

It might be well for the taxpayers of the county to hold a meeting here the first Monday in December or January and instruct our representatives in the legislature or at least give them some idea as to what to do to reduce county expenses.

As a result of the political powwows in Columbia last week, Governor M. F. Ansel is being talked of for the United States Senate against Senator Latimer. The Governor says he will announce in a few days whether he will be a candidate or not. It is likely that he will be in the race, but if he will take our advice, he'd better keep the job he has now.

We publish in another column an article from the Wateree Messenger as to the county dispensary board of Kershaw county paying out the profits belonging to the towns and county for attorney's fees in contesting the recent election, in which the dispensary was voted out of that county. This is certainly a bad state of affairs. Spending the money of the people in an effort to defeat their will is something heretofore unheard of in South Carolina. The county board should be prosecuted for malfeasance in office.

It is estimated that the expenses of Bamberg county for the present year will amount to \$17,500 at least. As the present levy of three mills only brings \$9,000 or less, and the dispensary about \$6,000, it would seem that the necessity is on us for reducing expenses if we don't want to diminish the surplus on hand. True it is that we are ahead now, but it will not last long at the present rate of expenses. A few years ago the expenses of the county amounted to \$12,000, and many taxpayers cannot understand the large increase.

**ALL HOME PRINT.**

In commenting on the fact that The Herald is now printed all at home, the Yorkville Enquirer says:

It is a matter of much satisfaction to The Enquirer to note that the Bamberg Herald has seen proper to discard co-operative sheets and join the all home-print class of papers. The editor of the Herald has long been recognized as a county newspaper man of unusual force and ability, with sound and sensible views on most questions of current interest, and generally ready to say what he thinks. We have not been able to account for his willingness to use a co-operative sheet, except upon the theory that his county had not yet advanced to the point where it was willing to stand the expense. There is no patent outside printed that would add strength to the work of Editor Knight, and if his county should fail to stand by him in his step forward it will be the loser.

We beg to thank our friend for the above very kind expressions. The reason we have not printed all of our paper at home is because our advertising patronage and subscription list did not warrant the expense. We are very anxious to issue an all home-print paper all the time, and we will do it as long as the advertising keeps up. We are afraid, however, that in a short time we will have to go back to the co-operative plan, but, even if we do, it will only be temporary. For in the course of the next six months we expect to arrange definitely to print all our paper at home.

**Negro Lecturer Denounces South.**

Battle Creek, Mich., Nov. 2.—Mary Church Terrell, of Washington, D. C., president of the national association of colored women, delivered a furious invective against the people of the South before the purity congress here last night.

No servant girl is safe in the home of the white people, she declared. She charged that all the states of the South had plotted to shut out the children of the blacks from an education, and that the courts had refused to protect the colored women. Some of the women of the South were quoted as saying the negro women are devoid of honor.

"Many of our rich men will gladly give thousands to help my race," she said, "but refuse to give an honest, educated negro respectable employment."

**Tuesday's Elections.**

Elections were held Tuesday in several States. The Republicans carried Kentucky, electing a governor and probably a full State ticket. New Jersey went Democratic, as also did Mississippi. Massachusetts went Republican as usual, but Rhode Island is in doubt. Tom Johnson was re-elected mayor of Cleveland, Ohio, defeating Congressman Burton, who was said to be Roosevelt's candidate.

In New York the Tammany ticket won out, and in the county contests the Democrats were victorious. In Pennsylvania a full Republican ticket was elected. In Maryland the Democrats won by good majorities.

**THE BARNWELL ASSOCIATION.**

Proceedings of the Recent Session at Mt Arnon Church.

The Baptists of Barnwell and Bamberg counties met in their annual convocation with the Mt. Arnon church near Allendale Thursday, Oct. 24. The place of meeting is near the edge of the association's territory, but it was conveniently reached as the train stopped within a few hundred yards of the church to let the crowd off.

The introductory sermon by H. C. Snider from the text, "What is your life?" was a practical call to higher living on the part of Christians.

