The watermelon growers will commence to ship melons next week. Shoes, shoes, shoes. All styles for everybody, at McCrae's, Denmark.

Rev. H. C. Brabham, a missionary student, preached at the Baptist church last Sunday.

If you want the news of Bamberg county, you must surely read THE BAMBERG HERALD.

Mr. J. D. Quattlebaum is at Ehrhardt supervising the erecting of his town, and he will move his family to that town next week.

The first watermelons of the season were for sale on the streets June 23rd, campaign day, and several loads were here last week.

Candidates who want to get in the primary had best announce themselves soon. The 10th instant is the last day on which pledges can be filed.

If any of our citizens have not been counted by the census enumerators, they should let the matter be known. Let none be overlooked.

The frequent rains will make it all the more imperative that premises be kept in proper condition in the city; otherwise we may have an epidemic of fever this summer.

Clerk of Court Free paid a visit to Colleton county last week, and he says the crops in the section he visited are damaged very much, and the yield of cotton will be short.

The census enumerators have nearly completed their work. The population of Orangeburg (the town) will be about 4,500. Many thought it would reach 5,000—Orangeburg Patriot.

There is a strong sentiment in town in favor of establishing a new cemetery, and we hope it will materialize. All the lots are taken up in the cemetery now, and something will have to be done.

The paper is issued on Thursday this week instead of Wednesday, and the crops in the section he visited are damaged very much, and the yield of cotton will be short.

If the old adage "miserly loves company" is true, our farmers have the consolation of knowing that all the cotton farmers in the country are having too much rain, and that grass and weeds are hard to kill.

The farmers who make their wheat supply this year—and we are glad there are so many of them—will hit it lucky. The great failure in the Western wheat crop will cause flour to be high in the future.

Straw hats in endless varieties, at McCrae's, Denmark.

The quarterly statement of the Bamberg Banking Co. shows that institution to be in fine condition, and prospering under the able management of President H. J. Brabham, Cashier W. A. Riley, and Assistant Cashier D. C. Riley.

Work has been commenced on the buildings for the oil mill, and the work will be pushed as rapidly as possible, in order that the mill may be running by the fall. The building will be a brick, two stories high, and the seed houses, etc., will be of wood.

By reference to an advertisement in another column, it will be seen that there is a vacant beneficiary scholarship in the Citadel Academy from this county, which is to be filled by competitive examination. Blanks and full information can be obtained from Superintendent W. E. Sease.

The town of Bamberg is one of the few places in the State that is hospitable enough to entertain the State campaign party free of charge. Those who stopped at hotels as well as private houses enjoyed free entertainment. The county Democratic executive committee paid the hotel bills.

The recent rains have damaged crops in this section very materially, and in some cases the grass is so high that the cotton is being smothered. Many farmers say they will not make more than half to two-thirds of an average crop, and cotton ought to bring a high price this fall if similar conditions obtain all over the cotton belt.

Master D. G. Copeland, who graduated last month at the Carlisle Fitting School, is only 14 years old, but has represented the Model Steam Laundry, of Augusta, at this place, for some time. He has given up the agency on account of absence from town, and the proprietor, Mr. W. C. Clark, states he is sorry to lose him as an agent, as his methods have been prompt and business-like, and assures him that he will succeed in whatever he undertakes in life. Master Copeland will attend some college this fall.

A handsome line of summer clothing, suits, serge coats, alpaca, crash, etc., at McCrae's, Denmark.

Judge Gage has rendered his decision in the case of Walker vs. the S. C. & G. railroad. It will be remembered that this was a suit brought against the railroad for the killing of Mr. Wiley S. Walker, section master at Denmark, and the jury gave a verdict for \$10,000 damages. A motion for a new trial or reduction of the verdict was made, therefore Judge Gage, who was asked to grant a new trial or to reduce the damages. The railroad will now no doubt appeal the case to the State supreme court.

Mr. Hugh A. Ray announces himself in this issue as a candidate for Magistrate at Bamberg.

We regret not being able to attend some of the picnics held yesterday, but we were too busy.

The weather here has been oppressively warm for the past week, the mercury hovering near the nineties.

A new cemetery is needed at once, and our citizens should get to work immediately on so important a matter.

