The State Fair affords a fine opportunity to sell and to buy. The variety is from a peck of peas to a pair of pacers; help swell the variety by making an exhibit at the next fair, October 27-30th. For thirty days for cash I will sell at cost my stock of fine goods, consisting of coats, clothing, and low cut shoes, to make room for fall stock. I leave on Monday for New York. J. A. BYRD. The new exhibitor at the next State Fair will not be a stranger in a strange land. The officers will make him feel at home and will give him all the aid and information he will need. Be there October 27-30th. Dr. B. D. Bronson has been honored with military honors within the past week, he having been promoted from surgeon of Company G, to assistant surgeon of the Second South Carolina regiment of infantry, with the rank of captain. The building committee of the new graded school has sold back to Monday morning from the lot of Palms. The appearance of Company G, must have had a big time. Haggard faces and slow marching give signs of fatigue. From the time they gathered, the encampment was not so much of a picnic as was anticipated. The cheers given by the Guards on returning were not quite so hearty as were the ones given on the setting out. What a very one good time they had. We feel sure that Company G is quite glad to be at home once more. The Progression of "Up Jinks." "Progressive up jinks," a most entertaining game, was the chief entertainment at the delightful home of Miss Hibernia Counts on last Wednesday evening. Those who had gathered for the up jinks party were welcomed by Miss Counts and made to feel that an evening of pleasure would be their lot. Tables arranged in the large parlor and drawing room were soon surrounded by the jolly merry makers. Most of the evening was given to the progressors as they went from table to table, and when the table had ended Mr. Vernon Brabham had proven himself to be the most progressive of all the progressors. He was given the first prize. Miss Salley Felder was rewarded with the booby. Delightful refreshments were served during the later part of the evening. The invited guests were: Miss Bessie Lee Black, Mr. Robert Hartzog; Miss Blanche Livingston, Mr. W. Frank Johnson; Miss Ida Livingston, Mr. G. Renton E. Bamberg; Miss Myra Hooton, Mr. Albion Kirsch; Miss Rhea Nevins, Mr. David G. Felder; Miss Eulalie Slater, Mr. Vance W. Brabham; Miss Gwendolyn Fisher, Mr. Vernon Brabham; Miss Annie Lou Byrd, Mr. Charlie Felder; Miss Ethel Rowell, Mr. Malcolm Moye; Miss Annie Rowell, Mr. Joseph Kinard; Miss Lacie Ford, Mr. Howard Sheridan; Miss Sadie Ford, Mr. W. H. Mather; Miss Marie Stokes, Mr. Willie M. Brabham; Miss Gedelle Brabham, Mr. T. Grigsby Chandler; Miss Hermine Dickinson, Mr. John S. Jennings; Miss Salley Felder, Mr. Frank Pooser; Miss Mabel Felder, Mr. Philip Murphy; Miss Daisy Blume, Mr. Robert Black. The family of Mr. Wm. Stokes and Mrs. M. A. Adams moved to Edisto last week. "Spot," the bird dog belonging to Mr. C. J. S. Brooker, was killed by a train last Friday morning. Last Monday was salesday, but there were no public sales and only a small crowd was in town. The section of country around Bamberg and Denmark can show some fine crops as any county in the State. Mr. A. Kirsch has rented the residence of Mrs. M. A. Adams on Railroad avenue, and will occupy it at once. The chain gang is at present doing some good work on the New Bridge road. It is being straightened as well as worked. From the way new stores are being built, our people must believe that business in Bamberg is on a decided increase. Our merchants are leaving for the Northern markets, and we understand they will buy large stocks of goods, as the crop outlook is bright. Good rains have fallen very generally in this section during the past week, and the crops have been much benefited thereby. The prospect at present is good. The New Bridge road on this side of the river is being put in good condition. Let our Orangeburg friends now give attention to the other side. This is an important road, and it is well worth the day in Bamberg now. Let the good work go on, but don't forget good roads. We must have these to induce people from a distance to come and trade with us. The \$2,000 appropriated by city council is soon to be spent on the roads, and we suggest that the first work done should be the building of a new road to the Hunter's Chapel section. It is badly needed. One fact should make many new exhibitors for the next State Fair—the society pays the freight on all exhibits going or produced in this State, thus enabling exhibits to be sent to and returned from the fair without cost to the exhibitor. We understand that Messrs. H. C. and J. P. Folk will fit up the ball above their three stores into an opera house and lodge rooms. This is something very much needed in Bamberg, and ought to pay handsome dividends on the money invested. J. C. Redmon, of this county, and recently of this city, who graduated from Wofford college at the last session, has been elected as professor of Greek and Latin in the Carlisle Fitting School at Bamberg. This is quite an honor to our present young friend. —Orangeburg Patriot. The social feature of the State Fair is an important item in considering the advantages of being an exhibitor. You meet the best and most progressive farmers and stock breeders in the State and make many friends