Moderator R. M. Mixson and treasurer J. A. Jenkins were re-elected to their respective offices. Bro. Jenkins has been treasurer for many years, and he is a faithful and efficient officer. Rev. W. D. McMillan had been clerk for a score of years, but was prevented from being present by an accidental fall a few days previous. Rev. W. G. Britton was elected clerk.

There are thirty-seven churches in the association whose membership last year was 4,581. Two hundred and two baptisms were reported this year. Most of the leading churches reported large increases by baptism.

Thursday afternoon was given to the discussion of religious periodicals and bible and colportage work. The Barnwell Association, with the aid of the State board, employs Rev. W. G. Britton as colporteur. Rev. S. P. Hair read the report on colportage, and Bro. Britton presented his report of work done during the year. He sold over five thousand books, and visited nearly every church in the association. He also preached regularly at old Columbia church, a mission station.

Dr. G. W. Garner made an earnest appeal to the people to shun pernicious literature, and to supply at any cost suitable literature for the training of the young people.

Friday morning the association reached the high tide of the session. There was no report on orphanage but the writer presented the needs of the work by request of Superintendent A. T. Jamison, and secured liberal pledges of syrup for the orphanage.

Rev. A. J. Foster presented the report on State missions which was discussed by Dr. W. T. Derieux, who secured liberal subscriptions for the new church to be built at Rock Hill.

Dr. C. C. Brown was present and in his happiest mood, as Bamberg is his home county of which he is very proud. He made his best speech for the old preachers, but it lacked the usual finale, as the rule of the association prevents a collection being taken.

Dr. R. W. Sanders presented an excellent report on education and made an eloquent appeal for greater attention to education in our State. President E. M. Poteat, of Furman University, made a telling appeal for education under Christian influences.

The session continued through Saturday, but The Courier representa-

tive, in company with Dr. Derieux, had to leave in order to reach the Colleton Association the next day.

**NOTES.**

Rev. G. N. Askew and Rev. W. D. McMillan, both of whom have been long intimately connected with the work of the association, were greatly missed by the brethren.

Dr. G. W. Garner has resigned at Barnwell and will return to his old home at Griffin, Ga., in order to assume the work as associational missionary, a work for which he is eminently fitted. He will be greatly missed in the Barnwell Association.

Rev. J. F. Morrill and Rev. A. L. Beal were present as visitors from the Savannah River Association.

The splendid hospitality of the Mt. Arnon church and community is so well known that everybody was delighted to come hither again. The scribe with eight others found entertainment in the ideal home of Bro. Joe Walker, of Thomas, S. C. The brethren provided ample conveyances for about fifty delegates and visitors who came on the train. Rev. M. M. Benson is the happy pastor who looked after the entertainment of the association.

The committees on finance and statistics had not yet prepared their reports, but I gleaned facts from some of the letters which may make interesting reading: The Blackville church reports 246 members, 93 in the Bible school, and \$2,443 contributed for all purposes, of which \$954 went to missionary causes. Last spring the church undertook the support of a missionary on the foreign field and the contributions aggregated \$634.

Williston church has 201 members who gave \$2,820 for all purposes. They were engaged in erecting a new house of worship, but they increased their contributions to missions and general benevolence, giving \$297 to the latter. Dr. W. M. Jones, the popular pastor of this church, could not attend the Association on account of the extreme illness of Mrs. Jones.

Barnwell church reported 189 members, 2 baptisms, 135 in Sunday school, and 50 in the W. M. Society. The contributions aggregated \$1,746, of which \$530 went to missions and general benevolence. The Sunday school contributed \$122, and the women \$381.

Bamberg reported 206 members, 26 baptisms, \$1,459 contributed, of which \$256 went to missionary objects. The Sunday school gave \$129 and W. M. Society \$178. Rev. A. J. Foster is the efficient pastor of the Bamberg church.—J. K. Hair in Baptist Courier.

There is an especially large number of cases to be tried at the term of court next week, both criminal and civil. In fact, the largest court yet held in the county is ahead of us, and it is likely that the two weeks allotted will not near finish the business. More than sixty civil cases are on the calendar. And courts cost the county money.
