

Short Locals.
Attention is directed to the ad. of the Orangeburg Collegiate Institute in this issue.

B. W. Miley, Esq., was elected attorney for the county dispensary board some time ago at a salary of \$100 a year.

J. M. McKenzie has applied to Probate Judge Geo. P. Harmon for letters of administration on the estate of his father, J. C. McKenzie.

Mr. J. M. McKenzie who was elected dispenser at Ehrhardt, to succeed his father, the late J. C. McKenzie, has declined the position.

Mr. E. F. McMillan sent us an almost grown cotton boll, yesterday morning. He has twenty acres of cotton which is full of bolls.

Don't forget the cotton association meeting in the court house here tomorrow (Friday.) Messrs. Smith, Weston, and Hyatt will be present and make addresses.

The dispensary at Ehrhardt has been closed since the death of Dispenser J. C. McKenzie, but the county dispensary board will elect a dispenser as soon as possible.

In another column Mr. J. W. Barnes offers for sale twenty fine mules, some of them being large timber mules, and two fine horses, all for cash or on easy terms.

It is said that the dispensary election for this county will be held about the middle of August. Under the law the county supervisor must give thirty days notice of the election.

Five pounds Huyler's given away every week at Hoffman's.

In another column the county dispensary board advertises for bids and samples for the purchase of liquors for the second quarter. The bids must be sent in not later than August 10th.

Bamberg's share of the dispensary profits for the past three months amounts to \$657.56, a little over \$200 a month. The money was badly needed at this time, as the city treasury is sadly depleted.

\$20.00 parasol given away at Hoffman's Sept. 1st.

See D. J. Delk's new advertisement. He has lately installed a lot of new machinery, and is now prepared to do all kinds of pipe work. He also carries a stock of engine supplies, fittings, etc. Delk is enterprising and up-to-date.

The time for paying street tax has been extended until the 15th instant. After that date the penalty will surely be added. Pay A. M. Brabham, clerk and treasurer, before that date. You can find him at the store of C. R. Brabham & Sons.

The most important piece of news to the Edgefield people that The Advertiser has contained in some time is that Dr. C. E. Burts will remain in Edgefield. The Macon church has allowed him to withdraw his acceptance of the call to that church.—Edgefield Advertiser.

Go to Hooton's and get a cool dress for these warm days.

Several people in town have ordered electric fans for use during this hot weather. We are glad to see that Bamberg folks appreciate comfort. If the plant can get sufficient patronage, a day current will be put on, and every fan put in makes a day current more of a possibility.

Hoffman is giving two free trips to the Jamestown Exposition Sept. 16th.

At a meeting of Bamberg lodge, Knights of Phythias, last Monday evening the electric fans were used for the first time and added much to the comfort of the members, as the evening was very warm. The members who have been staying away can now come to the lodge and keep cool.

50 inch Panama, the \$1.00 kind, for a few days at 75 cents.

Friday, July 12th, is the day of the meeting of the cotton association here. President E. D. Smith, and Messrs. F. H. Hyatt and F. H. Weston will be present and make addresses. Every farmer and business man in the county should be present. The meeting will be held in the court house.

Twenty-five cigars given away every Saturday night at Hoffman's. Mr. J. W. Barnes, one of the fine farmers of Orangeburg county, was in the city Tuesday. He says his crop is poor this year. He has recently completed a handsome new residence, in which he has installed a modern system of water works and all the other conveniences enjoyed by dwellers in the cities.

50 inch Panama, the \$1.25 kind, for 90 cents at Hooton's.

Mr. L. N. Bellingher returned last Friday from a trip to the Jamestown Exposition. He was there for the exercises of Carolina day, and he was delighted with the State exhibit as well as the courtesies shown South Carolina people. Mr. Bellingher has finished his survey of the territory of the new county wanted by St. Matthews.

Get a Persian Lawn suit at Hooton's and keep cool.

The necessary signatures have been secured to the petitions asking for an election on the question of establishing a high school in Bamberg, and the election has been called for Thursday, July 18th. W. M. Brabham, H. W. Adams, and J. W. Hill are managers for the election. It is of course practically certain that the high school will be voted.

The revival meeting which was conducted in the Methodist church, Rev. Thos. Leitch for the past weeks closed on Sunday night. The meeting was very successful, large crowds attending the services, and a number of members were added to the several churches.—Aiken Recorder.

Revs. Leitch and Marshall are now conducting a meeting over at Cope. They have been conducting the services through this week. Rev. L. E. Wiggins is pastor of this charge, and the services are being held in Union Methodist church in the town of Cope. Much interest is being manifested. The public generally is invited to attend.

W. A. KLAUBER.

Klauber's page ad. in this issue gives some prices which will obtain during the great alteration sale at his store, which will commence next Wednesday, July 17th, and continue for ten days. Klauber is going to enlarge and remodel his store, and the goods must be sold. Of course he can quote prices on but few articles, but everything in the house will go at sacrifice prices. Don't miss this sale. If you do, you'll always be sorry of it. We know money is scarce, and most of us have little of it. This is all the more reason why you should take advantage of this money-saving opportunity.