In the coming county campaign, we hope to see a quiet, orderly and decorous contest for the different offices.

The Waterbury Press and Standard says: "Mrs. W. P. Jones, of Bamberg, visited relatives here this week."

Court will convene here on Monday, the 23rd instant. Judge Gary will preside, and the jury will be drawn next week.

We want a good correspondent at every postoffice in the county, and would be glad to hear from those who will write us the news.

When you want fire insurance, call on Jno. F. Folk. He represents first-class companies, who settle promptly in case of loss. See his advertisement.

Mr. O'Neal has had a telephone line built to West End Mineral Springs, and it is connected with the Bamberg exchange. This will be quite a convenience to patrons of the springs.

Mr. Wilson Riley, son of Capt. W. A. Riley, went to Columbia to stand a competitive examination for West Point held there Tuesday. The successful applicant have not yet been announced.

Attention is directed to the advertisement of the Georgia-Alabama Business College, at Macon, Ga. This institution has on its rolls students from every State in the South Carolina. Write for catalogue, etc.

There will be preaching hereafter at the Presbyterian church in this city on every second and fourth Sunday. Rev. Mr. McCaskill, a missionary student, will conduct the services, and a cordial invitation is extended to all to attend.

The State campaign has been called off for two weeks in order that the South Carolina delegation may attend the national Democratic convention at Kansas City. The delegation left Columbia on a chartered Pullman Sunday morning, and a competitive examination will be held at the court house on Friday, the 20th instant, for two scholarships in the South Carolina College at Columbia. They are for free tuition only, and are worth \$25 per session. The examination will be conducted by the county board of education.

Maj. Havelock Eaves has taken up the work of soliciting contributions for the starving people in India, and any one wishing to give to this most worthy charity should call on him this afternoon. He has already raised \$12 or \$15, but there should be a more generous response. The inhabitants of India are starving in large numbers, and it is the bounden duty of Christian people to help them.

**Baseball in Orangeburg.**

The Bamberg baseball team returned from Orangeburg Friday morning, after playing two games. Orangeburg won on Wednesday, through the inability of the visitors to hit Inabinit safely until too late. The score was 9 to 6. On Thursday our boys had on their batting clothes, and soon knocked Weston out of the box. He was replaced by Bookhart, who fared no better. Bamberg won by a score of 15 to 10. It was generally admitted that Bamberg had the better team, and with practice would give any team in the State trouble to defeat them. The following were the young men who represented Bamberg: Col. J. F. Folk, manager; Henderson and Boylston, p. and 1st b; Felder, c.; Copeland, 2nd b; Farrell, 3rd b; Bamberg, s.; Spahr, (captain) 1. f.; Wise, c. f.; Brabham, r. f.; Moyer, sub.

The score by innings:

Orangeburg	1	0	2	0	0	5	9
Bamberg	0	0	0	0	0	4	2
Orangeburg	1	0	0	0	5	1	6
Bamberg	1	0	5	0	1	1	6

**Happy Marriage.**

Mr. David B. Black, of Walterboro, and Miss Rosa Lee Ayer, daughter of Mr. and Mrs. L. M. Ayer, were married on Tuesday afternoon of last week, at 5 o'clock, at the residence of the bride's parents, Rev. H. C. Mouzon, of Ehrhardt, officiating. The wedding was a very quiet one, only the immediate relatives of the contracting parties being present. It was to have been a church wedding, but this was changed on account of the illness of Mrs. W. H. Varn, sister of the bride. The newly married couple spent the night at Mr. Ayer's, and left the next morning for Walterboro, where they will live in future. The groom is the youngest brother of Dr. J. B. and Mr. Thos. Black, of this city, and they, with their families, attended the marriage. The many friends of Mr. and Mrs. Black extend congratulations and best wishes.

**Citadel Cadetship.**

There is a vacant cadetship in the Citadel Military Academy, on account of the graduation last week of Mr. W. S. Clayton, a son of Mr. C. R. Clayton, of Ehrhardt, and County Superintendent Sease has received blanks giving full information for those desiring to stand the examination, which will be held some time soon. Due notice of the examination will be given in these columns, and applicants can get full information by applying to Capt. Sease.

