

Short Locals.

The shows at the opera house here this season have been above the average.

The recent heavy rains have caused the river and other streams in this section to be very high.

To-day is the last day for making tax returns, and if you have not done so, fifty per cent. penalty will be added.

L. B. Fowler has rice flour on hand at reasonable prices. See him quick if you need some good cow food. Apply at residence.

It is mighty hard to keep up with the doings of the general assembly these days. A bill will be passed one day and killed the next.

Our subscribers continue to come in and pay up. Remember that April 1st is the date when all but paid-in-advance subscribers must be cut off.

Little Miss Blanche Hair gave a Valentine party to her juvenile friends last Friday evening from 7 to 9:30. Delightful refreshments were served.

A lot of gypsy horse traders were in camp near town last week. The women strolled around town endeavoring to have people get their fortunes told.

The Murray Comedy Company gave a good show at the opera house last Friday night. The Schubert Symphony Club and Lady Quartette will be here Wednesday night, February 26th. This is also a fine attraction.

Our merchants seem to think it is useless to advertise these days. The advertising patronage of The Bamberg Herald is very small, and yet our merchants think we ought to print a good newspaper and boom the town.

We have not noticed in the reports of proceedings of the house and senate where our senator or representatives made any effort to have the salaries of auditor and treasurer kept at the present sum, \$800, instead of being increased to \$1,080.

This office has received some of the finest paper ever brought to this section. We make a specialty of handling the very best bond and linen papers for business and professional men who want something extra nice. Come in and see the line.

Remember the Schubert Symphony Club and Lady Quartette, which comes to the opera house in this city for one night only, Wednesday, February 26th. This is a very fine attraction, one we feel sure will please all music lovers. Seats on sale at Hoover's.

Prospective candidates who cannot decide what office to run for the coming summer will note that under the increase of the offices of auditor and treasurer are now the best paying ones in this county. We shall no doubt have a number of candidates in the race for these places.

At a special meeting of Bamberg lodge, Knights of Pythias, held last Thursday evening, Messrs. J. F. Carter, L. B. Fowler, and H. W. Adams were elected as delegates to the district convention which meets with the Ehrhardt lodge on Thursday, the 27th instant. The delegates will select their own alternates.

Rev. S. P. Hair requests that we publish the following church notice: Prof. Robert Brown will preach at Ghent's Branch Baptist church next Sunday morning, and Rev. M. M. Benson at Double Pond in the afternoon. S. P. Hair, the pastor of these churches, is attending the seminary mid-winter lectures at Louisville, Ky., February 17-28.

The little son of Mr. and Mrs. W. A. Klauber had a narrow escape from drowning in the ditch near their house last Thursday. He and other children were playing when he fell in. A little son of Mr. and Mrs. L. C. Price hurried home and told his mother of the accident, and Mrs. Price ran and rescued the little fellow from a watery grave.

The senate and house have passed a bill increasing the salaries of auditors and treasurers, so it is likely to become law, and these officials in Bamberg county will be paid salaries entirely out of proportion to the other officers of the county. These two offices will no doubt be the most sought after in this county in the future, for a salary of \$1,080 a year is tempting.

The live stock dealers are the busiest people in town these days.

Madam Jacinta, a scientific palmist of New York, is at the Garland House for a few days.

The county chain gang is now in camp at Binnaker's bridge, and the roads in that section are being worked.

The congregations at the Methodist church are large at each service, and the pastor, Rev. T. G. Herbert, is preaching interesting sermons. Those members who stay away are missing a great deal.

The State Supreme Court has affirmed the decision of the circuit court in the case of G. F. Hiers vs. The Atlantic Coast Line Railway. This was a suit to recover damages for the loss of freight in transit, and Mr. Hiers wins the suit.

Our subscribers will please remember that we need every dollar due us in order to complete our new building and put in the type setting machine and other machinery we need. We can print a much better paper with the new equipment, so help us to get it.

The district convention of the Knights of Pythias of the third district will be held at Ehrhardt the 27th instant. This district is composed of all the lodges in Aiken, Bamberg, Barnwell and Hampton counties.

Waterworks Bonds.

A number of our citizens are asking what has been done in reference to the sale of the bonds for waterworks, which were voted last year. For the information of the public, it can be stated that the bonds will not be issued for the present at any rate, as the offers so far received have not been satisfactory. Last year city council undertook to sell the bonds, but were unable to obtain a lower rate of interest than six per cent. Recently the editor of this paper, as a member of the board of public works, has been endeavoring to place the bonds, but without success. The best offers received were 108 for six per cent bonds, or 93 for five per cent bonds. City council and the board of public works are not willing to pay over five per cent interest, and want par for the bonds, as well as blanks bonds free and accrued interest from date of issue to delivery. We do not believe it a good business proposition to issue the bonds at the prices offered, so our people will have to do without waterworks for a while.

