

**SHOOTS NEGRO FOUR TIMES.**

**Dr. Able Wounds Negro Who Drew Pistol on His Father.**

St. Matthews, Nov. 10.—Dr. L. M. Able, a prominent merchant and druggist, shot and wounded Jim Buysk, a negro of unenviable reputation on the streets of St. Matthews to-day. Buysk had used some very severe language to Dr. A. R. Able, the aged father of the man who did the shooting. When he was asked to explain his conduct, Buysk reached for and drew his pistol. The younger Dr. Able, standing near by, perceived his father's danger and fired upon Buysk. Five shots were fired, four of which took effect. The wounds are not thought to be of a serious nature. Buysk was taken charge of and his wounds given attention. Dr. Able and his father surrendered immediately to the authorities.

**Opening of the Pennsylvania Railroad Station, New York City.**

The Atlantic Coast Line makes official announcement that all their trains will enter the new Pennsylvania railroad station Seventh Avenue and Thirty-second street, New York, on and after November 27th, and that the West Twenty-third street ferry, and the Brooklyn annex ferry will be discontinued on and after that date.

The "Florida and West Indian Limited" will leave from the New York station at 10:16 a. m. and arrive at 2:31 p. m. The "Palmetto Limited" will leave at 3:38 p. m. and arrive 1:50 p. m. and the "Coast Line Florida Mail" will leave 9:30 p. m. and arrive 5:59 a. m. Upon the inauguration of the "New York and Florida Special," January 9th, that train will leave New York 1:26 p. m., and arrive 4:06 p. m.

It will be seen from the foregoing that passengers will have considerable advantages, not only from the convenience of reaching the station, which is centrally located and adjacent to street car lines, extending to all parts of the city, but in a later departure and an earlier arrival in the city.

The travel to the down town section will be provided by trains from the Manhattan Transfer Station, located at Harrison, N. J., and at which all through trains from the South will stop. They will be taken to the passenger station in Jersey City and can reach the lower Manhattan by the Hudson and Manhattan tubes, or by ferry to Cortlandt, or Dearbrosses streets, which service will be continued.

Passengers to and from Brooklyn will transfer in Pennsylvania station, to and from Flatbush avenue, Brooklyn, via the tubes under the East River, thereby saving much time and annoyance.

Under the new arrangement, effective November 27th, all the Pullman cars operated to and from New York over the Atlantic Coast Line will be electric lighted and equipped with electric fans.

The location of the station appeals directly to the hotel guest, the shopper, the amusement seeker, the business man, the professional man and every class of travel to and from New York, over the Atlantic Coast Line, as the new station is in the very heart of the hotel district, only one block from Broadway, two blocks from Fifth Avenue, and one block from the centre of the retail drygoods section, which is supposed to be the busiest part of New York city.

**Union to Have New Court House.**

Union, Nov. 9.—In the election in this county yesterday on the question of issuing \$75,000 in bonds for a new court house, the vote was 471 for and 449 against, giving a majority of 22 in favor of the issue of the bonds.

It was thought four remote precincts would overcome the lead in favor of bonds, but they cast very small majorities against, one of the four voting in favor of the issue. So Union county will have a handsome new court house to replace the present one, which was erected in 1825 and has outlived the time when it was adequate for the needs of the people.

**Carlisle Fitting School.**

President Snyder visited recently the Carlisle Fitting School at Bamberg. He found a fine body of serious-looking young men and women, apparently capable and willing to do the best kind of work. Headmaster Guilds and his two assistants, Messrs. Duncan and Betts, would be hard to improve on. They have the ability, the training, the experience, the character, the consecration for their special duties. There is no school in that section of the State better equipped or better manned for high school work. Intelligent, discriminating patrons will find this out as the days go by. Thorough, honest, efficient work and high moral ideals represent the standard of the school.—S. Southern Christian Advocate.

**RASCAL IS CAUGHT.**

**Negro Bound Over to Court for Stealing Grips.**

The people of Branchville believe that at last the rascal who has been stealing grips and packages from the night trains at that place has been caught. Mossy Davis, alias F. Weston, colored, has been making it a practice to ride the night trains. While the passengers were asleep someone would steal their grips and make away with them. Davis got on No. 16 at Orangeburg. Just before reaching Branchville he is thought to have lifted a negro passenger's grip containing his clothes, money and pistol.

He was seen leaving the train with a grip and the officers were put on his trail. After a hard chase at Bamberg Wednesday morning he was caught by Special Officer of the Southern Railway Mr. Moore and brought to Branchville to face charges before his Honor, Magistrate A. S. Dukes, who gave him a preliminary hearing and bound him over to the court of general sessions.

Mossy Davis is believed to have made this his occupation for years, to steal from the night passenger trains. He has been evading the officers for some time. This time he was caught with the goods, which were identified. He has been lodged in the county jail.—Orangeburg Times and Democrat.