who are valuable to you. Prepare a good exhibit to go to the next State Fair, October 27-30th. The Orangeburg baseball team has been disbanded for the season. The boys gave us some fine ball and played the season sport with great interest for the remainder of the season. It takes money to keep up a good team and we hear that the managers had trouble to collect what had been subscribed to the baseball fund. —Orangeburg Patriot. Mr. H. C. Folk is preparing to erect a brick store next to his store, thus filling up the vacant lot between his store and Mr. Kirsch. The building is to be 32 feet wide, 75 feet long, and two stories. Col. Jno. F. Folk owns the two adjoining lots. He is preparing to erect a two-story building on this making a solid two-story block of five stores from the corner to Mr. C. R. Brabham's. Our town is certainly on a boom, and there is more building going on in the business section than for years. City council held a regular monthly meeting Tuesday afternoon. The regular routine business was transacted, and G. Frank Bamberg, E. C. Hays, and G. P. Harmon, were appointed as a committee to act in the matter of the proposed appropriation of \$2,000 by city council. This committee is to determine where and how the money is to be spent and on what roads. It is expected that the work under this appropriation will begin during the next month, and we understand the first work will be the building of a new road from Bamberg down in the Hunter's Chapel section. Mr. C. R. Calhoun, who has been principal of the Bamberg graded school for the past three years, has accepted the position of principal of the Waterboro graded school, and will assume charge at the opening of the fall session next month. Mr. Calhoun is a progressive, up-to-date teacher, and made a fine record during his term at the school here. He almost trebled the enrollment during the three years he was at the head of our school, and we expect him to make a fine record at Waterboro. We heartily commend him to the most excellent family to the good people of our sister town. Thought to Assume Charge. Last Thursday afternoon three young white fellows came down to Bamberg from Langley for the purpose of having a good time. They had been in our city only one short hour when they were taken in charge by chief of police Kirkland. They were on factory hill, drunk and raising a row. The whole street was taken into their own keeping, no one was allowed to pass the place where they had stationed themselves. When policeman Kirkland arrested them, all but one, a little fellow of great age, submitted to a search. The other was taken to the little fellow, and all the Langley fellows were in the house of the little fellow in a few minutes. Mayor Johnson in his court gave one twenty days and another ten. The other was allowed to go home the next day and are now doing time on the county chain gang. Gallant Company G. The Bamberg Guards, or Company G, as it is named, return on Monday morning from the Isle of Palms. The second regiment, judging from the appearance of Company G, must have had a big time. Haggard faces and slow marching give signs of fatigue. From the time they gathered, the encampment was not so much of a picnic as was anticipated. The cheers given by the Guards on returning were not quite so hearty as were the ones given on the setting out. What a very one good time they had. RECORD OF BASEBALL TEAM. Bamberg's Team and the Record It Has Made. The baseball team which has represented Bamberg during the season just closed, has made a record of which any team might be proud. Past playing has characterized the work of our team and ginger at the right time accounts for the long string of victories for the Bamberg aggregation. Teams in the lower part of the State have been unable to cope with the fast ball tossers from this town. Bamberg has not lost a series to any town in the State; she has played every town in our State, which professes to have had a team, save Columbia. We therefore justly claim second place in the State and leaving out Columbia, whom we never played, we hold first place. We defeated everything in the upper part of the State until she met Columbia; we defeated Laurens three straight. The crowds during the first of the season were good; but they finally dropped off to nothing. The people of the town have given the association good backing and they have the sincere thanks of the association. This is one season that has witnessed the play of ball in Bamberg. Next season let the people get together and put out even a better aggregation than they had this year. The following men composed the team which has been so victorious: W. G. Hoffman (Captain), and Laval, pitchers; C. Brabham, and Norvell, catchers; Holland, 1st base; Bamberg, 2nd base; McCathern, 3rd base; A. M. Brabham, short-stop; W. M. Brabham, 1st field; Wise, center field; Kinard, and Walker, right field. The following is a list of the games played by the Bamberg team this season: Won—Bloomer (1), Carlisle Fitting School (2), Orangeburg (3), Wayneboro (2), Aiken (3), St. Georges (1), Denmark (1), Laurens (3). Lost—Waynesboro (1), Orangeburg (2), Aiken (2). Games played, 21; won 16, lost 5; percent 761. If you need a buggy or wagon you can't afford not to get Frank Bamberg's price. He is giving this stuff away, but he is coming as near doing that as any other dealer in the State. Klüber's Locals. Dress goods specials. A few pieces organdy in light blue, pink and blue worth 20c; the yard; we are closing them out for 12 1/2c. We have reduced our 12 1/2c. line of sheer laces, leno stripes, etc., to 10c; the yard. To those who at the last State Fair said, "Well, I've got better than that at home," the management says, "Prove it, become an exhibitor." Be there October 27-30th. Dispensary Sales for July. To see the best stock of buggies, wagons, and harness visit G. Frank Bamberg's shop. He has just gotten them—no old shoddy worn stuff, and the prices are right. Ehrhardt Etchings. ERHARDT, August 4.