President Henry S. Hartzog has notified us to change the address of the paper to Fayetteville, Ark. We who live in the town where he was born and reared, regret to see him leave South Carolina, for the State loses by his going. He goes to a great section of our country, whose possibilities for future development are wonderful, and Hartzog's name will be linked with the story of its coming greatness. Good-bye and good luck!

Thomas, one of the editors of the Baptist Courier, uses the following language in his paper: "When the subject of education, for instance, is being discussed, why should the advocates of denominational schools feel called upon to speak disparagingly of State schools? It does not help our denominational colleges to cast suspicion upon other institutions. Let the interests be decided, and let the necessary to criticize the University of Chicago, in order to do that." A great many advocates of denominational education should read and profit by this.

"TIGERS" AND GAMBLERS.

Are Taking an Active Hand in Politics in Charleston and Columbia.
Strange things occur in politics these days. Information comes very straight from Columbia and Charleston that the gamblers and "blind tigers" have become "perniciously active" in politics within the last few weeks. Just what is influencing them has not fully come to light. It is certain, however, that they are taking no interest in anything but the gubernatorial race and that they are using all their efforts to defeat "Farmer" Heyward. On the other hand, it is said, all the people employed in the big State dispensary are for Heyward.

Branchville Brevities.

This community fully appreciates the generous hospitality accorded our boys by the courteous citizens of Bamberg last Tuesday. We feel confident that everything in their power was done to entertain and comfort the boys, who were sorely entertained at the brilliant sociable given by the Epworth League in the magnificent and hospitable home of Mrs. Kirsch, on Railroad Avenue, and particularly for a man, two boys, and a buggy reduced to a wagon by rough handling.

Wednesday we play Bamberg on home grounds; Thursday, Orangeburg; and Friday, Hopkins, S. C.
Elaborate preparations are being made for a grand ball to be given in our spacious hall on Wednesday evening, August 26. A cordial invitation is extended to our friends in Bamberg and Ehrhardt, and everything will be done to make it comfortable and entertaining for our guests. Remember the date.

The colored teams of Branchville and Edisto Fork played a rather amusing and exciting game of base ball on Saturday afternoon. Before deciding the score, "fuss" overcame the routers, and, as usually happens, there was a general row.

The police authorities of Branchville and Orangeburg were searching this week for a man, two boys, and a buggy reduced to a wagon by rough handling.

A Merchants' Exchange has been established in this town, with Mr. C. C. Patterson as secretary. It will be the secretary's duty to inform each merchant of non-payment of the delinquent debtors, and it will no longer be possible for debt hoppers to make their continual rounds. This is an admirable idea for our merchants to undertake, and with only a nominal cost for the secretary's trouble, it will mean much saving to those who are in the habit of crediting shiftless men.

Some old railroad plat has recently been resurrected, and an effort is now being made to redirect the streets according to this plat. We would honestly caution the council about being hasty in this undertaking or prejudicial in their intentions, for should a property owner be deliberately demanded to give up his landed inheritance we may properly look for hesitation and its sequence.

Our heartfelt sympathies are extended to Mr. and Mrs. W. A. Dukes for the irremediable loss of their bright, precocious son, a man who died suddenly of convulsions. We fervently pray that this innocent babe will be tenderly nursed by the protecting angels above.

Electric fans vie with the ozone laden breezes, and electric lights play the glitter of the stars. Would you gain youth, joy, and health? Come to Harris Lithia.

A euchre contest last night proved the skill in cards of beautiful Miss Lucy Pickens Dugas, of Edgeland. Miss Pickens is a recent arrival. Mr. Fred G. Wiegand, a young violinist, of Savannah, adds much pleasure to the guests by his masterly and remarkable playing. Mr. Wiegand is a Sarrier in embryo, and resembles that world renowned violinist in feeling and technique.

Another musician here is the brilliant pianist of Columbia, Mrs. Dr. Folk, whose reputation extends throughout many States.

There are many more attractions at Harris Lithia, too many to mention. Handsome mead and charming women—the witty, the wise, and the gay are all here.

About twenty-five hundred people attended the services at Carter's Ford church on Sunday last. The Rev. M. L. Lawson, of Bamberg, preached the sermon and Dr. E. C. James, president of the Greenville Female College, made an address in the interest of the institution here represented.

The people of that section are some of the most prosperous in the county and have become noted for their hospitality. People from different sections of this and adjoining counties find pleasure in visiting that community and are frequently invited in the large gatherings which assemble at Carter's Ford either to attend divine services or participate in the exercises of some festive occasion.

A Weak Stomach

Indigestion is often caused by over-eating. An eminent authority says the harm done thus exceeds that from the excessive use of alcohol. Eat all the good food you want but don't overload the stomach. A weak stomach may refuse to digest what you eat. Kodol, which digests your food without the stomach's aid. This rest and the wholesome tonics Kodol contains soon restore health. Dieting unnecessary.
