**Home Trade
Hands a Knock-
out to Poor
Business When
It Tries to Get
Into This
Community.**

Poor Business hasn't a chance in the world to gain a foothold in this community while the Home Trade Champion is in form and working to defend our rights. Home Trade, in addition to protecting all of us from Poor Business, is constantly building up defenses that will prove of wonderful aid in times when the entire country is marking time and general business conditions are below normal. Home Trade is a champion only so long as we all take a hand in his training and keeping him fit. So, since our interests are mutual in this important duty, let's all work together for its fulfillment.