**County Board Meeting.**

The board of county commissioners met in regular session last Monday.

Mrs. Eva Kinsard was put on the pauper list of the county, as well as Mrs. Pety Bassett and Sarah Simmons. The petitions of Mrs. Blitchington and Daphney Black, to be put on the pauper list, were rejected.

Cotton weighers were elected as follows:

Bamberg—W. M. Cauthen.  
Denmark—S. D. Gause.  
Olar—S. L. Hiers.

Mr. Otis Brabham's petition to erect telephone poles along the public highways was granted, with the proviso that poles be put not less than ten feet from center of the road.

A number of claims were approved, and the board adjourned.

**New Advertisements.**

REYNOLDS DRUG CO.

Your attention is earnestly asked to the new advertisement of this enterprising firm in this issue.

C. S. Gadsden, chairman—S. C. Military Academy.

WOFFORD COLLEGE.

Attention is directed to the advertisement of that well-known institution of learning, Wofford College, in this issue.

Nervita Medical Co.—Medicine.

Bamberg Banking Company—Quarterly statement.

Jno. F. Folk—Perhaps it's your place.

H. A. Ray—Candidate's card.

**Shooting at Livingston.**

A dispatch from Livingston to The State says Lee Moseley, chief of police, was shot through both legs Saturday afternoon at Brooks Dunn while attempting to kill a man named Wiley S. Walker, section master at Denmark, and the jury gave a verdict for \$10,000 damages. A motion for a new trial or reduction of the verdict was made, therefore Judge Gage, who was asked to grant a new trial or to reduce the damages. The railroad will now no doubt appeal the case to the State supreme court.

**Deaths.**

OWENS—Mr. W. H. Owens, section man in the spinning room at the cotton mill, died at the home of Mrs. Hattie Fogle, in this city, where he and his wife boarded, last Wednesday afternoon. Deceased was about 27 years old, and had lived here for about three years. He had been sick for sometime with typhoid fever, and his death was not a surprise. The burial took place at the cemetery Thursday morning, the services being conducted by Rev. T. C. O'Dell, of the Methodist church. His wife and friends desire to thank the people of the town for the many kindnesses extended during Mr. Owens' sickness, and are grateful for the sympathy and favors shown.

FAUCETT—Last Saturday afternoon Ethel, the 14-month-old girl baby of Mr. and Mrs. W. T. Faucett, died, after an illness of some days. The body was carried to Glendale, near Spartanburg, their old home, for interment, and the bereaved parents left on the morning train Sunday on their sad mission. Mr. Faucett is overseer of the weave room at the cotton mill, and the friends of himself and family deeply sympathize with them in their loss.

KENNERLY—Mrs. Anna V. Kennerly, sister of Mr. Jno. H. Cope and Mrs. Laura Livingston, died at her home on North last Sunday morning at 7 o'clock. She was 36 years old, and leaves a husband and two children, both girls, about 12 and 16 years old. The burial took place Monday morning at 11 o'clock, at Hebron Methodist church, near Livingston, and the services were conducted by Rev. Mr. Sanford and Rev. E. Alston Wilkes. Deceased had been in bad health for several years, but her death was sudden and unexpected. She was taken suddenly ill on the day before her death.

Mr. Cope and Mrs. Livingston went up to North Sunday to attend the funeral, returning Monday afternoon.

**Trouble in Walterboro.**

WALTERBORO, June 30.—A fight took place on the streets this afternoon between Harvey Beach and Joe Brock, Richard Walker and Henry Robertson. Beach is a young white man who works in a factory here, the others are negroes. Some days ago one of the negroes took Beach off his bicycle and slapped his face. Since then trouble has been brewing between the operatives and negroes, and this afternoon about 5 o'clock they became engaged in a fight. Beach was knocked down with a brickbat by Walker, and then a general fight ensued, and it seemed as if pandemonium had broken loose.

Brock was shot in the head and stomach, and is thought to be dying. Walker is now lodged in jail, barely escaping lynching. Beach is better, but is seriously hurt.

The crowd is terribly wrought up. The militia company was called out, and is now on guard.

It is thought trouble will take place tonight if Brock dies. The negroes are said to be arming themselves. The whites have already armed and are in command of the situation.