—We are now having very nice rains for the suffering crops. The prospect is much brighter now than it was ten days ago for a good crop. Mr. L. W. Ritter came to town last Saturday with an open bill of cotton in his hand; the first of the season down here. Mr. A. W. Brabham says he has already picked some and will have a bale on the market in about two weeks. The protracted meeting at Carter's Ford was very largely attended from here last Sunday. Mr. T. W. Dannelly is at home from Rantowles, where he is engaged as foreman for a large saw mill force. He will return to-day, and will be accompanied by his son, George. The Lutheran Sunday school convention will meet at Mr. Pleasant Lutheran Church next Friday, Saturday and Sunday. Miss Virgie Ehrhardt delivers the welcome address and the president of the convention, H. A. Smith, will respond. An interesting program has been arranged, and a large attendance is expected. These conventions are very instructive to those interested in Sunday school work, and all should attend. A good crowd will attend on Wednesday next Monday and Tuesday. Again we call attention to the sale-work on Main street leading to the Methodist church. It has been standing about a year now and ought to be completed. Our town has been so quiet since the 23rd of July that there isn't any news stirring. Axioms.

Branchville's Message. BRANCHVILLE, August 3.—At the cost of a few dollars wonderful improvements are being made on some of the streets and now they present a more animated and prepossessing appearance, which is more pleasing to the aesthetic tastes of our citizens and more conducive to their safety. Refreshing rains of last week brightened the prospects of a good crop to a considerable extent. The farmers have laid by, and are awaiting the deprecating rains of variable August with slight apprehension. The "log rolling" of the Woodmen of the World last Tuesday evening was an enjoyable occasion and was well attended by the friends and relatives of the order. The address of welcome was made in a graceful and dignified manner by Dr. J. S. Wimberly, who announced the inability of the speaker of the evening to be present and the short addresses would have been served and the Woodmen dispensed their hospitality in a lavish and profuse manner. Miss Leila Marchant, an accomplished musician of Orangeburg, played most beautifully on the piano. Mrs. T. O. Edwards was the genial hostess at a delightful entertainment given at her elegant home last Thursday evening. On Wednesday evening, the 19th instant, all lovers of the taunting art will have an excellent opportunity of enjoying themselves in our spacious city hall which is well adapted to that purpose. The young men will play a ball, the evening in honor of their butterfly friends, and a large crowd will be expected from the neighboring towns. A pleasant time is assured all who will avail themselves of the opportunity to see themselves from their daily toil and drudgery and enjoy the pleasures of an evening. Music will be furnished by the Orangeburg band, and no special invitations will be issued. Last Friday afternoon the Branchville boys defeated the Snoch's team by a regular Augusta vs. Charleston score of 21 to 0. This was Snoch's first attempt on the diamond, and until Kinard and Moye were imported from Bamberg they had little confidence in their ability. Two players could not, however, win the game, and the result is Branchville had an easy walk over. The home team played two games with Blackville last Wednesday and Thursday—the first of which was won by Branchville by a score of 7 to 5, the second by Blackville by a score of 7 to 5. The batteries were: for Blackville, Crum, Boylston and "Bologna." Patcher pitched a most effective game, striking out 23 men in the first game and 18 in the second. The boys were royally entertained by the Blackville fellows, and when they return a game on Thursday everything will be done to reciprocate for their kind and thoughtful attention. Miss Ethel Johnson, of Charleston, visited friends this week. Miss Wimberly, of Georgia, is on a visit to her brother, Mr. J. S. Wimberly. Miss S. W. Garris and family, of Bamberg, spent Friday in town enroute to their old home at Snoch's. Miss Geneva Jones is visiting her relatives in Batesburg. Miss Corry Rigby, of Charleston, is the guest of Mrs. J. D. Fairry. Mrs. H. Scholsburg, of Camden, is visiting her relatives. Miss Sallie Garris, of Snoch's, spent Friday in town. S. S. P. If you need a buggy or wagon, you can't afford not to get Frank Bamberg's price. He is not giving this stuff away, but he is coming as near doing that as any other dealer in the State. Denmark Doings. DENMARK, August 3.