City council is considering the waterworks proposition, but no definite steps have been taken as yet.

Our good friend, Col. Jas. T. Bacon, of the Edgefield Chronicle, is down with the grip. We sympathize with him.

In this issue Supervisor Kearse notifies all road overseers to warn out the hands and put their roads in good condition.

Mr. Sauls, a highly respected citizen of Colleton county, died recently. He was the father of Mrs. C. W. Garris, of Denmark.

We have heard no discussion or suggestions so far as to the next city council, but it is time our people were thinking about it.

See the change in ad. of E. A. Hooton. His goods have been delayed by the railroads, but it will pay to wait for his opening.

Court convenes here next Monday. There are a number of criminal and civil cases to be tried and it is likely that the term will continue for two weeks.

See the new ad. of J. T. O'Neal, real estate agent. He has bargains to offer you in both town and country property. See him you wish to buy or sell.

It is rumored around town that whiskey is being sold here illegally. The officers of the law should be especially vigilant during this period of prohibition.

Mr. and Mrs. G. Frank Bamberg went to Anderson last week on account of the death of Mrs. Bamberg's father, Mr. J. B. McGee, who died Wednesday.

There have been some thirsty people in town since the dispensary was closed, but there was a noticeable absence of drunkenness on the streets Saturday afternoon.

See the ad. of W. B. McDonald in this issue. He wants to paint your roofs with his famous cement roof paint. He has done considerable work for people in Bamberg.

The Crescent Comedy Company will play in the opera house here all of next week, commencing Monday night. This company has played in Bamberg before and delighted their audiences.

Rev. Thos. Leitch held a special service for men in the opera house Sunday afternoon. There was a very large crowd present, and many came forward for prayer at the close of the service.

It seems that the county board of education had a hard time getting a man to accept the position of member of the county board of control. Six appointments were made before a man was found who would accept.

M. M. Smoak announces that he is ready for work again at the Rouis lot on Railroad Avenue, next to Jones Bros. He is prepared for all kinds of blacksmith and wheelwright work, and has his same force of hands.

The construction force of the Bell Telephone Company has about finished the rebuilding of the lines for the local exchange. Cable has been strung on the principal streets, and the telephone service is much improved in consequence.

There was an interesting meeting of Bamberg lodge, Knights of Pythias, last Monday evening. There was an exceptionally large attendance of the members. The rank of Esquire was conferred upon Messrs. Clarence Free and J. M. Sizemore, and it is safe to assume that they will never forget their experiences.

Mrs. Dr. J. B. Black came up from Bamberg on Friday to visit her son and Col. and Mrs. F. N. K. Bailey at the college. Dr. Black, who has been a very active and useful member of the senate, joined her on Saturday. Having been away from home during the session of the legislature, Dr. Black was forced to hasten to Bamberg on Monday.—Edgefield Advertiser.

The Bamberg Banking Company's new building is ready for occupancy, but the furniture for the bank has not arrived, and they will not move in for two months yet. The furniture was delayed in manufacture on account of high water, and was destroyed by fire when ready for shipment. This will cause a delay of some time, so the bank officials decided not to move into the new building until the new furniture was in position.

Good People Leave.

Mr. and Mrs. A. McB. Speaks, with their daughter, Miss Willie Meriwether, left Varnville on the 12th instant for their new home in Bamberg.

Mr. Speaks has been a resident of our town since his youth, (not that he is an antediluvian by any means,) and so genial in his nature, that no social function was considered complete without his presence. And if he contributed to our social pleasure, he was always near when sorrow invaded our homes. His ready sympathy, his unostentatious acts of kindness swell the list of our indebtedness to neighbor and friend!

Mrs. Speaks came to our hamlet about eighteen years ago: Establishing a business in which she displayed marked financial ability. A public-spirited woman, she contributed much to the advancement of our town, and endeared many friends, who deeply regret her absence. Our good wishes attend them.