**Uses for Kerosene**

A little kerosene rubbed over the nickel on the kitchen range will clean it better than any metal polish and leave no scratches.

Use kerosene with your silver polish, the silver will clean much easier.

Apply kerosene to a burn if the skin is not broken; it will take the fire out and give relief.

Try cleaning finger marks or other dirt spots on paint with a little kerosene; it will remove the dirt and not injure the paint like soap.

Use a little kerosene on a clean cloth to wipe off the top of the mopboards; it will not disfigure the wall paper like soap and water.

Add a few drops of kerosene to the water in which you wash your windows; it will make them look clear and bright.

If your sink gets rusty wipe it over with kerosene.

Clean the zinc under the stoves with kerosene and note the result.

**Saves an Iowa Man's Life.**

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. Its positively guaranteed for stomach, liver or kidney troubles and never disappoints. Only 50c. at People's Drug Co., Bamberg, S. C.

**Negro Gets Verdict.**

Lexington, Nov. 10.—A verdict for the defendant was rendered in the common pleas court to-day in the case of Frank Holmes, a Columbia negro, against the Southern Railway company. Holmes, who was injured while walking on one of the defendant's tracks in the city of Columbia on the night of May 11, 1908, sought to recover \$2,000 from the railroad. One of the features of the case was the fact that the negro signed a release a short while after he was injured, in which, for the sum of \$1 and the payment of his doctor's bill, he relinquished all claims against the company.

**NEGRO KILLED IN DISPUTE**

**Row Over Quarter Ends in Homicide Near Williston.**

Aiken, Nov. 13.—As a result of an altercation over a month ago, when William Thompson, colored, was shot by Bub Kelly, also colored, William Thompson died at his home at White Pond Thursday.

The inquest was held over the body Friday, when the particulars, so far as possible, were disclosed by one of the eyewitnesses of the affair. The place where the shooting took place was in Barnwell county, on the outskirts of Williston, and until notice of the death of Thompson was received by Coroner Johnson, of Aiken county, nothing of the affair had reached the ears of the officers of the law. It seems that the two negroes met near Williston and Kelly asked Thompson to give him or pay him a quarter, for reasons which were unknown to the witness. Thompson refused to turn over the money and a row ensued, in which Kelly pulled his pistol, the only one in the crowd, and shot Thompson. The wounded man was carried to his home at White Pond, in this county, where he died Thursday.

The cause of the trouble over the money was not brought out at the trial. Both negroes bore bad reputations.

A warrant has been sworn out for the arrest of Kelly. The inquest papers have been forwarded by Coroner Johnson, of Aiken county, to Coroner Creech, of Barnwell county.

**Further Move in Franklin Case.**

Will the case of Paul Franklin be placed in the hands of white attorneys? This conclusion is reached following the movements about the State house of the negro attorneys for the negro who has been sentenced to hang in Orangeburg county and a representative of some kind of philanthropic society of New York city. A white woman called at several offices in the State house during the day and asked for the court records. She was directed to the office of the clerk of the supreme court. She stated to Col. U. R. Brooks that she was to meet Adams and Moore, the negro attorneys for Franklin, and that she would like to see the records in the case. Before she further explained her mission John Adams, one of the negro attorneys, came in. She held a conference with him in the supreme court room and then left the building. Adams asked Col. Brooks for a copy of the latest appeal in the Franklin case. He was furnished the copy and left the State house.

Franklin, the Orangeburg county negro, who several years ago killed a constable named Valentine, has been before the courts, both federal and State several times. The Orangeburg county court sentenced him to hang. There was an appeal to the State supreme court and this verdict was sustained. The case was later appealed to the United States supreme court. There was a contention of a constitutional violation in the selection of the grand jury which handed out the indictment against Franklin. The State supreme court recently gave an opinion ordering a new day to be set for the execution of Franklin.

The attorneys for Franklin appeared before Judge Sease in Orangeburg and asked for a new trial on the grounds of after discovered evidence. The new trial was refused and an appeal was taken to the supreme court. This appeal is now before the court.

The representative of the New York society did not state her business. It is expected that there will be some sort of an announcement as to the case within the next few days.—The State.

**Dismissed for Hazing.**

Charleston, Nov. 12.—The court-martial made its decision this afternoon in the cases of the eight cadets of the citadel who were tried several days ago for hazing. In spite of the resolution of the cadet corps not to engage in hazing, the cadets in question were charged with practices of the kind and the trial by a court followed.

Col. Bond, the superintendent, stated to-night that three cadets had been dismissed, three will be punished by disciplinary methods of the institution, and two were acquitted. Col. Bond would not furnish the names of the offending cadets, but it is understood from reliable sources that Cadets Passailaigue, Price and Cudd are the boys who have been shipped.

**Why is This?**

Through the action of the chamber of commerce the Southern Railway has been brought to see the advisability of restoring the local fare from Orangeburg to Denmark to the same amount charged by the A. C. L., namely 50 cents. The rate will be reinstated at once.—Orangeburg Sun.