**LAW AND ORDER PREVAIL.**

WALTERBORO, July 2.—Everything is quiet in town and law and order prevail. Magistrate J. S. Griffin empaneled a jury of inquest who viewed the body of Joe Brock and adjourned to meet again Thursday. Young Beach is still improving and thought to be out of danger. Brock was buried this morning and a large crowd of negroes attended. They behaved remarkably well, there being very little demonstration.

Everybody considers the "incident closed," and the law will now take its course, but no one can tell what the result might have been if the leading citizens of the town had not taken the matter in hand immediately and shown their determination to protect life and property.

The leaders of the colored people were given to understand that their good behavior is absolutely mandatory. They have conducted themselves in a most commendable manner, and the negroes are praised for the young "bullies" have been taught a very wholesome lesson.

**Pearly Clearing Sale.**

Messrs. Pearlstone & Sons, of Branchville, desire to say to the readers of this paper, that having been pleased with the success of their June sale, that they will continue this clearance sale throughout the month of July, and it will be to your interest in dollars and cents to see their stock and prices before making your purchases of whatsoever you need.

R. PEARLSTONE & SONS,  
Branchville, S. C.

**Honor Roll For June.**

Although June is a month when there is very little money in circulation, our subscribers have done pretty well. Watch the date on your label, friends, and if you owe anything, come in and pay. We want the July list to be larger:

C. H. Brabham, S. W. Clayton,  
L. S. Chitty & Son, D. C. Copeland,  
Joseph McCormack, D. D. Utsey,  
D. O. Hunter, W. C. Zeigler,  
D. F. Hooton, J. C. Copeland,  
W. W. Hughes, E. M. Mixson,  
Dr. H. L. Copeland, Mrs. J. B. Rice,  
E. Dickinson, S. S. Karesh,  
M. B. McSweeney, J. G. Rhoad,  
J. D. Platts, H. Z. McMillan,  
J. A. Peters, Miss Ruth Harrison,  
E. M. Cox, G. A. Jennings,  
N. Z. Felder, Dr. J. B. Black,  
S. S. Broughton, T. B. Felder,  
Gen. F. M. Bamberg, Miss Elise Bamberg,  
Henry Bamberg, Hon. H. H. Crum.

**Salesday.**

The county board meeting and salesday brought in a few people to town last Monday. There was only one sale by the Master: one house and lot in Bamberg, in the case of B. L. Association vs. Lightsey. Bid in by C. B. Free for Fred W. Free for \$885.

The Sheriff sold two tracts of land for taxes: one acre in town of Bamberg, and the property of E. H. Dowling. Bid in by R. S. Chisholm for defendant for \$40. Also eight acres in Midway township, property of T. G. Robinson. Bid in for the State for \$18.50.

**The Glorious Fourth.**

There were no fireworks exploded in Bamberg to celebrate independence day, but the day was generally observed here. The cotton mill shut down for the day, and gave its hard-worked operatives a holiday. The bank, dispensary, post office, the county offices, and practically all of the business houses closed up, and the streets were almost deserted after 10 o'clock.

Our people enjoyed the day in various ways. Some were fishing; others attended the picnic at West End Mineral Springs, while some attended the reunion at Mr. Wm. Bessinger's. A good crowd from town attended the picnic at West End Mineral Springs, and we understand the reunion was also well attended.

**Printer Wanted.**

I want to engage at once a first-class printer, news and job, who understands cylinder and platen press work. None except real high-grade workmen need apply. Must be sober and not afraid of work. Single man preferred. Apply immediately, giving full information and stating salary wanted.

A. W. KNIGHT,  
Bamberg, S. C.

**Mr. Jones Elected.**

Mr. T. D. Jones has been elected principal of the Eau Claire high school for the ensuing session. Mr. Jones graduated at Newberry college in the class of 1894, and selecting teaching as his profession, has met with marked success. For the past five years he has been principal of the Ehrhardt high school at Ehrhardt, where he has given eminent satisfaction to his patrons. He is a young man of more than ordinary ability as a teacher and disciplinarian, and the trustees and patrons of the Eau Claire school are to be congratulated on securing his services—Columbia State.

