The cool weather this week is delightful after the blistering heat we've experienced recently.
The field of cotton near town belonging to Jones Bros. is certainly fine. It is the best we have seen this year.
We had a fine rain Sunday night, which was much needed. The weather has been somewhat cool since.

The tobacco factory matter is still being agitated, and it is probable that the enterprise will be established here.
I take this method of thanking the people of Bamberg for their patronage while I was in business. C. C. PAUL.
Rev. M. W. Hook and family are expected to return here this week and there will be services at the Methodist church next Sunday.

Cotton has been selling right along in Bamberg this week for twelve cents per pound. Our buyers are paying as high prices as any town in this section.
BOARD WANTED.—Young man, working on The Bamberg Herald, would like to engage board and lodging with some respectable family. Apply at office.

Those owing us money will do us a favor by setting up at once. We need the money due us, and we don't want to be put off until the last of the month.
If you need a cooking stove, see Brooker, the hardware man. He has just received a full line of all styles and prices, and they are being sold at bargain figures.

Col. F. N. K. Bailey and family left Friday, N. C., yesterday in his carriage and will probably reach Edgefield the latter part of the week.—Edgefield Advertiser.
First-class white restaurant just opened next door to dispensary. Meals served at all hours and satisfaction guaranteed. H. G. Delk, Manager.

The Chiquola Club is composed of Col. Dargan and his five daughters. There are too many to mention by name, but if you fail to hear them you will make a decided mistake.
All persons who subscribed for The Herald through H. E. Ealy, at Ehrhardt, are notified to settle with him at once. He wants them all to settle up in the next thirty days.

Come in and see us next Monday, and if you owe us anything, be sure to bring it along. We have indulged many of our subscribers for some months, and must insist that they settle now.
Next Monday is the first Monday in the month and sales day. There is only one public sale to be held at the courthouse. The Master will sell one hundred acres of land in Pinsonnd township in the case of Patrick vs. Patrick.

We have just received a bargain in lace curtains, 60 pairs, worth from \$2.25 to \$3.50 wholesale, to go at \$2.00 per pair. See them and be convinced.
W. A. KLAUBER.
Remember that our rule is no pay, no paper, and we insist on settlement of all subscription accounts while money is plentiful. We indulged you during the summer, but if you want to continue to read the paper, settle what you owe.

Efforts are being made to reorganize here a lodge of the Royal Arch Masons, and it is quite likely that the lodge will be established in a short time. There was a lodge here several years ago which was transferred to Barwell where it went out of existence.
If you need a buggy or wagon you can't afford not to get Frank Bamberg's prices. He is not giving this stuff away, but he is coming as near doing that as any other dealer in the State.

Little Elise, the one-year-old daughter of Dr. and Mrs. H. F. Hoover, has had Saturday afternoon after an illness of several days. The body was carried to Hampton the same day for burial. Rev. M. L. Lawson and several friends of the family accompanied the remains.
Please do not wait until the morning of the 11th instant to buy your excursion ticket for Savannah, Ga. Buy a few days ahead, so we can prepare for all, or you may get disappointed. All agents are required to take the names of all persons to whom tickets are sold.

No public meeting will be held in the interest of the tobacco factory until the required capital stock is subscribed. One of our best citizens and business men is taking an interest in the project, and he will no doubt carry it forward to success, as he never fails in whatever he undertakes.
Just received another lot of those cheap embroideries. Some for 5c. yard, worth 10c.; some for 10c., worth 15c. and 20c. yard. W. A. KLAUBER.

The protracted meeting at the Baptist church has been very successful. Many churches have attended the services, and there have been several additions to the church membership. Rev. W. T. Diercks left last Saturday, and Dr. J. L. Miller, of Aiken, has been assuming the pastor this week. The meeting will close to-night.

What is called the boll worm is getting into the cotton fields in this section, and is doing much damage. A few days ago a gentleman showed us several bolls which he had picked in his fields, and each had a worm in it. He said there were lots of young bolls on his farm which the worms were destroying. This worm cuts its way into the half-matured bolls and ruins them.