Dispensary Statement.

In another column will be found the quarterly statement of the dispensary in this county. This statement shows that the profits for the quarter were \$3,841.77, of which amount the county gets \$1,536.70, the towns the same amount, while the schools gets \$768.37. The expense account for the quarter amounts to \$3,618.96, which is heavier than it will be later on. Starting off the new system costs more than it will after it gets to running smoothly. The showing made will compare favorably with any of the other counties.

Scholarship Examination.

Last Friday was the day for holding the scholarship and entrance examinations for Winthrop and Clemson, also for the College of Charleston and the South Carolina University, both of these colleges offering scholarships as well. There were seven young ladies who stood the examination for Winthrop, six applying for the vacant scholarship from this county, and one for entrance. There were eight young men for Clemson, three for the scholarship and five for entrance. There were no applications for the College of Charleston or South Carolina University scholarships.

The papers of the various contestants have been sent on, and the winners will be announced in few weeks.

Rowdy Soldiers.

Last Friday morning a special train passed through Bamberg conveying a lot of soldiers from Alabama to Charleston, where they are to have an encampment on Sullivan's Island. As the train passed the depot here the soldiers amused themselves throwing rocks, railroad spikes, and other missiles at people who happened to be standing near the track. Cary Brabham, the negro porter at Johnson's Hotel, was struck in the face, near the eye, by a railroad spike, and a very painful wound was inflicted. Cary says he thought he was shot at first. The train did not stop here.

Colored Folks Celebrate.

The colored people of Bamberg observed the 4th of July in a becoming manner. A joint celebration of the Methodist and Baptist Sunday schools was held at the Baptist church. The program consisted of music, patriotic songs, a debate, the subject discussed being who was the greatest man, Washington or Lincoln, recitations, etc. A picnic was held on the grounds, and in the afternoon there was a game of base ball, and they didn't fight or row over the game either. The day passed off quietly, and the affair was a most creditable and successful one. We are glad to note this disposition on the part of our colored people. It was a most appropriate way of celebrating the day.

Sunday Selling Illegal.

Attorney General Lyon has written the dispenser at Walterboro as to selling whiskey on Sunday on prescription of physicians. He advises that the law prohibits the sale of whiskey on Sundays and legal holidays, and there is no exception in any case. The Bamberg county board passed a resolution that whiskey would be furnished on physicians' prescriptions on Sunday, provided the physician stated that he was in actual attendance on the patient and that the whiskey was absolutely necessary. Under the attorney general's construction this is illegal and will have to be discontinued. The law makes absolutely no provision for getting whiskey on Sunday, no matter what the need may be.

FREE TRIP TO EXPOSITION.

Wiley's Voting Contest Will Give Valuable Prizes to Contestants.

Well the first month of the contest is over, and never before in the history of voting business has anything been seen like it. The prizes for this month were fought for without any letting up of interest at any single moment. The prize winners were as follows:

First prize for most popular young lady, won by Miss Sadie Brabham.

Second prize for young lady, won by Miss Blanche Garland.

First prize for most popular young gentleman, won by Mr. George Hoover.

But this is only the beginning, for there will be three such monthly contests, each one separate in itself, but all going to make up the grand contest, for which there will be given two round trip tickets to the Jamestown Exposition, one for the young lady and one for the young man receiving the highest vote between June 8 and September 8. The prizes as offered before will hold good, a first prize each month of a five pound box of Wiley's candy to the young lady, and a three pound box to the young man. But bear in mind the greatest of all and that is the free trip to the Jamestown Exposition.

In counting the votes this month, there were two coupons, one for 100 votes and one for 25 votes, which had to be thrown out entirely because there were no names attached, so be sure to put the name of the one for whom you are voting, and remember that each purchase at the fount and each cigar bought, entitles you to one vote.

The High School Question.

It appears from the construction of the new high school law that Denmark cannot establish a high school unless another election is held. The law provides that an incorporated town of less than 1,000 inhabitants cannot establish a high school if the school district extends beyond the corporate limits of the town, unless two districts combine. So it seems that Denmark and some other district will have to combine in order to obtain the appropriation. It seems a pity that the law was not made plain in the first instance, as now several districts in this county will have to hold new elections.

RAINY DAYS!
Yes, we have had them this Summer! But how about those "Rainy Days" that are sure to come to all of us after while? Are you getting ready for them now? Make it a rule to put aside a few dollars each week or each month and see how fast your "pile" will grow, and how easy and natural it is to "keep it up" after you once start. The hardest part is to start. We pay four (4) per cent. compounded quarterly in our Savings Department, and we make a specialty of rainy day accounts. Come to see us and bring your money with you. Start your account to-day. Tomorrow May Be Your Rainy Day!