The above will be pleasant news to Mr. Jones's many friends in this county, although we feel sure that they, in common with the editor of this paper, will regret his departure. Mr. Jones has done hard work for the school at Ehrhardt, and has brought it up to a high standard of excellence. We are sorry to lose him as an educator and citizen, and the people of Ehrhardt will find they are making a mistake in allowing him to go elsewhere. They should keep him if possible.

**Depot Burglarized.**

Last Monday morning, a short time before daylight, a would-be burglar broke the large glass in the depot window and entered the office. He used a heavy piece of iron to crash the glass, and the same implement to break open one of the cash drawers. However, his raid did not profit him much, as he only found about twenty-five cents in change in the drawer. There were several checks in the drawer, but these were not touched, nor was anything in the office interfered with.

Mr. C. J. S. Brooker was awakened by the noise, and he with Mr. Alex Barton went to the depot, but when they arrived the fellow had skipped. The robber left no traces behind him which would give a clue, and there is no likelihood of any arrests.

**Denmark Doings.**

DENMARK, July 3.—The Fairfax baseball team came up to Denmark last Thursday afternoon and played a fine game with the Denmark farmers nine. The young gentlemen on both teams battled hard for victory, and for four or five innings it was difficult to tell which was waging the fiercest war and what the final score would show. The Fairfax boys are fine players, far surpassing Denmark in any point of comparison. They were even better looking, so the Danish belles say, and your correspondent is not prepared to take issue with them on such a sensitive subject. Mr. Youmans, Fairfax's star pitcher, struck out the Denmark boys at a marvelous rate—made them real sick long before the ninth inning was reached. Preacher, the catcher, held him well, and exhibited rare tact in serving second base. Between these two the beauty of the game was made possible. Mr. Watson pitched for the Denmark team a very fine game, but Mr. Kennerly, the catcher, could not stand him, nor could he play second base to any advantage. The score was 13 to 9, in favor of Fairfax. A large number of ladies were out to see the royal exhibit of "air sawing" on the part of the home boys.

Quarterly meeting was held at Bethel church of this charge last Saturday. Presiding Elder Brown was present, and with his usual power and personal ability made the occasion very educating to all attending. Mr. Brown preached at Denmark Sunday evening a very fine sermon, pronounced by many to have been the best sermon they have ever heard the elder deliver. The report of the circuit work was very good. The financial phases of the report were much better than usually presented at the second round.

Mrs. S. A. Hand is very sick with typhoid fever, contracted while nursing her parents afflicted with fever sometime ago. Mrs. Hand has had fever for five weeks, and has suffered intensely at times.

The Bell Telephone Company posted bulletins thirty minutes in advance of the Western Union Company during the recent presidential nomination. Denmark enjoys the distinction of being one of the central places of this great company. The various lines of wires are simply the exponents of her power in other facilities. Of course, Denmark does not claim the honor of having made these excellent advantages, but as a gift of the commercial world they hold sacred these endeared conveniences, and are sitting quietly dreaming of the past and praying for another wave of "world enterprise."

Denmark has great wealth, individualized it is true, and somehow or other its people don't like to mix their dollars—a sad state of affairs when such a great thing as a cotton factory is being agitated. Mr. D. F. Hutto shipped a car load of fine melons to Norfolk last Tuesday. Mr. Hutto expects to get a good price, as telegraphic advices assured him of favorable conditions.

## DIXON IRON WORKS

Is the place to get your engines and boiler supplies. Pipes, pipe fittings, valves, pumps, injectors, pistons, shafting, pulleys, couplings, belting, packing, oils, etc., always on hand.

We are agents for the Erie engines and boilers. Parties should see us before placing their orders.

We also have on hand the following second-hand, but first-class, engines and boiler outfits, ready for service: One 20 h. p. return tubular boiler; one 12 h. p. engine, \$175. One 12 h. p. portable boiler, one 8 h. p. engine, \$140. We also have two 50-saw gins for the market. One with new saws and new brush, \$80; one with old saws filed, new brush, \$60.

We wish to impress our patrons with the importance of having their work done before the rush in the coming fall. To have it done now is a guarantee against any possible delay in the busy season. Repair work is our specialty.