It will pay the trading public to watch the advertising columns of The Herald this fall. There was a day when subscribers objected strenuously to advertisements in their paper, but many of them are now showing their appreciation by saving enough in purchasing one bill of advertised bargains to pay for his paper three or four years. There will be plenty of reading matter in The Herald this fall and advertised bargains to boot.

In a private letter received from Mr. G. A. Jones he informs us that he has accepted a position with the Chas. M. Steiff piano factory and will move to Maryland in a few days. Mr. Lucas has been traveling salesman for The Jones Piano Co. for several years, and is of the opinion that he will do very well in the new place, where he has done considerable business for his firm. The best wishes of his friends here go cheerily to all his friends in Bamberg, with whom he has done so much satisfactory business in the past few years.

The waste water at the artesian well is giving trouble again, and the pipe which carries it off is being taken up.

Remember our special sale next Monday and Tuesday. We have the largest and best selected stock in town. Come and see for yourself. W. A. KLAUBER.
The Chiquola Club, composed of Col. John J. Dargan and daughters, will give an entertainment in chapel at the Fitting School Monday night, September 7th.
Picture frames made to order: glass and moulding in stock. W. H. PATRICK.
As our graded school is soon to open, we publish in another part of the paper two articles along educational lines which all parents would do well to read.
To see the best stock of buggies, wagons, and harness visit G. Frank Bamberg's place. He has just gotten them—no old shop-worn stuff, and the prices are right.
Work was commenced last week on the large addition to G. Frank Bamberg's stables, and the work is being pushed rapidly forward. Mr. W. H. Bamberg has the contract.

When in need of a perfect fit in clothing and the best material you should see Mr. W. R. Wright. He will take pleasure in showing you his line of samples, and you will find his prices right.
Several of our good correspondents have failed us this week, and in consequence the paper will not be as newsy as it should be. We would be glad if they would write us a letter every week.
One new \$10.00 Poco Camera for sale, price \$5.00 complete with case and tripod. W. H. PATRICK.
Col. Dargan's entertainment has met with favor wherever he has appeared. It is recommended by such men as Dr. Jas. H. Carlisle, of Wofford; J. L. Coker, of Hartsville; Theodore G. Barker, of Charleston, South Carolina State Teachers' Association; and others too numerous to mention.

During the month of August, 1902, there were fifteen hundred and fifty-two bales of cotton sold on this market. During the month of August just passed only twenty-one bales were weighed. These figures give some idea of how much later the crop is this year.—Orangeburg Patriot.

New Advertisements.
GLENN SPRINGS.
Attention is directed to the advertisement of the Glenn Springs Co. Special rates for September are being given at the hotel, and it is not too late yet to take a summer vacation.
J. A. BYRD.
See J. A. Byrd's full announcement. He has a full assortment of the best brands of goods, and asks that you call his full stock in price, and it is no trouble to show goods.
W. D. Rowell, Superintendent of Education—Examination of Teachers.

If you need a buggy or wagon, you can't afford not to get Frank Bamberg's prices. He is not giving this stuff away, but he is coming as near doing that as any other dealer in the State.
Col. Dargan and His Daughters.
The entertainment that will be given by the Chiquola Club Monday, September 7th, will be out of the usual order. The features are historical, literary and musical. Col. Dargan very interestingly describes the South Carolina history, giving many new and important facts, while his daughters give a very pleasing variety of readings, recitations and music, (vocal and instrumental). In fact, the whole entertainment will afford rare and peculiar pleasure. It is given for South Carolinians, about South Carolinians, and by South Carolinians. It is a privilege to hear them and you should not miss it.

STORE TO RENT.—In town of Bamberg, under Johnson's Hotel. 20 x 50 ft. Possession given on or before October 1st. Apply to S. W. Johnson, Bamberg, S. C.

The Cotton Market.
Cotton is selling in Bamberg to-day at twelve cents the pound. Receipts of the week two hundred and ninety bales. Our buyers are paying as high prices as any market in this section. It is strange how these reports of what cotton is bringing in other towns get out, for we have heard how much higher prices are being paid elsewhere. But we cannot find published in the papers any quotations at all, which goes to show that these reports are not true. Bring your cotton to Bamberg if you want the top of the market, for you'll surely get it here.

