

The Bamberg Herald

ESTABLISHED APRIL, 1891.

A. W. KNIGHT, Editor.

Published every Thursday in The Herald building, on Main street, in the live and growing City of Bamberg, being issued from a printing office which is equipped with Mergenthaler linotype machine, Babcock cylinder press, folder, one jobber, a fine Miehle cylinder press, all run by electric power, with other material and machinery in keeping, the whole equipment representing an investment of \$10,000 and upwards.

Subscriptions—By the year \$150; six months, 75 cents; three months, 50 cents. All subscriptions payable strictly in advance.

Advertisements—\$1.00 per inch for first insertion, subsequent insertions 50 cents per inch. Legal advertisements at the rates allowed by law. Local reading notices 10 cents a line each insertion. Wants and other advertisements under special head, 1 cent a word each insertion. Liberal contracts made for three, six, and twelve months. Write for rates. Obituaries, tributes of respect, resolutions, cards of thanks, and all notices of a personal or political character are charged for as regular advertising. Contracts for advertising not subject to cancellation after first insertion.

Communications—We are always glad to publish news letters or those pertaining to matters of public interest. We require the name and address of the writer in every case. No article which is defamatory or offensively personal can find place in our columns at any price, and we are not responsible for the opinions expressed in any communication.

Thursday, Oct. 19, 1911.

Read the advertisements in The Herald. The merchants who advertise with us have bargains to offer you. Mention the fact that you saw their ad. in The Herald when buying. It will help you as well as us.

For the first time in its history The Herald appears as a sixteen page paper, and we wish to thank the business men of Bamberg who by their patronage made such a paper possible. Now let our readers show their appreciation of the liberality of these merchants by patronizing our advertisers. We would issue a paper of this size every week if our advertising patronage would warrant it. We'll give a column of reading matter for every column of advertising, or if this proportion did not quite hold good, that is, if we could not get fifty per cent. of our space filled with advertising, we would print a sixteen page paper anyway. All we want is a reasonable amount of ads. You can always be assured that there will be plenty of reading matter in The Herald.

Barnwell Baptist Association.

The Barnwell Baptist Association union meetings will be held at Seiling, Cypress Chapel and Bethany churches Saturday and Sunday, October 28-29, 1911.

PROGRAM.

- Dinner is expected on grounds Saturday, and as we are so much behind on State missions, a liberal contribution is asked for both days.

O. J. FRIER,
B. F. ALLEN,
W. G. BRITTON,
Committee.

Sleep-Talker is Sued.

Chicago, Oct. 15.—Mrs. Anna Brietung, whose dreams find voice in her sleep, has been sued for divorce. For months she talked in her sleep about "Jerry."

Her husband was attentive. He investigated, and discovered "Jerry" to be Jerry Driscoll, a police detective sergeant.

LYNCHING IN ARKANSAS.

Alleged Assailant of Woman Hanged to Telegraph Pole.

Forrest City, Ark., Oct. 16.—Nathan Lacey, a negro, who is charged, attacked Mrs. Thomas Cox at her home, near Forrest City, yesterday, was taken from the local prison to-night by a mob and lynched.

Lacey was captured by a posse early to-day and imprisoned at Forrest City. To-night a mob of several hundred formed and, armed with sledge hammers and crowbars, battered their way to the negro's cell. Lacey was dragged into the open and with a rope about his neck marched to an old brickyard site, a mile from the city, where he was hanged to a telegraph pole. His body was left hanging.

Plot Against President's Life?

San Francisco, Oct. 16.—A report received here to-day by officials of the Southern Pacific Railway Company, from a section foreman of the road at Naples, Cal., gave details of the discovery of 36 sticks of dynamite under the Cairtan Viaduct, 20 miles north of Santa Barbara, several hours before President Taft's special train passed over the bridge, en route to Los Angeles, this morning.

The dynamite was found after the watchman engaged in a revolver battle with two men, who escaped. The dynamite was discovered at 2 o'clock this morning. The president's train passed over the bridge at 5:15.

The night watchman saw two men on the bridge shortly before 2 o'clock. They were at the end of the bridge and ran when told to halt. The watchman hurried after them, firing several shots, which were returned.

After the pair had escaped the watchman returned to the bridge and began an investigation. Nearly off the span, lodged on one of the posts of the viaduct, were 36 stacks of dynamite with a ten-foot fuse attached to one of the sticks. He left the find untouched, going to Santa Barbara and notifying officers.

Sheriff Wines, of Santa Barbara county, went immediately to the bridge, with several deputies and removed the dynamite. A search for the men is on.

Running Too Fast.

"The fall season is here when our main business street is generally crowded with people from the country selling cotton, buying goods, and attending to other business, and we most respectfully submit to city council, without any intention of trying to run the town, that the speed limit for automobiles on the business street be strictly enforced. The present at which machines are run at present is entirely too fast, and the lives of our country friends should be protected. People will not want to come to Bamberg to trade if they are in danger of being run over by automobiles every time they cross the street."

The above is from The Bamberg Herald. We suggest to The Herald that he get the mayor of Bamberg to hand out fines to the speed fiends just as the mayor of Greenwood does, and it will not be a great while before there will be safe and sane running. There is not anything like it. Talk and newspaper articles do not touch the tender spot like a lick at the pocket book does. It brings them down every time.—Greenwood Journal.

Bankrupt Through Graft.

The most remarkable position into which a city has ever fallen is that of the city of Lawrence, Mass. This manufacturing city, with a population of 86,000, finds itself bankrupt; its late mayor, fire marshal and one alderman are in jail; the mayor's secretary has pleaded guilty of bribery, and several other city officials are under indictment for bribery or for stealing from the city.

With the city in this predicament, its leading citizens have joined in a petition to the legislature to give it a commission government of five persons, to be selected by the legislature and to exercise all of the powers of municipal government until a new charter can be adopted.

It is altogether probable that Lawrence has as large a percentage of honest people as any other American city. But evidently the honest citizens of the town were entirely neglectful of their civic duties. No city could pass entirely under the control of a gang of reckless plunderers unless this was the case. The appeal of its people to the legislature to save the city from the consequences of their neglect of civic duties will probably have to be met. It is a confession that the people of the city are incapable of conducting their own municipal affairs.—Seattle Post-Intelligencer.

Hon. James F. Byrnes was the guest of honor at a barbecue at Fair Pond school house on Friday, and his appetite was, they say, eloquent of the excellence of the feast.—Barnwell People.
