Some weeks ago Dr. Lewis went to Harris Lithia Springs, hoping to be benefitted by the water, but shortly after his arrival was taken seriously ill and brought to the city hospital for treatment. Human skill was in vain, however, to save his life.

Dr. Lewis had been practicing medicine at Bamberg for a number of years and was highly respected by all. He was a Christian gentleman, and there will be genuine regret at Bamberg when the news of his death is received.

The teachers will have charge of the grades as follows: Miss Gertie Hamilton, first grade; Miss Mary McMillan, second and third grades; Mrs. A. A. Smith, fourth and fifth grades; Miss Leah Black, sixth and seventh grades; Mr. C. R. Calhoun, eighth and ninth grades. All are taught except Miss Hamilton. The school costs on an average of about eight cents per month per pupil. This is cheaper than the cheapest tuition can be obtained for a primary scholar.

Parents should see to it that their children do not miss the opportunity of obtaining all the instruction possible while they are young. As they grow older the desire to attend the high school grows less and less. You allow your boy to quit school because he is about to make fifty or seventy-five cents a day. This is the result in his not making more than that throughout his life. Keep him in school and the opportunity may be given for his entering college when least expected.