If you need a buggy or wagon, you can't afford not to get Frank Bamberg's prices. He is not giving this stuff away, but he is coming as near doing that as any other dealer in the State.
God in gathering up His jewels to adorn His heavenly mansion, thought, in being called for the best we have. Bereft souls, this visitation is to show that, "whom the Lord loveth he chasteth." God knows that those who serve Him best must pass under the rod. "These light afflictions work out for us a far more exceeding and eternal weight of glory."

Such troubles are preparations for heaven. On the black cloud of sorrow is the beautiful rainbow of promise for the future to the saddened hearts a happy return.
Ye who are lone some now, your little darling has gone on to welcome you.
"Safe in the arms of Jesus.
There by His love surrounded
Sweetly her soul shall rest."
M. L. L.

To see the best stock of buggies, wagons, and harness visit G. Frank Bamberg's place. He has just gotten them—no old shop-worn stuff, and the prices are right.
For Good Roads.
The \$2,000 appropriated by city council for work on the highways leading into town has been turned over to the committee, consisting of E. G. Hays, G. Frank Bamberg, and Alderman G. P. Harmon, and it is to be spent under their supervision. Supervisor Bruce has been promised the convicts from the State penitentiary, and he went up to Columbia to-day to get them. He will get about ten or twelve, and work will begin at once. This is a movement which means much for both the town and surrounding country, and the people in every section where work is being done should co-operate in every way with the committee.

In this connection, we hear that the people of the Hunter's Chapel section are circulating a petition asking the town of Bamberg to give them a straight road from that section to this place, which is being numerously signed. We also understand that the petition states that they will not trade at Bamberg unless the road is given them. Now, it has been our understanding for the past year that the first work done with this appropriation would be the building of this new road, and we believe the committee will build it. While no definite plans have been made as to exactly where this money will be spent, still we believe all will concede that this new road is badly needed. However, the people in this section should help out the town by getting the right of way and by furnishing some labor on the work of cutting it out. We believe they will do this, as it will be of benefit to them as well as us.

S. A. Read, Cisco, Texas, writes, March 11, 1901: "My wrist was sprained so badly by several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to any one suffering from sprains." 25c. 50c. \$1.00. Sold by Dr. H. F. Hoover.

World's Best Medicine.

PAINE'S CELERY COMPOUND
Has Made People Well When Every Other Remedy Has Failed.

W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the chords in my leg to contract, and an abscess to rise on my knee, and the doctor told me I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world!"

Abcesses, with few exceptions, are in their nature constitutional. They may, however, result from blows, or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc. Sold by Dr. H. F. Hoover, Bamberg.

Death of Mrs. Crum.
The many friends of Mr. and Mrs. John W. Crum in this county will regret to hear of the death of the latter, which occurred in Orangeburg last Sunday morning. The remains were taken to Denmark and buried there. The following special from Orangeburg tells of her death:
"O. H. HARRISON, August 31.—Mrs. Crum, the wife of Mr. John W. Crum, died at the home of her daughter yesterday morning, and the remains were taken to Denmark, where Mr. and Mrs. Crum had lived up to a year or two ago. Mrs. Crum was a Miss Hartzog and was a most estimable woman. She leaves one daughter, Mrs. E. W. Bowman, of this city, and two sons, Mr. H. H. Crum, the State dispensary commissioner, and Mr. Samuel H. Crum, of this city."

Beautiful Women.
Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbie after each meal; it will prevent constipation, and help digest what you have eaten. 50c. Mrs. W. M. Stroud, Milledgeville, Texas, writes, May 31, 1901: "We have used Herbie in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by Dr. H. F. Hoover, Bamberg, S. C.

A Purgative Pleasure.
If you ever took DeWitt's Little Early Risers for biliousness or constipation, you know what a purgative pleasure it is. DeWitt's Little Early Risers cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken, but give strength to the tissues and organs involved. W. H. Howell, Houston, Texas, says: "DeWitt's Little Early Risers for constipation, sick headache, etc." Sold by Dr. H. F. Hoover.

"I remember the day I was born. It was bitter cold. I came into the world without clothes. I was astonished. I spoke of it to my parents. They had no explanation when taken so suddenly except the old excuse that it was 'constitutional.' What was constitutional at that age of life? All you care then is how you look. I never felt so embarrassed in all my life."—Mark Twain.