Towns Destroyed by Clyclone.

MERIDIAN, MISS., Feb. 14.—Three small Mississippi towns were practically demolished by a tornado today. Reports of the number killed range from six to ten with the smaller number probably correct.

Mossville, Service and Soso are the towns destroyed. They are all in Jones county and are very small, being merely a handful of scattered dwellings. The tornado struck them about noon and in most instances is reported to have carried buildings in its path completely off the lots on which they stood. Nearby fields were covered with wreckage and the branches of several trees were littered with small household articles.

L. S. Norrison, a resident of Mossville, who came here after the storm, said that he was out of doors during the blow and was compelled to grasp a wire fence to keep from being blown away. He said the dead at Mossville are Alex Windham and wife, negroes. Near the town, he said, four white persons had been killed, a man and his wife and their two children whose names he did not learn. The seriously injured at Mossville are: J. W. Robinson, Mr. and Mrs. William Campbell and Minnie Campbell.

Near Service, one child of Ike Holloway is reported dead and also an unknown negro.

No reports of fatalities have come from Soso. The tornado was accompanied by a torrent of rain which caused a sudden rise in the creeks and washed away several bridges. Roads have become impassable in the cyclone district and telegraph and telephone wires were not working tonight.

INDICTED FOR CONSPIRACY.

Alleged "Graft" Cases are to be given to the Grand Jury.

A great deal of interest centres around the proceedings of the Richland county grand jury this week. The State of South Carolina will hand out indictments against a number of former officials who are charged with conspiracy to defraud.

These have never been given a preliminary hearing and it is not known what kind of case the prosecution will present to the grand jury.

The indictments will be drawn by Mr. Marshall P. DeBruhl, assistant attorney general, who will base the specifications upon the testimony of Morton A. Goodman agent for Ullman & Co. Goodman is under indictment and was released on \$25,000 bond. The other parties indicted are L. W. Boykin, J. B. Towill, J. M. Rawlinson, John Black, J. B. Wylie and W. O. Tatum. Each is out on \$10,000 bond.

There will be a great legal battle on these cases, for there may be others to be tried and the moral effect of the outcome of the first trials will be worth everything to the successful side.

The testimony used by the prosecution will be based on the examination of Goodman by the dispensary commission. However, the attorney general is said to have much matter which he has secured independently.—Columbia State.

Coast Line Cutting Force.

FLORENCE, Feb. 16.—A further cutting of force on the part of the Atlantic Coast Line Railroad company occurred Thursday afternoon when 25 men were suspended.

Most of the men cut off are car builders and negro helpers. This action on the part of the company was totally unexpected on the part of the employees and they were somewhat surprised when the bosses of the respective departments informed them of the move. There is no cause assigned for this move on the part of the railroad company further than the policy announced some time ago of cutting down expenses. This policy has been followed by the company here all the winter, but for the most part the men who were suspended under this order have been reemployed. Some, however, have been unable to regain their positions, after a temporary suspension on the part of the railroad company.

Raised Money Order.

W. O. Warren, a white man living at Kline, Barnwell county, was brought to the city yesterday afternoon by United States District Deputy A. Fischer, and placed in the city guard house until this morning when he was lodged in the county jail, charged with raising a postoffice money order. The order was raised in the town of Bamberg last November, and involved about ten dollars.

Warren, it is alleged, went to the post-office in Bamberg, and secured a postal money order from that office for the amount of \$1.81. He took this order and raised it to the amount of \$9.81. The order was made payable to Sears, Roebuck & Co., of Chicago and was traced back to the sender. Deputy Fischer went for the prisoner yesterday and located him about three miles east of Kline.—Orangeburg Evening News, Monday, Feb. 17th.

Wanted Lien Law Killed.

ORANGEBURG, Feb. 16.—The people of this county, almost without exception, regret the failure of the Legislature to repeal the lien law. While the disappointment is keen, everything having pointed to the repeal of the law, which is responsible for so much poverty among the negroes and the poorer white people, the negroes opposed to the law have not given up the fight by any means. Like the opponents of the old State dispensary and the present prohibition forces, the anti-lien law people will continue the fight, realizing that success is bound to eventually crown their efforts, if not this year, next; if not next year, the year after.

With this in mind they will put forth stronger efforts than ever to have the law wiped off the books at the next session. Faithful to his trust and carrying out the will of his constituents, each member of the general assembly from Orangeburg county had his vote recorded in favor of abolishing the lien law.
