Getting New Industries.

The Herald has been a little amused at the excitement caused in Barnwell by the receipt of a letter from an advertising agency inquiring about the possibility of locating a factory there employing 500 persons.

The People is very glad indeed that the live-wire action of the citizens in Barnwell in reference to the inquiry has at least furnished amusement to The Herald.

"Barnwell, the Town of Opportunity."

The People suggests the above as a slogan for Barnwell, for Barnwell is a Town of Opportunity.

portunity awaits those who may decide to cast their lots with us. We are quite sure that the offer to furnish a suitable site free of cost and tax exemption for a period of years will be extended to other worthy enterprises.

We have one of the best towns in South Carolina. We who live here know it. Now, let's "tell the world" what we have to offer.

Why Not Have a Field Day?

Several years ago, Barnwell County had an annual Field Day that was a credit to the schools, the pupils, the teachers and the county as a whole.

Why not revive it?

Barnwell County schools have made great strides in recent years. There are high schools in practically every town and the rural schools of today compare favorably with the high schools of a few years ago.

The people of Barnwell, we are sure, will gladly cooperate with the school authorities in making the event a success.

What say you, Supt. Crouch, Prof. Robison and others interested in the welfare of our schools?

The People is glad to see that several local business men are devoting more attention to window displays. We could mention a number that have added immensely to the attractiveness of their stores by doing this.

Two newspapers—a daily and a weekly—have complimented The People recently by "lifting" several live news stories from this paper.

Just about the time you get used to these new taxes the newspapers will be advising you to do your Christmas shopping early.

No Locality or Section of the Country is Immune

You cannot prevent windstorms—your only protection is insurance.

Windstorms and tornadoes swoop suddenly down without warning, toppling chimneys, tearing off roofs, smashing skylights and even wrecking stout buildings.

Consider the cost of repairing a roof, rebuilding a chimney or replacing window panes and compare it with the cost of a Windstorm Insurance Policy.

Low rate policies give you protection you cannot afford to be without.

"I took Hobo Kidney and Bladder Remedy and I think I am entirely cured; the doctors say I am. I am running a locomotive engine every day and weigh 196 pounds. I feel for the suffering of others, and it does me good to inform others of the faith I have in Hobo Kidney and Bladder Remedy."