—We are sorry to note the continued illness of Mr. Thomas Felder. Hope he will soon improve. Miss G. W. Garris and Mary Belle Inabett expect to return from Asheville, N. C., this week. Miss Rice, of Appleton, S. C., is enjoying her visit to our town. The Miss Wiggins are pained to learn of the sickness of Mrs. Wiggins and Vera and Reinold Wiggins. Those in charge are going right ahead building the Denmark mill. This enterprise will help the town. Dr. J. P. McCree, of Springfield, S. C., is here on professional business. Mr. and Mrs. L. C. Rice expect to visit the up country this long. May they have joyous returns. Harry Wroton returned from Brunswick, Ga., on Saturday. He had a pleasant time "way down in Georgia." Farmers will commence pulling fodder this week. We are having a great deal of rain. Miss May Salley, of Salley's, is spending time with Mrs. J. G. H. Guess and Mrs. F. Y. James. Rev. E. E. Beckham preached a good sermon at the Methodist church yesterday. When your correspondent was a little boy he attended the Baptist Sunday-school at old Graham's. Mrs. George Gear was his teacher. It was very sad news to hear of her death. No doubt she has gone to that better land "where beyond these voices there is peace." Mr. Tom Felder died this afternoon of typhoid fever. If you need a buggy or wagon, you can't afford not to get Frank Bamberg's price. He is not giving this stuff away, but he is coming as near doing that as any other dealer in the State. Blackville News. BLACKVILLE, July 31.—Two games of base ball were played here on the 29th and 30th with Branchville resulting in a tie—the Branchville team winning the first game, and the Blackville aggregation being victorious in the game yesterday by a score of 5 to 3. Blackville plays Orangeburg next week. Mr. Walter Green, of Williston, is putting his knitting mill into operation. Mr. Green's enterprise is backed by substantial capital, and the company is to put in one of the finest spinning establishments and yarn mill. The present knitting mill employs about 75 operatives, and when the other departments are completed there will be about 300 regular operatives, making quite a good factory for Blackville. The cantaloupe and melon crops are very good here this year, quite a deal of money being handled, as there are hundreds of acres planted annually here now these crops. Several enterprising farmers are also experimenting in tobacco this season, and the undertaking bids fair to succeed. The expert tobacco man says that it is a good grade of tobacco, and that the lands here are well suited for tobacco culture. With melons, cantaloupes, tobacco, the peach and peach orchards being put in around town, Blackville gives promise of developing into a great truck-growing centre, and will doubtless regain somewhat of her former flourishing business. Indeed, she seems already to be doing so. Success to Blackville as a horticultural centre. Rescued from Suffering and Death by PAIN'S Celery Compound THE GREAT MEDICINE.

MR. ALFRED BROWN, A Prominent and Popular Citizen, Says: "After the Use of Paine's Celery Compound, I Am Now in the Best of Health." The greatest of modern physicians, Prof. Edward E. Phelps, M. D., LL. D., after years of long practice and close scientific study, gave suffering and diseased men and women his marvelous life giving prescription, with his conviction and positive knowledge that it had secular virtues and ample powers to cure. Thousands of the strongest testimonials from the best known and most reliable men and women of our country fully sustain the claims made by Dr. Phelps regarding his incomparable Paine's Celery Compound. One of the most convincing proofs furnished, comes recently from a gentleman widely known in the capital city of the Dominion of Canada. We refer to Mr. Alfred Brown, 91 "Cannon St., Ottawa, Ont. Mr. Brown's letter fully demonstrates the fact that the greatest sufferer may cast off his or her burden of disease and become well, strong, and happy. It proves, too, that the great medicine maintains more fully than ever before its unrivaled place in the estimation of people of wealth and solid standing as well as with the masses. Mr. Brown says:— "I acknowledge with thankfulness and pleasure the fact that I have been cured of a very painful illness of eight years' standing by use of Paine's Celery Compound. I had, during the years of my illness, tried almost all the advertised medicines without deriving any good results. I was also treated by several of the best doctors of this city, hoping to find that one of them, at least, would understand my case. "I was getting worse, and was told I was incurable. I was indeed in a critical condition. I could not get up from the house, alone as I was liable to sudden collapse. I tried hospital treatment, but no relief or good results came to me. I could not sleep; anything that I ate increased my agonies; I was extremely weak, restless, tired, and dependent was unable to walk about with my hands pressed firmly into my left side to ease my pains; my feet and hands were cold continually; had inclination to vomit, had profuse, cold sweats, quick breathing, and would be racked with pain for hours at a time. "After the regular use of Paine's Celery Compound for a time, I am now in the best of health, have good appetite, and can use any kind of food. Thank God I am my old self once more, all through the use of Paine's Celery Compound."
