REFUND ORDERED.

Lumber Shippers to Get \$165,000 from Railroads.

Washington, Jan. 28.—By far the largest specific allowance of reparation ever ordered by the interstate commerce commission was made today when that body approved a settlement agreement of \$165,000 in satisfaction of the claims on account of unreasonable rates on lumber shipped from Southern mills, involving about 125 cases and 11 different railroads of the South. These are said to be about one-third of claims to the same kind pending before the commission.

They involve the 2-cent difference per 100 pounds between the advanced rates made effective in the summer of 1903 and those in effect for a number of years prior thereto, on shipments that moved between the time of the advance and the summer of 1907, when, after the final decision of the United States supreme court sustaining the decisions of the commission after a course of appeals, the lower rates were restored.

The different roads are: Southern railway, Atlantic Coast Line, Nashville, Chattanooga & St. Louis, Seaboard Air Line, Central of Georgia, Georgia Southern & Florida, Macon & Birmingham, New Orleans & Texas, Pacific, Mobile & Ohio, Illinois Central, Louisville & Nashville.

The settlement agreement was reached between the petitioners and the carriers on January 12 last, and the commission's approval is with the proviso that the commission reserves the right to require, if necessary, a statement showing in detail the distribution of this fund among the several claimants.

The claims were heretofore decided by the commission in its reports by Commissioner Clements in what are known as the Yellow Pine Association and Tift cases.

Congressman to be Tried.

Washington, Feb. 2.—Representative J. Thomas Heflin, of Alabama, will not escape prosecution under the indictment charging him with assault with intent to kill Louis Lundy, March 25, although the principal witness, whose marriage last December, made her the Princess Arnheim-Gagarin, and a Russian subject, will not be able to be present.

United States Attorney Baker is authority for the statement. While admitting his plans to call Mr. Heflin to trial this month have been interfered with he denies that the case will be dropped.

The Princess Arnheim-Gagarin, who at the time of the alleged assault, was Miss Georgia Jeffrey, was the passenger on the car, whom Mr. Heflin considered had received an insult. She was married in Canton, China.