With friendly interest we have watched Miss Willie develop from infancy to maidenhood—

"Standing with reluctant feet, Where the brook and river meet, Womanhood and childhood fleet!" And seen the expanding bud unfold lovely traits of character and person. Her exquisite coloring vies in the tints of the American Beauty Rose; her "eyes so soft and brown" play sad havoc, we fear, with the hearts of her admirers.—Varnville correspondence Hampton Guardian.

Married Near Cope.

Miss Mary Hampton McMillan, the only daughter of Mr. C. C. McMillan, of the Cope section, was married one day last week to Dr. Bailey, of Greenville, S. C. The marriage ceremony was performed at old Union church. Dr. Bailey is to be congratulated upon winning this excellent young lady for a life partner. Their future home will be in Greenville. We were unable to get more definite information about this happy event or we would have given a more complete account of it. The couple have our congratulations and best wishes for a long life of unalloyed happiness.—Orangeburg Patriot.

Will Ordain Two Deacons.

At Hunter's Chapel church, in Bamberg county, Pastor W. R. Smith will ordain two deacons on next first Sunday. Bro. Smith has invited one of the editors of The Press to assist him on that occasion, and we accept the invitation with pleasure. By the way, both W. R. and J. R. Smith, brothers in the flesh and spirit, are doing admirable work on their fields, which are mostly in Orangeburg county. There are not among us two more faithful pastors, and but few who reach a larger number of people than they.—Baptist Press.

County Expenses.

The following is a condensed statement of the expenses of Bamberg county for the year 1906. This statement shows that it costs nearly \$20,000 a year to run the county:

Paupers,	849.83
Roads and bridges,	1,352.64
Chain gang,	4,053.71
County Commissioners,	231.00
Miscellaneous,	8,420.92
Total,	\$19,859.63

Mr. and Mrs. Bostick Hurt. The many Bamberg friends of Mr. and Mrs. A. McIver Bostick will regret to learn that they were both severely injured while out driving in Beaufort one day last week. It seems they were driving along on Bay street when their carriage was run into by another turnout. Mr. Bostick was badly cut in the left side, about fifteen stitches being taken to close the wound. He is said to be getting along as well as could be expected. Mr. Bostick has been in feeble health for some months, and this accident is likely to retard his recovery.

Revival Meeting. Much interest is being taken in the meeting at the Methodist church conducted by Rev. Thos. H. Leitch. The services are indeed interesting, and large crowds are present at every service. The Baptist church was closed Sunday on account of the meeting, in order that that congregation might worship at the Methodist church.

Much good is being done. Men who have heretofore been careless and indifferent to their soul's salvation have become aroused, and there seems to be a general awakening of the professing Christians in Bamberg. The meeting will continue all of this week. The singing of Mr. Marshall adds much to the enjoyment of the services.

Notice as to Pensions. Congressman J. O. Patterson writes as follows: Please announce through your columns that any person who served ninety days or more in the military or naval service of the United States during the late civil war, or sixty days in the war with Mexico, and who has been honorably discharged, and who has reached the age of sixty-two years or over, is entitled to receive a pension of \$12.00 per month or more in accordance with age, provided that no person can receive a pension under any other law at the same time. This does not apply to widows and children nor to Confederate soldiers nor Indian war soldiers. Further information and application blanks, if desired, will be furnished by me.

Very truly yours, J. O. PATTERSON, Washington, D. C., Feb. 25., 1907.

Panama Canal—Erie Canal.

Machinery is digging the Panama canal a thousand times quicker than the shovel dug the Erie. Machinery produces the L. & M. paint at 50 times less cost for labor, than if made by hand. The L. & M. gives the best job in the world, because L. & M. zinc hardens L. & M. white lead and makes L. & M. paint wear like iron for 10 to 15 years. It only requires 4 gallons of this celebrated paint and 3 gallons of linseed oil at 60 cents per gallon, to paint a moderate sized house. If any defect exists in L. & M. paint will repair house for nothing. Sold by H. F. Hoover, Bamberg, S. C.
