

# COMPETITION IN RAILROADING

The following is said to have happened near Bamberg at a competing point of the Southern and Seaboard Air Line Railways: Two trains met there, one Southern and one Seaboard. The two porters got into a discussion of the merits of the roads and the number of passengers carried. The argument waxed warm, and finally the Southern porter, to close the discussion, said: "Oh, go way, nigger, the Southern kills more people than your road hauls." We no doubt carry in our large repository more buggies, wagons, harness, etc., than most of our competitors in this part of the State sell in an entire year. We have the largest and best equipped building in the lower part of South Carolina, we buy always in car load lots for spot cash, getting all discounts, and therefore it is easy to see why we sell so many vehicles. Then, too, we buy only the best makes and latest styles, all goods being sold under a strong guarantee.

## Buggies and Wagons.

Our stock embraces almost every kind used in this section. Top buggies, open buggies, and anything in the line. Many styles to select from. One and two-horse wagons, heavy and light, wide and narrow tires. All good ones, the very best makes, from the best builders in the country.

## Horses and Mules.

We always have some stock on hand, and we have in our stables now some choice stock which we are anxious to dispose of. We can take care of your wants always, and we want you to make our stables your headquarters when you come to town. If you want to buy, all right, if not we take just as much pleasure in showing you around. Remember this: It will always pay you to get our prices before you buy.

## Harness, Whips, Etc.

Harness of all grades and prices, single and double, light and heavy, for buggy, wagon, or plough, also all extra parts of harness, oils, etc. We almost forgot to tell you about those handsome lap robes. Full line just in. They are beauties, and the prices are most reasonable.
