardui. It will really help you.' I came home and told my doctor what she had said and he said I could not take any better tonic, so my husband immediately got me a bottle and I began it. ... My case was a pretty tough one, I know, so I kept on faithfully. After the fourth bottle, I began to feel very much better, so much so that I was surprised at myself. I have taken six bottles now and I can truly say I feel like a different woman. ... I feel fine and I owe it all to Cardui, which I took faithfully."
